COMMISSION REGULATION (EC) No 1365/2002

of 26 July 2002

amending Regulation (EC) No 21/2002 as regards the forecast supply balances for the French overseas departments for the cereal sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1452/2001 of 28 June 2001 introducing specific measures for certain agricultural products for the French overseas departments, amending Directive 72/462/EEC and repealing Regulations (EEC) No 525/77 and (EEC) No 3763/91 (Poseidom) [1], and in particular Article 3(6) thereof,

Whereas:

(1) Part 1 of Annex I to Commission Regulation (EC) No 21/2002 of 28 December 2001 establishing the supply balances and Community aid for the outermost regions under Council Regulations (EC) No 1452/2001, (EC) 1453/2001 and (EC) No 1454/2001 [2], as last amended by Regulation (EC) No 1291/2002 [3], lays down the forecast supply balances and fixes the Community aid for cereals and cereal products for the French overseas departments in accordance with Regulation (EC) No 1452/2001.

(2) In the case of common wheat, the forecast supply balance provides for an annual quantity of 40 000 tonnes for Guadeloupe and 2 000 tonnes for Martinique. The current level of implementation of the specific supply arrangement indicates that the quantities set for Martinique are below the requirements of this region. The quantities set for Guadeloupe are at present sufficient to meet that region's requirements.

(3) Thus, by letter dated 13 June 2002, the French authorities submitted a request for a transfer of 10 000 tonnes from the balance for Guadeloupe to the balance for Martinique in order to meet the legitimate supply needs of the latter.

(4) As a result, the distribution of the quantities of common wheat originally laid down in the supply balances for these two islands should be amended and the requested transfer carried out.

(5) Regulation (EC) No 21/2002 should therefore be amended accordingly.

(6) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:
