STATUTORY INSTRUMENTS

1967 No. 1386

INDUSTRIAL TRAINING

The Industrial Training (Chemical and Allied Products Board) Order 1967

Made - - -	*20th September* 1967
Laid before Parliament	*29th September* 1967
Coming into Operation	*9th October* 1967

The Minister of Labour (hereinafter referred to as "the Minister") after consultation with organisations and associations of organisations appearing to be representative respectively of substantial numbers of employers engaging in the activities hereinafter mentioned and of substantial numbers of persons employed in those activities and with the bodies established for the purpose of carrying on under national ownership industries in which the said activities are carried on to a substantial extent and by virtue of the powers conferred on him by section 1 of, and paragraphs 1 and 7 of the Schedule to, the Industrial Training Act 1964(a) (hereinafter referred to as "the Act") and of all other powers enabling him in that behalf hereby makes the following Order :—

Citation, commencement and interpretation

1.—(1) This Order may be cited as the Industrial Training (Chemical and Allied Products Board) Order 1967 and shall come into operation on 9th October 1967.

(2) The Interpretation Act 1889(b) shall apply to the interpretation of this Order as it applies to the interpretation of an Act of Parliament.

Establishment of Industrial Training Board

2. An industrial training board to be known as the Chemical and Allied Products Industry Training Board (hereinafter referred to as "the Board") is hereby established to exercise in relation to the activities specified in Schedule 1 to this Order as the activities of the chemical and allied products industry the functions conferred on industrial training boards by the Act.

Membership and proceedings of the Board

3. The provisions of Schedule 2 to this Order shall have effect in relation to the Board.

20th September 1967.

R. J. Gunter,
Minister of Labour.

(a) 1964 c. 16. (b) 1889 c. 63.

SCHEDULE 1

THE CHEMICAL AND ALLIED PRODUCTS INDUSTRY

1. Subject to the provisions of this Schedule, the activities of the chemical and allied products industry are the following activities in so far as they are carried out in Great Britain:—

(*a*) the manufacture of—

(i) acids, bases, alkalis, salts, esters or their intermediates or derivatives;

(ii) solvents or reagents;

(iii) gases;

(iv) natural or synthetic dyestuffs or their intermediates;

(v) natural or synthetic pigments or their intermediates;

(vi) detonating or explosive compositions, pyrotechnics, fireworks or chemical firelighters;

(vii) fertilizers or conditioners of the soil;

(viii) plastics material or synthetic rubber;

(ix) any chemical from a feedstock derived from petroleum;

(x) disinfectants, pesticides, fungicides or herbicides;

(xi) chemical auxiliary agents for use in the manufacture or processing of leather, paper, paperboard, plastics material, rubber, textile yarn or textile fabric;

(xii) organo-silicon, organo-phosphorus, organo-sulphur or organo-metallic compounds;

(xiii) catalysts, catalyst supports or carriers, enzymes, isotopes or similar products;

(*b*) the production of coke, solid smokeless fuel or tar or the distillation of any by-product therefrom or in the course of such production;

(*c*) the manufacture of—

(i) carbon black, activated carbon or diamonds;

(ii) paints of any kind, enamels, lacquers, stains, varnishes, distempers or primers;

(iii) any chemical product for the preservation or treatment of wood;

(iv) printing, writing, drawing or marking ink;

(v) any drug or medicine;

(vi) sutures from the waste or residues of animals;

(vii) cosmetic or toilet compounds, mixtures or preparations;

(viii) perfumery;

(ix) aromatic compounds or mixtures;

(x) soap, soap powder, soap flakes or similar products;

(xi) scouring liquids, pastes or powders or similar scouring products;

(xii) deodorisers, household cleansers or similar products;

(xiii) detergents or surface active agents;

(xiv) optical brighteners;

(*d*) the manufacture of aerosol products or the filling of containers with such products and the propellant material;

(*e*) the production or refining of non-ferrous metal;

(*f*) the assaying of gold, silver or platinum;

(*g*) the splitting or distillation of vegetable, animal, whale or fish fats or the production of fatty acids, fatty alcohols, stearine, glycerine or chemical products derived therefrom;

(*h*) the manufacture of—

(i) polishes, waxes, candles or similar products;

(ii) chemical products for the cleaning or treatment of footwear;

(*i*) the manufacture of putty or luting or (otherwise than wholly or mainly from rubber) of adhesives, sealants or other mastic compounds;

(*j*) the manufacture of starches or derivatives therefrom for use in the manufacture of any adhesive or size or in laundering;

