## establishing the supply balance for the Azores and Madeira with products from the eggs and poultrymeat sectors and amending Regulation (EEC) No 1726/92

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1600/92 of 15 June 1992 introducing specific measures for the Azores and Madeira concerning certain agricultural products [1], as last amended by Regulation (EC) No 2826/2000 [2], and in particular Article 10 thereof,

Whereas:

(1) Commission Regulation (EEC) No 1726/92 [3], as last amended by Regulation (EC) No 1304/2000 [4], fixes for the period 1 July 2000 to 30 June 2001 the quantities of breeding material originating in the Community which benefit from an aid with a view to developing the potential for production in the Azores and Madeira. These quantities should be determined for the egg and the poultrymeat sectors for the period 1 July 2001 to 30 June 2002, taking account of local production and traditional trade flows and ensuring that the proportion of products supplied from the Community is preserved.

(2) The fact that the Community aid is fixed in the light of the present situation on the market for the products in question and in particular of the prices for such products in the European part of the Community and on the world market results in the aid for the supply of egg and poultrymeat to the Azores and Madeira being fixed at the amounts given in the Annex.

(3) Pending the entry into force of the reform of the specific supply arrangements and in order to avoid any break in the application of the specific supply arrangements in force, the supply balance should be established for the period 1 July to 31 December 2001.

(4) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Eggs and Poultrymeat,
