SCHEDULE.

1. Drawback as respects duties chargeable under Part I of the Import Duties Act, 1932(a), shall be allowed in the case of goods of the following class or description, that is to say—

drained, glacé or crystallised cherries (whether in syrup or not)

in respect of the following material used in their manufacture, that is to say—

stoned cherries preserved by chemicals (other than cherries preserved in sugar).

2. Subject to subsection (4) of section nine of the Finance Act, 1932 (which confines drawback to duty-paid material), the drawback shall be allowed in respect of nine-tenths of a hundredweight of the material aforesaid for every hundredweight of the goods, exclusive of the syrup (if any) in which they are contained, being the average quantity of the material used by manufacturers generally in the manufacture of the goods.

3. The rate of drawback shall be 10s. 6d. per cwt. of the material.

4. In the case of fractions of a hundredweight, the quantity of the material in respect of which drawback may be allowed, and the amount of the drawback, shall be calculated proportionately.

5. The drawback shall only be allowed in respect of material of which entry under the Customs Acts on importation is or has been delivered on or after the first day of June, nineteen hundred and forty-two, or which is or has been delivered from bonded warehouse on or after that date.

EXPLANATORY NOTE

(This Note does not form part of the Order, but is intended to indicate its general purport.)

This Order increases from 9s. 6d. per cwt. to 10s. 6d. per cwt. the rate of drawback of customs duty allowed in respect of certain imported stoned cherries used in the manufacture of drained, glacé or crystallised cherries, when the manufactured articles are exported or shipped as stores. The Order revokes the earlier Order and amending Orders under which the drawback was previously allowed.

The drawback previously allowed in respect of imported unstoned cherries so used is discontinued by the Order.

Dennis Vosper,
Two of the Lords Commissioners of Her Majesty's Treasury.

SCHEDULE

In the scheme set out in the Schedule to the Import Duties (Drawback) (No. 16) Order, 1951(c) (which provides for drawback to be allowed in the case of tyres in respect of certain wire used in their manufacture), there shall be made the following amendments:—

(*a*) in paragraph 1 for the words "multiple strand steel wire of a value at importation of not less than 2s. 9d. per lb." there shall be substituted the words "multiple strand steel wire of a value at importation of not less than 3s. 3d. per lb.";

(*b*) in paragraph 3 for the words "The rate of drawback shall be 11d. for every pound weight of the material" there shall be substituted the words "The rate of drawback shall be 1s. 2d. for every pound weight of the material".

EXPLANATORY NOTE

(This Note does not form part of the Order, but is intended to indicate its general purport.)

Drawback of customs duty has hitherto been allowed in respect of imported multiple strand steel wire used in the manufacture of tyres which are exported, provided that the value at importation of the wire is not less than 2s. 9d. per lb.

This Order restricts the allowance of drawback to wire valued at importation at not less than 3s. 3d. per lb., but increases the rate of drawback payable from 11d. to 1s. 2d. per lb. of wire.
