COMMISSION REGULATION (EC) No 512/2000
of 9 March 2000
determining the world market price for unginned cotton and the rate for the aid

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to the Act of Accession of Greece, and in particular paragraphs 3 and 10 of Protocol 4 on cotton, as last amended by Council Regulation (EC) No 1553/95 [1],

Having regard to Council Regulation (EC) No 1554/95 of 29 June 1995 [2] laying down general rules for the system of aid for cotton and repealing Regulation (EEC) No 2169/81, as last amended by Regulation (EC) No 1419/98 [3], and in particular Articles 3, 4 and 5 thereof,

Whereas:

(1) Article 3 of Regulation (EC) No 1554/95 requires a world market price for unginned cotton to be periodically determined from the world market price determined for ginned cotton, using the historical relationship between the two prices as specified in Article 1(2) of Commission Regulation (EEC) No 1201/89 of 3 May 1989 laying down rules for implementing the system of aid for cotton [4], as last amended by Regulation (EC) No 1624/1999 [5]. If it cannot be determined in this way it is to be based on the last price determined.

(2) Article 4 of Regulation (EC) No 1554/95 requires the world market price for ginned cotton to be determined for a product of specific characteristics using the most favourable offers and quotations on the world market of those considered representative of the real market trend. To this end an average is to be calculated of offers and quotations on one or more European exchanges for a cif product to a North European port from the supplier countries considered most representative as regards international trade. These rules for determination of the world market price for ginned cotton provide for adjustments to reflect differences in product quality and the nature of offers and quotations; whereas these adjustments are specified in Article 2 of Regulation (EEC) No 1201/89.

(3) The world market price for unginned cotton has been affected by major disturbance since it was last determined; pursuant to the second subparagraph of Article 1(1) of Commission Regulation (EC) No 1201/89, the Commission should change it accordingly without delay.

(4) Application of the above rules gives the world market price for unginned cotton indicated hereunder.

(5) The second subparagraph of Article 5(3a) of Regulation (EC) No 1554/95 stipulates that the advance payment rate for the aid is to be the guide price less the world market price and less a further amount calculated by the formula applicable when the guaranteed maximum quantity based on the revised production estimate for unginned cotton plus at least 7,5 %. Commission Regulation (EC) No 2606/1999 [6] fixes the production estimate for the 1999/2000 marketing year, and the relevant percentage increase. The application of this method results in the fixing of the advance payment rate for each Member State at the levels set out below,
