COMMISSION REGULATION (EC) No 1926/1999
of 8 September 1999
fixing export refunds on fruit and vegetables

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 2200/96 of 28 October 1996 on the common organisation of the market in fruit and vegetables [1], as last amended by Regulation (EC) No 1257/1999 [2], and in particular Article 35(3) thereof,

(1) Whereas Commission Regulation (EC) No 2190/96 [3], as last amended by Regulation (EC) No 1303/1999 [4], lays down detailed rules on export refunds on fruit and vegetables;

(2) Whereas Article 35(1) of Regulation (EC) No 2200/96, provides that, to the extent necessary for economically significant quantities of the products listed in that Article to be exported, the difference between the international market prices for those products and their prices in the Community may be covered by export refunds;

(3) Whereas Article 35(4) of Regulation (EC) No 2200/96 provides that refunds must be fixed in the light of the existing situation or the outlook for fruit and vegetable prices on the Community market and supplies available on the one hand, and prices on the international market on the other hand; whereas account must also be taken of the costs referred to in Article 35(4)(b) of that Regulation and of the economic aspect of the exports planned;

(4) Whereas, pursuant to Article 35(1) of Regulation (EC) No 2200/96, refunds are to be set with due regard to the limits resulting from agreements concluded in accordance with Article 300 of the Treaty;

(5) Whereas, in accordance with Article 35(5) of Regulation (EC) No 2200/96, prices on the Community market are to be established in the light of the most favourable prices from the export standpoint; whereas international trade prices are to be established in the light of the prices referred to in the second subparagraph of that paragraph;

(6) Whereas the international trade situation or the special requirements of certain markets may call for the refund on a given product to vary according to its destination;

(7) Whereas tomatoes, lemons, oranges, apples and peaches and nectarines of classes Extra, I and II of the common quality standards, table grapes of class Extra and I, shelled almonds, hazelnuts and walnuts in shell can currently be exported in economically significant quantities;

(8) Whereas the application of the abovementioned rules to the present and forecast market situation, and in particular to fruit and vegetable prices in the Community and international trade, gives the refund rates set out in the Annex hereto;

(9) Whereas, pursuant to Article 35(2) of Regulation (EC) No 2200/96, the resources available should be used as efficiently as possible while avoiding discrimination between traders; whereas, therefore, care should be taken not to disturb the trade flows previously induced by the refund arrangements; whereas, for those reasons and because of the seasonal nature of exports of fruit and vegetables, quotas should be fixed for each product;

(10) Whereas Commission Regulation (EEC) No 3846/87 [5], as last amended by Regulation (EC) No 1230/1999 [6], establishes an agricultural product nomenclature for export refunds;

(11) Whereas Commission Regulation (EEC) No 3719/88 [7], as last amended by Regulation (EC) No 1127/1999 [8], lays down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products;

(12) Whereas, owing to the market situation, in order to make the most efficient use of the resources available and given the structure of Community exports, the most appropriate method should be selected for export refunds on certain products and certain destinations and consequently refunds under the A1 and A2 licence arrangements referred to in Article 1 of Regulation (EC) No 2190/96 should not be fixed simultaneously for the export period in question;

(13) Whereas the quantities laid down for the various products should be distributed in accordance with the different systems for the grant of the refund, taking account in particular of their perishability;

(14) Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:
