This Order amends the present scheme for the allowance of drawback of Customs duty paid on

(*b*) imported veneers

used in the manufacture of certain sewing machine woodwork which is exported or shipped as stores.

To meet altered conditions, the rate of drawback for veneers so used is increased from 5s. 9d. to 7s. 6d. per cubic foot, and amendments are made to the quantities of imported materials to be taken into account in calculating the drawback payable on the articles exported.
