COUNCIL REGULATION (EC) No 1408/2002

of 29 July 2002

establishing concessions in the form of Community tariff quotas for certain agricultural products and providing for an adjustment, as an autonomous and transitional measure, of certain agricultural concessions provided for in the Europe Agreement with Hungary

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 133 thereof,

Having regard to the proposal from the Commission,

Whereas:

(1) The Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Hungary, of the other part [1], provides for certain concessions for certain agricultural products originating in Hungary.

(2) The first improvements to the preferential arrangements of the Europe Agreement with Hungary were provided for in the Protocol adapting trade aspects of the Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Hungary, of the other part, to take into account the accession of the Republic of Austria, the Republic of Finland and the Kingdom of Sweden to the European Union and the results of the Uruguay Round negotiations on agriculture, including the improvements to the existing preferential regime, approved by Decision 1999/67/EC [2].

(3) Improvements to the preferential arrangements of the Europe Agreement with Hungary were also provided for as a result of a first round of negotiations to liberalise the agricultural trade. The improvements entered into force as from 1 July 2000 in the form of Council Regulation (EC) No 1727/2000 of 31 July 2000 establishing certain concessions in the form of Community tariff quotas for certain agricultural products and providing for an adjustment, as an autonomous and transitional measure, of certain agricultural concessions provided for in the Europe Agreement with Hungary [3]. The second adjustment of the relevant provisions in the Europe Agreement, which will take the form of another Additional Protocol to the Europe Agreement, has not yet entered into force.

(4) A new Additional Protocol to the Europe Agreement on trade liberalisation for agricultural products has been negotiated.

(5) A swift implementation of the adjustments forms an essential part of the results of the negotiations for the conclusion of a new Additional Protocol to the Europe Agreement with Hungary. It is therefore appropriate to provide for the adjustment, as an autonomous and transitional measure, of the agricultural concessions provided for in the Europe Agreement with Hungary.

(6) Regulation (EC) No 1727/2000 should therefore be repealed.

(7) Commission Regulation (EEC) No 2454/93 of 2 July 1993 laying down provisions for the implementation of Council Regulation (EEC) No 2913/92 establishing the Community Customs Code [4] has codified the management rules for tariff quotas designed to be used following the chronological order of dates of customs declarations. Tariff quotas under this Regulation should therefore be administered in accordance with those rules.

(8) The measures necessary for the implementation of this Regulation should be adopted in accordance with Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission [5],

HAS ADOPTED THIS REGULATION:

2. (1) Notwithstanding the rules for the interpretation of the Combined Nomenclature, the wording of the description of the products is to be considered as having no more than indicative value, the preferential scheme being determined, within the context of this Annex, by the coverage of the CN code. In case imports into the Community of live bovine animals may exceed 500 000 heads for any given year, the Community may take the management measures to protect its market, not withstanding any other rights given under the Agreement.

- three additional stages (14 %, 16 % and 18 %) are herewith introduced for the period 15 February to 31 March, which have to be used before the application of the full specific duty as mentioned in the Combined Nomenclature,

In the case of a customs declaration value being lower than the minimum import price, a countervailing duty will be charged equal to the difference between the minimum import price and the customs declaration value.

3. If the import prices of a given product covered by this Appendix show a trend suggesting that the prices could go below the level of the minimum import prices in the immediate future, the European Commission will inform the Hungarian authorities in order to enable them to correct the situation.

4. At the request of either the Community or Hungary, the Association Committee shall examine the functioning of the system or the revision of the level of the minimum import prices. If appropriate, the Association Committee shall take the necessary decisions.

5. To encourage and promote the development of trade and for the mutual benefit of all parties concerned, a consultation meeting may be organised three months before the beginning of each marketing year in the European Community. This consultation meeting will take place between the European Commission and the interested European producers' organisations for the products concerned, on the one part and the authorities', producers' and exporters' organisations of all the associated exporting countries, on the other part.

   During this consultation meeting, the market situation for soft fruit including, in particular, forecasts for production, stock situation, price evolution and possible market development, as well as possibilities to adapt supply to demand, will be discussed.
