EXPLANATORY NOTE

(This Note is not part of the Order.)

Following a Classification Opinion of the Customs Cooperation Council, certain parts of glass envelopes for cathode ray tubes, hitherto classified in subheading 85.21(B) of the customs tariff, now become classifiable under heading 70.21. This Order introduces a new subheading in that heading for the parts concerned, and prescribes the same rate of import duty (20% ad valorem, full rate) as that chargeable on the parts when classified in subheading 85.21(B).
