of 31 July 2000

establishing certain concessions in the form of Community tariff quotas for certain agricultural products and providing for an adjustment, as an autonomous and transitional measure, of certain agricultural concessions provided for in the Europe Agreement with Hungary

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 133 thereof,

Having regard to the proposal from the Commission,

Whereas:

(1) The Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Hungary, of the other part [1], provides for further concessions for certain agricultural products originating in Hungary.

(2) Improvements to the preferential agreements of the Europe Agreement with Hungary were provided for in the Protocol for the adaptation of the trade aspects of the Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Hungary, of the other part, to take into account the accession of the Republic of Austria, the Republic of Finland and the Kingdom of Sweden to the European Union and the results of the agricultural negotiations of the Uruguay Round including the improvements of the existing preferential regime [2]. The Council approved the abovementioned Protocol on behalf of the Community by Council Decision 1999/67/EC [3].

(3) In accordance with the directives adopted by the Council on 30 March 1999, the Commission and the Republic of Hungary concluded on 14 April 2000 negotiations on a new Additional Protocol to the Europe Agreement.

(4) The new Additional Protocol, which provides for additional agricultural concessions, will be based on Article 20(5) of the Europe Agreement, establishing that the Community and Hungary are to examine in the Association Council, product by product and on an ordely and reciprocal basis, the possibility of granting each other further concessions.

(5) A swift implementation of the adjustments forms an essential part of the results of the negotiations for the conclusion of a new Additional Protocol to the Europe Agreement with Hungary.

(6) It is therefore appropriate to provide for the adjustment, as an autonomous and transitional measure, of the agricultural concessions provided for in the Europe Agreement with Hungary.

(7) The Republic of Hungary will make all useful legislative provisions, on an autonomous and transitional basis, in order to enable a rapid and simultaneous implementation of the adaptation of the agricultural concessions of the Republic of Hungary provided for in the Europe Agreement.

(8) The measures necessary for the implementation of this Regulation should be adopted in accordance with Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission [4].
