EXPLANATORY NOTE

(*This Note is not part of the Regulations.*)

These Regulations specify increased prescribed amounts for the purposes of section 2 of the Family Income Supplements Act 1970 ("the 1970 Act") and increased maximum weekly rates of family income supplement payable under that Act, replacing those set out in the Family Income Supplements (Computation) Regulations 1982 which are revoked. Under sections 2 and 3 of the 1970 Act a family income supplement is calculated by reference to the amount by which the family's resources falls short of the prescribed amount but is not to exceed a maximum specified in regulations. Under these regulations—

(*a*) the amount prescribed for the purposes of section 2 of the 1970 Act for a family is raised from £82.50 plus £9.00 for any child additional to the first to £85.50 plus £9.50 for any such child; and

(*b*) the maximum weekly rate of family income supplement is raised from £21.00 to £22.00. The addition of £2 for any child additional to the first remains unchanged.
