EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order revokes and re-enacts with amendments the Ironstone Restoration Fund (Rates of Contribution) Order 1978. It prescribes the full and reduced rates of contribution to be paid by ironstone operators towards the Ironstone Restoration Fund under section 1 of the Mineral Workings Act 1971 in respect of ironstone extracted on or after 1st April 1971 and the sum which may be deducted from payments made under mining leases and mineral rights orders (in accordance with section 2 of that Act) in respect of full rate contributions. The reduced rates of contribution are payable in respect of ironstone extracted in the circumstances set out in section 1(3) of the Act of 1971.

Different rates of contribution are prescribed in respect of ironstone extracted in the periods (*a*) before 1st April 1975, (*b*) on or after 1st April 1975 but before 1st April 1976, (*c*) on or after 1st April 1976 but before 1st April 1977, (*d*) on or after 1st April 1977 but before 1st April 1979, and (*e*) on or after 1st April 1979. This order retains the full rates of contribution prescribed in the previous order in respect of ironstone extracted during the first four periods (3p per ton, 4p per ton, 5p per ton and 6p per ton respectively) and the reduced rates so prescribed (1.5p per ton, 2p per ton, 2.5p per ton and 3p per ton respectively), but prescribes new rates (a full rate of 7p per ton and a reduced rate of 3.5p per ton) in respect of ironstone extracted on or after 1st April 1979. The provisions of the previous order relating to deductions from payments made in respect of full contributions are re-enacted without amendment.
