This scheme made by the Minister of Agriculture and Fisheries and the Secretary of State for Scotland, with the approval of the Treasury, relates to England, Wales and Scotland and provides for the payment of contributions in respect of nitrogenous and phosphatic fertilisers to occupiers of agricultural land. The fertilisers have to be delivered during the period beginning on 1st July, 1952, and ending on 30th June, 1954, and there is provision for the payment of contributions to associations of farmers, allotment holders and other similar bodies who buy fertilisers in bulk for re-distribution to their members. The scheme also contains consequential provisions about the time within which, and the manner in which, applications may be made and prescribes the minimum quantity of fertilisers for which contributions will be payable.
