THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1254/1999 of 17 May 1999 on the common organisation of the market in beef and veal [1], and in particular Article 32(1) thereof,

Having regard to Council Regulation (EC) No 2475/2000 of 7 November 2000 establishing certain concessions in the form of Community tariff quotas for certain agricultural products and providing for an adjustment, as an autonomous and transitional measure, of certain agricultural concessions provided for in the Europe Agreement with Slovenia [2], and in particular Article 1(3) thereof,

Whereas:

(1) Regulation (EC) No 2475/2000 provides for the opening of a reduced-tariff quota for beef and veal. Detailed rules for the application of that quota should be laid down on a multiannual basis for 12-month periods beginning on 1 January, hereinafter referred to as 'years of importation'. For that purpose, the annual provisions used in the past for that quota should be followed.

(2) To ensure orderly importation of the quantities laid down, they should be staggered.

(3) The arrangements should be managed using import licences. To that end rules should be laid down on the submission of applications and the information to be given on applications and licences, where appropriate, by derogating from or supplementing Commission Regulation (EC) No 1291/2000 of 9 June 2000 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products [3] and Commission Regulation (EC) No 1445/95 of 26 June 1995 on rules of application for import and export licences in the beef and veal sector and repealing Regulation (EEC) No 2377/80 [4], as last amended by Regulation (EC) No 1659/2000 [5]. Provision should also be made to issue these licences after a period of consideration and subject, where applicable, to a uniform percentage reduction.

(4) In view of the risk of speculation inherent in these arrangements for beef and veal, clear conditions should be laid down as regards access by operators. Verification of the above conditions requires that applications be submitted in the Member State in which the importer is listed in the VAT register.

(5) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,
