COMMISSION REGULATION (EC) No 2781/1999

of 27 December 1999

opening and providing for the administration of a Community tariff quota for 2000 for products falling within CN codes 0714 10 10, 0714 10 91 and 0714 10 99 originating in Thailand

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1095/96 of 18 June 1996 on the implementation of the concessions set out in Schedule CXL drawn up in the wake of the conclusion of the GATT XXIV.6 negotiations [1], and in particular Article 1(1) thereof,

Whereas:

(1) during the World Trade Organisation multilateral trade negotiations, the Community undertook to open a tariff quota restricted to 21 million tonnes of products falling within CN codes 0714 10 10, 0714 10 91 and 0714 10 99 originating in Thailand per four-year period, with customs duty reduced to 6 %. This quota must be opened and administered by the Commission;

(2) it is necessary to keep an administration system which ensures that only products originating in Thailand may be imported under the quota. The issue of an import licence should therefore continue to be subject to the presentation of an export certificate issued by the Thai authorities, a specimen of which has been notified to the Commission;

(3) since imports to the Community market of the products concerned have traditionally been administered on the basis of a calendar year this system should be retained. It is therefore necessary to open a quota for 2000;

(4) the import of products covered by CN codes 0714 10 10, 0714 10 91 and 0714 10 99 is subject to the presentation of an import licence for which the common detailed rules of application are laid down in Commission Regulation (EEC) No 3719/88 [2], as last amended by Regulation (EC) No 1127/1999 [3]. Commission Regulation (EC) No 1162/95 [4], as last amended by Regulation (EC) No 1432/1999 [5], lays down the special detailed rules for the application of the system of licences for cereals and rice;

(5) in light of past experience and taking into account that the Community concession provides for an overall quantity for four years with an annual maximum of 5 500 000 tonnes, it is advisable to maintain measures which, under certain conditions, either facilitate the release for free circulation of quantities of products exceeding those given in the import licences, or allow the difference between the figure given in the import licences and the smaller figure actually imported to be carried forward;

(6) in order to ensure the correct application of the agreement, it is necessary to establish a system of strict and systematic controls that take account of the information given on the Thai export certificates and the Thai authorities' procedures for issuing export certificates;

(7) the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

1. Import licences

Article 4

1. Applications for an import licence for products falling within CN codes 0714 10 10, 0714 10 91 and 0714 10 99 originating in Thailand shall be submitted to the competent authorities in the Member States accompanied by the original of the export certificate. The original of the said export certificate shall be retained by the body which issues the import licence. However, where the application for an import licence relates to only a part of the quantity indicated on the export certificate, the issuing body shall indicate on the original the quantity for which the original was used and, after affixing its stamp, shall return the original to the party concerned.

Only the quantity indicated under 'shipped weight' on the export certificate shall be taken into consideration for the issue of the import licence.

2. Where it is found that the quantities actually unloaded in a given consignment are greater than the total figuring on the import licence or licences issued for this consignment, the competent authorities who issued the import licence or licences concerned shall, at the request of the importer, communicate to the Commission by telex or fax, case by case and as soon as possible, the number or numbers of the Thai export certificates, the number or numbers of the import licences, the excess quantity concerned and the name of the cargo vessel.

The Commission shall contact the Thai authorities so that new export certificates may be drawn up. Until the new certificates have been drawn up, the excess quantities may not be released for free circulation under the conditions laid down in this Regulation as long as new import licences for the quantities in question cannot be presented. New import licences shall be issued under the conditions laid down in Article 7.

3. However, by way of derogation from paragraph 2, where it is found that the quantities actually unloaded in the case of a given delivery do not exceed by more than 2 % the quantities covered by the import licence or licences presented, the competent authorities of the Member State of release for free circulation shall, at the importer's request, authorise the release for free circulation of the surplus quantities in return for payment of a customs duty with a ceiling of 6 % *ad valorem* and the lodging by the importer of a security of an amount equal to the difference between the duty laid down in the Common Customs Tariff and the duty paid.

When the Commission receives the information referred to in the first subparagraph of paragraph 2, it shall contact the Thai authorities so that new export certificates may be drawn up.

The security shall be released upon presentation to the competent authorities of the Member State of release for free circulation of an additional import licence for the quantities concerned. Application for that licence does not entail an obligation to lodge the security for, a licence referred to in Article 14(2) of Regulation (EEC) No 3719/88 or Article 5 of this Regulation., The licence shall be issued under the conditions laid down in Article 7 and upon presentation of one or more new export certificates issued by the Thai authorities. The additional import licence shall contain in box 20 one of the following entries:

— Certificado complementario, apartado 3 del artículo 4 del Reglamento (CE) nº 2781/1999

— Supplerende licens, forordning (EF) nº 2781/1999, artikel 4 stk. 3

— Kompletterande licens, artikel 4.3 i förordning (EG) nr 2781/1999.

Except in cases of *force majeure*, the security shall be forfeit for quantities for which an additional import licence is not presented within a period of four months from the date of acceptance of the declaration of release for free circulation referred to in the first subparagraph. It shall be forfeit in particular for quantities for which the additional import licence has not been issued pursuant to Article 7(1).

After the competent authority has entered the quantity on the additional import licence and authenticated the entry, and the security provided for in the first subparagraph is released, the licence shall be sent to the issuing body as soon as possible.

4. Applications for licences may be submitted in all Member States and licences issued shall be valid throughout the Community.

The fourth indent of Article 5(1) of Regulation (EEC) No 3719/88 shall not apply to imports carried out under this Regulation.
