COMMISSION REGULATION (EC) No 2019/2000

of 25 September 2000

amending Regulation (EC) No 1701/2000 opening an invitation to tender for the refund for the export of common wheat to all third countries

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organisation of the market in cereals [1], as last amended by Regulation (EC) No 1666/2000 [2],

Having regard to Commission Regulation (EC) No 1501/95 of 29 June 1995 laying down certain detailed rules for the application of Council Regulation (EEC) No 1766/92 on the granting of export refunds on cereals and the measures to be taken in the event of disturbance on the market for cereals [3], as last amended by Regulation (EC) No 2513/98 [4], and in particular Article 4 thereof,

Whereas:

(1) Commission Regulation (EC) No 2014/2000 [5], opens an invitation to tender relating to the export of common wheat to certain ACP States. The destinations laid down in Commission Regulation (EC) No 1701/2000 [6] should therefore be amended.

(2) Commission Regulation (EC) No 800/1999 of 15 April 1999 laying down common detailed rules for the application of the system of export refunds on agricultural products [7], as last amended by Regulation (EC) No 1557/2000 [8], requires that, where refunds vary according to destination, payment of the refund be made conditional, *inter alia*, on presentation of proof that the product has been imported in its unaltered state into the third country or into one of the third countries for which the refund applies. That proof is required under the invitation to tender opened by Regulation (EC) No 2014/2000 for exports of common wheat to certain ACP States. Exports to other third countries, under the invitation to tender opened by Regulation (EC) No 1701/2000 are carried out under less favourable conditions. The risk of fraud is therefore small. In order to avoid obstructing these exports to other third countries, proof of arrival should not be required. Certificates drawn up by the competent authorities of the Member States stating that the products have left the territory of the Community on board a vessel suitable for sea transport may be considered to provide a sufficient guarantee.

(3) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,
