EXPLANATORY NOTE

(This Note is not part of the Scheme.)

The Hill Cattle (Breeding Herds) (England and Wales) Scheme 1964 (S.I. 1964/735) specifies, in respect of the years 1964 to 1967, the conditions subject to which subsidy payments may be paid in respect of " hill cattle " grazed on " hill land " as these terms are respectively defined in the Scheme.

This Scheme amends the 1964 Scheme, with effect in 1965 and subsequent years, by altering the stocking ratio from one cow for every six acres of hill land to one cow for every five acres, and prohibiting payment on the excess.
