COMMISSION REGULATION (EC) No 1102/2000

of 25 May 2000

amending Regulation (EC) No 1375/1999 establishing a forecast balance and fixing the amount of aid for the supply to the Canary Islands of beef and veal sector products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1601/92 of 15 June 1992 concerning specific measures for the Canary Islands with regard to certain agricultural products [1], as last amended by Regulation (EC) No 1257/1999 [2], and in particular Article 3(4) thereof,

Whereas:

(1) The quantities of the forecast supply balance for beef and veal for the Canary Islands were fixed in Commission Regulation (EC) No 1375/1999 [3]. 85 % of the quantities laid down were used during the first nine months of the period 1 July 1999 to 30 June 2000.

(2) To ensure supplies to the Canary Islands market up until the end of that period, the quantities originally laid down for fresh meat should be increased by reducing those laid down for frozen meat.

(3) Application of the criteria for fixing the amount of Community aid to the current market situation in the sector in question, and in particular to the quotations and prices for those products in the European part of the Community and on the world market, gives rise to aid for the supply of the Canary Islands with products from the beef and veal sector at the levels fixed in the Annex hereto.

(4) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:
