EXPLANATORY NOTE

(This note is not part of the Regulations, but is intended to indicate their general purport.)

The Pensions Increase (Annual Review) Order (Northern Ireland) 1973 provides for percentage increases in the rates of various public service pensions, the amount of the percentage depending on the date of the beginning of the pension as defined in section 8(2) of the Pensions (Increase) Act (Northern Ireland) 1971. The pensions payable under the Belfast Corporation Act (Northern Ireland) 1943 are flat-rate pensions and special provision has for some time been made for them in pension increase legislation. These Regulations continue the same provision.
