COMMISSION REGULATION (EC) No 1289/2000

of 19 June 2000

determining, for the 2000 marketing year, the estimated loss of income and the estimated level of premium payable per ewe and per female goat and fixing the first advance payment for this premium and an advance payment of the specific aid for sheep and goat farming in certain less favoured areas of the Community

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 2467/98 of 3 November 1988 on the common organisation of the market in sheepmeat and goatmeat [1], and in particular Article 5(6) thereof,

Having regard to Council Regulation (EEC) No 1601/92 of 15 June 1992 concerning specific measures for the Canary Islands with regard to certain agricultural products [2], as last amended by Regulation (EC) No 1257/1999 [3], and in particular Article 13 thereof,

Whereas:

(1) Article 5(1) and (5) of Regulation (EC) No 2467/98 provides for the grant of a premium to compensate for any loss of income sustained by producers of sheepmeat and, in certain areas, of goatmeat. Those areas are defined in Annex I to Regulation (EC) No 2467/98 and in Article 1 of Commission Regulation (EC) No 2738/1999 of 21 December 1999 determining the mountain areas in which the premium for goatmeat is granted [4].

(2) Pursuant to Article 5(6) of Regulation (EC) No 2467/98 and to enable an advance payment to be made to sheepmeat and goatmeat producers, the foreseeable loss of income should be estimated in the light of the foreseeable trend in market prices.

(3) Pursuant to Article 5(2) of Regulation (EC) No 2467/98, the amount of the premium per ewe for producers of heavy lambs is obtained by multiplying the loss of income referred to in the second subparagraph of paragraph 1 of that Article by a coefficient expressing the annual average production of heavy lamb meat per ewe producing these lambs expressed by 100 kg of carcase weight. The coefficient for 2000 has not yet been fixed in view of the lack of full Community statistics. Pending the fixing of that coefficient, a provisional coefficient should be used. Article 5(3) of that Regulation also fixes the amount per ewe for producers of light lambs and per female of the caprine species and at 80 % of the premium per ewe for producers of heavy lambs.

(4) Pursuant to Article 13 of Regulation (EC) No 2467/98, the premium must be reduced by the impact on the basic price of the coefficient provided for in paragraph 2 of that Article. That coefficient is fixed by Article 13(4) at 7 %.

(5) In accordance with Article 5(6) of Regulation (EC) No 2467/98, the half-yearly advance payment is fixed at 30 % of the expected premium. In accordance with Article 4(3) of Commission Regulation (EEC) No 2700/93 [5], as last amended by Regulation (EC) No 1410/1999 [6], the advance payment is to be paid only if it is equal to or greater than EUR 1.

(6) Under Council Regulation (EEC) No 1323/90 [7], as last amended by Regulation (EC) No 193/98 [8], the Council instituted specific aid for sheep and goat farming in certain less-favoured areas of the Community. It lays down that the aid is to be granted under the same conditions as those for the grant of the premium for producers of sheepmeat and goatmeat. In view of the present uncertainty of the market situation in certain Member States, the Member States should be authorised, for the 2000 marketing year, to pay immediately an amount equal to 90 % of the aid.

(7) Regulation (EEC) No 1601/92 provides for the application of specific measures relating to agricultural production in the Canary Islands. Those measures entail the grant of a supplement to the ewe premium to producers of light lambs and she-goats on the same conditions as those governing the grant of the premium referred to in Article 5 of Regulation (EC) No 2467/98. Those conditions provide that Spain is authorised to pay an advance on the said supplementary premium.

(8) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sheep and Goats,

HAS ADOPTED THIS REGULATION:
