EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order provides for exemption from or reductions in import duty in the case of goods specified in Schedule 1 to the Order as from 1st July 1975 until 31st December 1975 or such earlier date as is there specified in relation to particular goods.

There is exemption from import duties in the case of all goods in Schedule 1 if the goods satisfy the requisite conditions to benefit from the eventual abolition of customs duties in trade between member States of the European Communities.

In the case of other goods, where a rate of duty is specified in column 3 of Schedule 1, duty is reduced to that rate instead of any higher rate which would otherwise apply.

If the goods originate in Cyprus or Egypt greater reductions in duty are available than those referred to above, such reductions being shown in column 4 (Cyprus) and column 5 (Egypt) of Schedule 1.

In the case of goods in Schedule 1 which originate in Greece, Morocco, Tunisia or Turkey there is exemption from duty except for goods of headings 06.02 and 15.07 and goods whose description in the Schedule is followed by the letters "ECSC".

In addition, exemption from import duty is also conferred upon goods originating in Greece which are shown in the Schedules to various Import Duties (Temporary Reductions and Exemptions) Orders listed in Schedule 2 to this Order, corresponding to exemptions in respect of goods originating in Morocco, Tunisia or Turkey with the exceptions of goods whose description in the Schedules is followed by the letters "ECSC" and goods listed in Schedule 2 to the Import Duties (Temporary Reductions and Exemptions) (No. 22) Order. Exemption is also granted as from 1st July 1975 until 31st December 1975 for goods originating in Greece shown in Schedule 1 or 2 to the Import Duties (Temporary Reductions and Exemptions) (No. 21) Order, as amended, except for those items shown in Schedule 3 to this Order, where new rates of duty are given for goods imported for the purpose of being used for the construction, maintenance or repair of the aeroplanes shown in relation to the goods.

As regards the exemption for equipment for use in aircraft under heading 85.15, apparatus of a type approved by the Civil Aviation Authority is listed in Civil Aviation Publication CAP 208, Airborne Radio Apparatus Volume 2, published by Her Majesty's Stationery Office. This Publication is subject to amendment, and confirmation that apparatus is of a type approved at the date of this Order should be obtained from the Civil Aviation Authority, Controllerate of National Air Traffic Services, Tels. N2s(c), 19/29 Woburn Place, London, WC1H OLX.