(*k*) the manufacture, processing or printing of sensitive materials for the purposes of photography or of recording sound or vision, or the sale of any photographic materials or equipment by the manufacturer of such sensitive materials;

(*l*) the manufacture or re-covering of printers' rollers when carried out by an employer engaged in the manufacture of printing ink;

(*m*) when carried out by an employer engaged substantially in the manufacture of plastics material—

(i) the processing of such material into sheets, laminated sheets, film, tubes, rods or sticks thereof;

(ii) the coating or impregnation with such material of paper or textile fabric;

(*n*) the pumping or raising of brine from a shaft, well, spring or mine or from the sea, the mining of rock salt or the processing of brine;

(*o*) the processing of fuller's earth or the manufacture of any derivative therefrom;

(*p*) the application of any form of chemical treatment for preventing or remedying the presence of rodents, insects, mites or fungi, for killing or taking wild birds, or for eliminating weeds or preventing them from spreading;

(*q*) the activities of the United Kingdom Atomic Energy Authority;

(*r*) any activities (other than those above mentioned) being—

(i) related activities incidental or ancillary to principal activities of the chemical and allied products industry; or

(ii) activities undertaken in the administration, control or direction of one or more establishments, being establishments engaged wholly or mainly in principal activities of that industry, in related activities incidental or ancillary thereto, or in the administration, control or direction of one or more other establishments engaged in such principal or related activities;

and carried out, in either case, by the employer engaged in those principal activities or, where that employer is a company, by the company or by an associated company of the company;

(*s*) any other activities of industry or commerce carried out at or from an establishment (not being an establishment of the United Kingdom Atomic Energy Authority) mainly engaged—

(i) in chemical and allied products activities; or

(ii) in chemical and allied products activities and in activities described in the Appendix to this Schedule, but to a greater extent in chemical and allied products activities than in activities described in that Appendix in relation to any one industry.

2. Notwithstanding anything contained in this Schedule, there shall not be included in the activities of the chemical and allied products industry :—

(*a*) the activities of any establishment (not being an establishment of the United Kingdom Atomic Energy Authority) engaged—

(i) mainly in activities not being chemical and allied products activities or activities described in the Appendix to this Schedule ; or

(ii) to a less extent in chemical and allied products activities than in activities described in that Appendix in relation to any one industry ;

(*b*) the activities (other than research or development connected with the manufacture of any chemical from a feedstock derived from petroleum) of any establishment engaged wholly or mainly in related activities, being activities—

(i) incidental or ancillary to the activities of one or more establishments (in this sub-paragraph hereafter referred to as "the principal establishment") engaged wholly or mainly in any activities not being principal activities of the chemical and allied products industry ; and

(ii) carried out by the employer carrying on the principal establishment or, where that employer is a company, by the company or by an associated company of the company ;

(*c*) the activities of any establishment engaged wholly or mainly in the activities following or any of them, that is to say—

(i) the production of coke in association with the smelting of iron ore or with the production of iron or steel ;

(ii) the reduction of virgin aluminium, the production of secondary-based aluminium or of aluminium alloys or the manufacture of aluminium powder or paste and, when carried out by an employer engaged substantially in any of the said operations, the production or processing of any other metal ;

(iii) the smelting or refining of copper or copper alloys ;

(iv) the refining of non-ferrous metal, being incidental to the rolling, drawing, extruding or forging of such metal and carried out by an employer engaged substantially in any such operation ;

(v) the machining of carbon articles ;

(vi) the lifting or extracting of mineral deposits (other than salt) from the earth or the bed of any lake or river or of the sea ;

(vii) when carried out on land in or adjacent to a mine or quarry and in conjunction with the operation thereof, the crushing, grinding, washing, drying, foaming, grading, screening, cutting, splitting, dressing, polishing or mixing of mineral deposits or any similar operations ;

(viii) the burning of limestone or the hydration of lime ;

(ix) the production of cement, plaster, whiting, vitreous enamel or any product wholly or mainly from cement ;

(x) the exfoliation of vermiculite or any similar material ;

(xi) the processing of slag otherwise than for the purpose of producing any fertilizer of the soil ;

(xii) the milling, grinding or mixing of materials (not being products mentioned in sub-paragraph (*a*)(v) or (*c*)(ii) of paragraph 1 of this Schedule) for the purpose of the manufacture of pottery ;

(xiii) the production of charcoal ;

(xiv) the manufacture of matches ;

