EXPLANATORY NOTE

(*This Note does not form part of the Order.*)

This Order provides that the goods listed in Schedule 1 shall be temporarily exempted from import duty, and those listed in Schedule 2 shall continue to be exempted from import duty, until 31st December 1965, unless a shorter period is indicated against any item.

The common form provision in Article 1(3) contains additional words in consequence of the special note to Chapter 29 of the Tariff inserted by the Import Duties (General) (No. 2) Order 1965 [S.I. 1965/700]. These additional words make clear that the temporary exemption is confined to the listed chemicals and does not extend to their derivatives. Article 2 inserts the same words in the corresponding provisions of other Temporary Exemptions Orders now in force.

The Order also provides for a revised description of L-Tartaric acid.
