EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order provides for exemption from or reductions in import duty in the case of goods specified in the Schedules as from 1st January 1975 to 30th June 1975 or, in the case of goods in Schedule 1, to the earlier dates there specified.

There is exemption from import duties in the case of all goods in Schedules 1 and 3 if the goods satisfy the requisite conditions to benefit from the eventual abolition of customs duties in trade between member States of the European Communities.

In the case of other goods, where a rate of duty is specified in column 3 of the Schedules, duty is reduced to that rate instead of any higher rate which would otherwise apply and where "free" appears in column 3 in relation to the goods, they are exempt from duty whatever their origin.

In the case of goods qualifying for Commonwealth preference or originating in Cyprus, Egypt, Morocco, Tunisia or Turkey exemptions from and greater reductions in duty are available than those referred to above in a number of cases, such exemptions or reductions being shown in columns 4 to 8 of the Schedules.

Goods specified in the Schedules to this Order are subject to whole or partial suspension of duty in the Common Customs Tariff of the European Economic Community and the exemptions and reductions in this Order are made in accordance with the United Kingdom's Community obligations.
