EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order amends the Export of Goods (Control) (Consolidation) Order, 1952.

The principal amendments are as follows:—

(1) Licences are now required for all destinations for non ferrous welding electrodes, germanium and its compounds, lithium and its compounds, calcium carbide, certain compounds containing deuterium, fluorine, vanadium compounds and specified scientific apparatus.

(2) Licences are now required for specified casting machines, certain heater return bends and headers, specified railway flat wagons, recording oscillographs, optical and radiation type pyrometers for all destinations other than those specified in Part II of the Third Schedule excluding Hong Kong.

(3) Acetone may now be exported without licence to any of the destinations specified in Part II of the Third Schedule other than Hong Kong.

(4) Licences are not now required, except for exports to China, Hong Kong and Tibet, for certain foodstuffs, specified oils, glue, gelatine and size, illipe nuts, rice starch, aluminium paste, hosiery needles, certain types of cork, herring barrels, specified bags and sacks, some types of paper and paper board, certain animal hairs, flax, undressed leather, soles and heels, scrap and waste leather (except wholly or partly of chrome-tanned leather), certain types of accumulators and specified chemicals.