(xv) the application of any form of chemical treatment to wood for preventing or remedying the presence of insects, mites or fungi ;

(xvi) the production of man-made textile fibres;

(xvii) the production of regenerated or modified cellulose and the processing thereof into film or sheets, when the employer engaged in such production and processing (or an associated company of the employer, being a company) is engaged in the production of man-made fibres;

(xviii) the manufacture of surgical dressings or, other than from the waste or residues of animals, of sutures;

(xix) any operations in agriculture or horticulture;

(xx) the sterilisation of soil, the preparation of compost or the cutting or preparation of peat;

(xxi) the searching or boring for or getting of petroleum;

(xxii) the distillation, conversion, extraction, refining or blending of petroleum, the production of paraffin wax or petroleum jelly or the blending of any lubricating oil, grease or wax;

(xxiii) selling by retail all or any of the products following, that is to say, disinfectants, pesticides, fungicides, herbicides, drugs, medicines, cosmetic or toilet compounds, mixtures or preparations or perfumery;

(xxiv) the processing of any food or drink for human or animal consumption, not being either the manufacture of infant or dietary milk food by an employer engaged mainly in the manufacture of drugs or medicines or the manufacture of a blend of colouring matter by an employer engaged mainly in the manufacture of natural or synthetic dyestuffs or pigments or their intermediates;

(xxv) the production of crude, refined or processed oil, being vegetable, animal, whale or fish oil; or

(xxvi) the production, from the waste or residues of animals or fish, of glues or gelatines;

(*d*) the activities of an establishment of the United Kingdom Atomic Energy Authority engaged wholly or mainly—

(i) in the manufacture of articles wholly or mainly from metal, tungsten carbide or any combination of those materials or of metal and plastics material; or

(ii) in the installation, testing, inspection or repair of any such articles;

(*e*) the activities of the Gas Council or an Area Gas Board;

(*f*) the activities of a local authority;

(*g*) the activities of any company, association or body that is required by its constitution to apply its profits, if any, or other income in promoting its objects and is prohibited thereby from paying any dividend to its members, and that has for its sole or principal object or among its principal objects the provision of facilities for any of the purposes mentioned in section 15(1) of the Disabled Persons (Employment) Act 1944(a) (which relates to the provision for registered persons who are seriously disabled of employment or work on their own account under special conditions and of training for such employment or work);

(a) 1944 c. 10.

(*h*) the activities of any local authority in the provision of sheltered employment carried on in accordance with arrangements under section 3 of the Disabled Persons (Employment) Act 1958(**a**), or under section 29 of the National Assistance Act 1948(**b**) as extended by section 8(2) of the Mental Health Act 1959(**c**) and section 8(2) of the Mental Health (Scotland) Act 1960(**d**), or under section 31 of the National Assistance Act 1948 (as substituted by the National Assistance Act 1948 (Amendment) Act 1962(**e**), or under section 28 of the National Health Service Act 1946(**f**) as extended by section 6 of the Mental Health Act 1959, or under section 27 of the National Health Service (Scotland) Act 1947(**g**) as extended by section 7 of the Mental Health (Scotland) Act 1960;

(*i*) the production of textile fibres from polyethylene-terephthalate;

(*j*) activities undertaken personally by an individual who is a registered pharmacist in the exercise of his profession as such, or

(*k*) the supply of food or drink for immediate consumption.

3. In this Schedule unless the context otherwise requires—

"animal" includes any living creature;

"blend of colouring matter" means a product consisting of a blend of any colouring matter and a diluent or of a blend of two or more colouring matters with or without a diluent, being a product of which the main purpose is the colouring of any food or drink;

"chemical and allied products activities" means any one or more of the principal activities of the chemical and allied products industry and the activities included in that industry by virtue of paragraph 1(*r*) of this Schedule;

"company" includes any body corporate, and "subsidiary" has the same meaning as by virtue of section 154 of the Companies Act 1948(**h**) it has for the purposes of that Act;

"compounded additive" includes any clouding, foaming or thickening agent, or any mixture of salts or preservatives with or without water;

"drug or medicine" means a natural or chemical substance or mixture of any such substances, being a substance or mixture that is used or intended for use in—

(i) the diagnosis, treatment, mitigation or prevention of disease, abnormal physical state or the symptoms thereof in any living creature; or

(ii) restoring, correcting or modifying physiological functions in any such creature;

"essence" means a solution, extract or distillate of one or more flavouring substances, with or without the addition of any colouring matter;

