EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order prescribes the rates of export rebate applicable to goods exported on or after 1st January 1967. It revokes the existing rates of rebate except for goods exported before 1st January 1967. The new rates are based on the latest available information, taking into account the surcharge on the duty on hydrocarbon oils and on purchase tax imposed by the Surcharge on Revenue Duties Order 1966. Goods to which the new rates are applicable are to be classified by reference to the Export List 1967.
