EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order provides for exemption from or reduction in import duty in the case of goods specified in the Schedules as from 1st July 1975 to 31st December 1975.

There is exemption from import duties in the case of all goods in Schedule 1 if the goods satisfy the requisite conditions to benefit from the eventual abolition of customs duties in trade between member States of the European Communities.

In the case of other goods, where a rate of duty is specified in column 3 of Schedules 1, 2 or 3, duty is reduced to that rate instead of any higher rate which would otherwise apply and where "free" appears in column 3 in relation to the goods, they are exempt from duty whatever their origin.

In the case of goods of countries of the Commonwealth preference area or originating in Cyprus, Egypt, Greece, Morocco, Tunisia or Turkey exemptions from and greater reductions in duty are available than those referred to above in a number of cases, such exemptions or reductions being shown in columns 4 to 9 of Schedules 1, 2 or 3.

The Order also provides for exemption from duty as from 1st July 1975 to 31st December 1975 in the case of goods imported for the purpose of being used for the construction, repair, maintenance or conversion of the ships, boats or other vessels of the description specified in Schedule 4 or for fitting out or equipping such ships, boats or other vessels.

Goods exempt from or subject to reduced rates of duty under this Order are subject to whole or partial suspension of duty in the Common Customs Tariff of the European Economic Community and the exemptions and reductions in this Order are made in accordance with the United Kingdom's Community obligations.