"flavour" means a product (other than an essence) in which one or more flavouring substances are dispersed in a liquid or solid base, with or without the addition of any emulsifying agent, colouring matter, stabiliser or preservative;

"flavouring compound" means a compound for use in the manufacture of a soft drink, and consisting of one or more flavouring substances and of one or more of the following substances, that is to say, any fruit juice, solvent, emulsifying agent, colouring matter, stabiliser, preservative, salt, acid, sugar or artificial sweetener;

(**a**) 1958 c. 33. (**b**) 1948 c. 29. (**c**) 1959 c. 72.
(**d**) 1960 c. 61. (**e**) 1962 c. 24. (**f**) 1946 c. 81.
(**g**) 1947 c. 27. (**h**) 1948 c. 38.

"food or drink" includes—

(i) articles and substances used as ingredients in the preparation of food or drink;

(ii) yeast;

(iii) the following products when used or intended for use in the processing of food or drink, that is to say, any blend of colouring matter, compounded additive, essence, flavour or flavouring compound;

but does not include acetic acid, common salt, or any article or substance used only as a drug or medicine;

"local authority" means—

(i) in relation to England and Wales, a local authority within the meaning of the Local Government Act 1933(a) or the Common Council of the City of London, and includes a joint board or joint committee of such authorities;

(ii) in relation to Scotland, a county council, town council or district council, and includes any joint board or joint committee of such authorities appointed under any enactment, order or scheme;

"manufacture" includes assembly, production by an electro-chemical or electric-arc process and any process or operation incidental or appertaining to manufacture as so defined;

"non-ferrous metal" means any metal other than iron or steel, and for the purposes of this definition "iron" and "steel" include respectively alloy iron and alloy steel containing in each case more than 55 per cent. of pure iron by weight;

"office premises" has the same meaning as in section 1(2) of the Offices, Shops and Railway Premises Act 1963(b);

"petroleum" includes any mineral oil or relative hydrocarbon and natural gas existing in its natural condition in strata;

"plaster" means calcium sulphate, lime plaster or plaster of a similar character;

"plastics material" means any material (other than synthetic rubber of any kind) made wholly or mainly by addition, polyaddition, condensation, polycondensation, polymerisation, copolymerisation, esterification or other similar chemical process, or regenerated or modified cellulose, or hardened proteins or natural resin modified by fusion or esterification;

"principal activities of the chemical and allied products industry" means activities which, subject to the provisions of paragraph 2 of this Schedule, are specified in paragraph 1, other than sub-paragraphs (*r*) and (*s*) thereof, as activities of the chemical and allied products industry;

"processing" means—

(i) in relation to food or drink, the manufacture, preparation, processing or other treatment thereof or any operation incidental or appertaining thereto;

(ii) in relation to plastics material, any of the following operations, that is to say, masticating, compounding, mixing, calendering, extruding, moulding, pressing, thermoforming, blowing, casting, dipping, coating, encapsulating, heat sealing, laminating, filament winding, machining (other than stitching), cutting, vulcanising or foaming;

(a) 1933 c. 51. (b) 1963 c. 41.

"production" includes any process or operation incidental or appertaining to production;

"related activities" means any of the following activities, that is to say—

(i) research, development, design or drawing;

(ii) buying, selling, letting out on hire, testing, advertising, packing, distribution, transport or any similar operations;

(iii) operations of a kind performed at office premises or laboratories, or at stores, warehouses or similar places;

(iv) cleaning, washing or garaging vehicles or carrying out running repairs or minor adjustments thereto;

(v) training of employees or apprentices;

"rubber" includes synthetic rubber of any kind;

"soft drink" has the same meaning as in Regulation 2(1) of the Soft Drinks Regulations 1964(a);

"substance" includes a liquid:

"synthetic rubber" means any elastomeric polymer other than natural rubber, and includes butadiene/styrene copolymers, butadiene/acrylonitrile copolymers, butadiene/methyl methacrylate copolymers, polybutadiene, polyisoprene, isobutylene-isoprene copolymers, ethylene/propylene copolymers, polyacrylic polychloroprene, chlorosulphonated polyethylene, polyurethane, fluoro-silicone and polysulphide rubbers and their modifications.

4. For the purposes of this Schedule, two companies shall be taken to be associated companies if one is a subsidiary of the other or both are subsidiaries of a third company, and "associated company" shall be construed accordingly.

APPENDIX

The activities that would be included in an industry specified in Column 1 hereof by virtue of the industrial training order specified in the corresponding entry in Column 2, if the provisions specified in Column 3 were omitted from that order.

Column 1	Column 2	Column 3
The wool, jute and flax industry	The Industrial Training (Wool Industry Board) Order 1964 as amended by the Industrial Training (Wool, Jute and Flax Board) Order 1966(b)	Schedule 1 Paragraph 1(*r*)

SCHEDULE 2

MEMBERSHIP

1. The appointment of a member of the Board shall be for such term as the Minister may determine and, subject to the provisions of this Schedule, a member shall hold and vacate office in accordance with the terms of the instrument appointing him to be a member.

2. A person who has held office as a member of the Board shall be eligible for re-appointment.

3. A member of the Board may resign his office by notice in writing to the Minister and the resignation shall have effect on such date as the Minister shall appoint.

4. If a member of the Board—

(*a*) is absent from meetings of the Board for more than six months consecutively unless his absence is due to illness or some other reason approved by the Minister; or

(*b*) becomes in the opinion of the Minister unfit to continue in office or incapable of performing his duties;

the Minister may declare the office of that member to be vacant and shall notify the fact in such manner as he shall think fit, and thereupon the office of the member shall become vacant.

PROCEEDINGS AND MEETINGS

5. At a meeting of the Board one-third of the members shall be the quorum, or if the number so ascertained includes a fraction the nearest higher whole number of members.

6. The chairman or if absent the deputy chairman (if any) shall preside at all meetings of the Board at which he shall be present, but if at any meeting the said chairman and any deputy chairman be not present within 10 minutes of the time appointed for holding the meeting the members present shall choose some one of their number to be chairman of the meeting.

7. At a meeting of the Board a resolution put to the vote on any matter not relating to the imposition of a levy shall be decided on a show of hands of the members present and voting; each member shall have one vote and if the votes are equally divided the chairman of the meeting shall have a second or casting vote.

8.—(1) If at a meeting of the Board a resolution relating to the imposition of a levy is put to the vote of the members appointed as mentioned in paragraph 3(*a*) of the Schedule to the Act, each such member shall have one vote, and the resolution shall be decided on a show of hands of those members present and voting unless a poll is demanded by any such member (before or on the declaration of the result of the show of hands) in which case the poll shall be taken forthwith and the votes may be given either personally or by proxy.

(2) The instrument appointing a proxy shall be in writing under the hand of the appointor, and the proxy shall be a member of the Board appointed as mentioned in paragraph 3(*a*) of the Schedule to the Act.

(3) An instrument appointing a proxy shall be in the following form or a form as near thereto as circumstances admit:—

I.....of.....in the county of.....being a member of the Chemical and Allied Products Industry Training Board appointed as mentioned in paragraph 3(*a*) of the Schedule to the Industrial Training Act 1964, hereby appoint.....of.....or failing him.....of.....as my proxy to vote for me on my behalf on any matter relating to the imposition of a levy at the meeting of the said Board to be held on the.....day of .....19.....and at any adjournment thereof.

Signed this.....day of.....19.....

(4) A vote given in accordance with the terms of an instrument of proxy shall be valid notwithstanding the previous death or insanity of the principal or revocation of the proxy, provided that no intimation in writing of any such death, insanity or revocation shall have been received by the Board at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

9. Minutes shall be kept of the proceedings of the Board and any such minutes shall, if signed by any person purporting to have acted as chairman of the meeting or at a meeting at which they were read, be evidence of the proceedings at the first-mentioned meeting, and a meeting to which any such minutes relate shall, unless the contrary is proved, be taken to have been regularly convened and constituted.

10. The Board shall have an office at which communications and notices will at all times be received and shall notify to the Minister the address of that office and any change of that address.

EXECUTION AND ISSUE OF INSTRUMENTS

11. The seal of the Board shall be authenticated by the signature of the chairman of the Board or some other member of the Board authorised by the Board to act in that behalf and of the secretary or some other person authorised by the Board so to act.

12. Every document purporting to be a document duly executed or issued either under the seal of the Board authenticated in the manner provided by this Schedule or on behalf of the Board, or purporting to be signed by the secretary or any other person, being a member, officer or servant of the Board authorised to act in that behalf, shall, until the contrary be proved, be deemed to be a document so executed or issued or so signed as the case may be.

EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order, which is made under the Industrial Training Act 1964, establishes an industrial training board to be known as the Chemical and Allied Products Industry Training Board, and defines the industry to which it relates. Provision is made as to the membership of the Board and its meetings and proceedings.
