COMMISSION REGULATION (EC) No 1948/2003

of 4 November 2003

amending Regulation (EC) No 174/1999 as regards export licences and export refunds for cheese intended for Croatia and Russia, and derogating from that Regulation

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1255/1999 of 17 May 1999 on the common organisation of the market in milk and milk products [1], as last amended by Regulation (EC) No 1787/2003 [2], and in particular Article 26(3) and Article 31(14) thereof,

Whereas:

(1) In order to permit special measures differentiated according to destination to be adopted, Article 15 of Commission Regulation (EC) No 174/1999 of 26 January 1999 laying down special detailed rules for the application of Council Regulation (EEC) No 804/68 as regards export licences and export refunds in the case of milk and milk products [3], as last amended by Regulation (EC) No 1392/2003 [4], stipulates that licences for cheese exports are to be issued for one destination zone only and are valid only for the countries in that zone.

(2) Under the provisions of Article 15(3) of Regulation (EC) No 174/1999 Croatia is one of the destination countries in zone I. In order to stabilise trade flows in cheese to that country Commission Regulation (EC) No 951/2003 [5] lays down special measures including a restriction on the period of validity of export licences. For the purpose of following market developments more closely, Croatia should be made a separate zone so that special measures can be taken for that destination. In addition, so as not to jeopardise the effectiveness of the measures the period of validity of the export licences issued for the destination Croatia should be limited.

(3) Under the same provisions, Russia is one of the destination countries in zone VI. In view of the development of exports and export licence applications for cheese to Russia, that country should be made a separate zone so that special measures can be taken for that destination.

(4) Regulation (EC) No 174/1999 should be amended and derogated from accordingly, and Regulation (EC) No 951/2003 should be repealed.

(5) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,
