EXPLANATORY NOTE

(This Note is not part of the Order.)

The Chemical and Allied Products Industry Training Board was established on 9th October 1967 by the Industrial Training (Chemical and Allied Products Board) Order 1967, which defined the industry in relation to which the Board exercises its functions. This Order re-defines that industry.

The principal changes in the definition of the industry are the inclusion therein of—

(*a*) the sale, by the manufacturer, of certain chemical products manufactured outside Great Britain and sold by wholesale;

(*b*) the sale by wholesale, by the user of a trade mark in respect thereof, of drugs and medicines that have been manufactured for such user or that have been imported by him.

The activities of a charity are excluded from the industry.
