COMMISSION REGULATION (EC) No 1213/2007

of 17 October 2007

reducing, for the 2007/2008 marketing year, the amount of aid to producers of certain citrus fruits following an overrun of the processing threshold in certain Member States

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 2202/96 of 28 October 1996 introducing a Community aid scheme for producers of certain citrus fruits [1], and in particular Article 6 thereof,

Whereas:

(1) Article 5(1) of Regulation (EC) No 2202/96 establishes a Community processing threshold for certain citrus fruits, distributed among the Member States in accordance with Annex II thereto.

(2) Article 5(2) of Regulation (EC) No 2202/96 provides that when this threshold is overrun the amounts of aid indicated in Annex I thereto are to be reduced in each Member State in which the threshold has been overrun. The overrun of the processing threshold is assessed on the basis of the average quantities processed under the aid scheme during the three marketing years preceding the marketing year for which the aid is to be fixed, or during an equivalent period.

(3) The Member States have communicated the quantities of oranges processed under the aid scheme in accordance with Article 39(1)(c) of Commission Regulation (EC) No 2111/2003 which lays down detailed rules for the application of Regulation (EC) No 2202/96 [2]. Based on this information, it has been established that the Community processing threshold has been overrun by 376 023 tonnes. Within that overrun, Italy, Greece and Portugal have overrun their threshold. The amounts of aid for oranges indicated in Annex I to Regulation (EC) No 2202/96 for the 2007/2008 marketing year should therefore be reduced by 55,91 % in Italy, 8,34 % in Greece and 52,88 % in Portugal.

(4) The Member States have communicated the quantities of small citrus fruits processed under the aid scheme in accordance with Article 39(1)(c) of Regulation (EC) No 2111/2003. Based on this information, it has been established that the Community processing threshold has been overrun by 104 734 tonnes. Within that overrun, Italy, Spain, Portugal and Cyprus have overrun their threshold. The amounts of aid for mandarins, clementines and satsumas indicated in Annex I to Regulation (EC) No 2202/96 for the 2007/2008 marketing year should therefore be reduced by 62,30 % in Italy, 12 % in Spain for small citrus fruits for processing into juice, 80,66 % in Portugal and 53,27 % in Cyprus.

(5) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Products Processed from Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:
