EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order introduces a new list of scientific instruments subject to Key Industry Duty. The changes effected by the introduction of the new list are indicated in the Annexes; new items are specified in the First Annex, and revised descriptions in the Second Annex.

1957 No. 1043

The Key Industry Duty (List No. 6—Gauges and Measuring Instruments) Order, 1957

Made - - - - 19*th June,* 1957

Coming into Operation 5*th July,* 1957

Whereas it is provided by subsection (5) of section 1 of the Safeguarding of Industries Act, 1921(a), that, for the purpose of preventing disputes arising as to whether any goods are or are not any goods chargeable with duty under Part I of that Act, the Board of Trade may from time to time issue lists defining the articles which are to be taken as falling under any of the general descriptions set out in the Schedule to that Act, and that, where any list is so issued defining the articles which are to be taken as falling under any such general description, the said Schedule shall have effect as if the articles comprised in the list were therein substituted for that general description.

And whereas it is provided by subsection (3) of section 5 of the Finance Act, 1936(b), that the power of the Board under the said subsection (5) to issue lists defining articles which are to be taken as falling under any of the general descriptions set out in the said Schedule shall include power to amend any list so issued.

And whereas the Board have issued a list defining the articles which are to be taken as falling under the general description set out in Part I of the Schedule hereto, namely List F in 1921.

And whereas it appears to the Board that the said list requires amendment by adding thereto the items specified in the First Annex hereto, removing therefrom the items specified in the Second Annex and substituting therein for the descriptions specified in the first column of the Third Annex the revised descriptions specified in the second column.

And whereas the Board think it expedient that such amendment should be effected by issuing a new list superseding the said List F.

Now, therefore, the Board of Trade in pursuance of the powers conferred upon them by sub-section (5) of section 1 of the Safeguarding of Industries Act, 1921, and sub-section (3) of section 5 of the Finance Act, 1936, hereby order as follows:—

1. The list set out in Part II of the Schedule hereto shall be the list defining the articles to be taken as falling under the general description set out in Part I of that Schedule, being one of the general descriptions set out in the Schedule to the Safeguarding of Industries Act, 1921. Such list may be referred to as " Key Industry Duty List No. 6 ".

(a) 11 & 12 Geo. 5. c. 47. (b) 26 Geo. 5 & 1 Edw. 8. c. 34.

2. The list previously issued by the Board of Trade defining the articles mentioned in Article 1 hereof shall cease to have effect.

3. This Order may be cited as the Key Industry Duty (List No. 6—Gauges and Measuring Instruments) Order, 1957, and shall come into operation on the 5th day of July, 1957.

Dated this 19th day of June, 1957.

Frank Lee,
Secretary of the Board of Trade.

FIRST ANNEX
ADDITIONS

Balancing machines.
Block levels, precision.
Roundness measuring instruments.
Scales, graduated, precision (angular, circular, or linear).
Strain gauges.
Surface finish testing instruments.

SECOND ANNEX
OMISSIONS

Needle test indicators and accessories.

THIRD ANNEX
REVISED DESCRIPTIONS

Column 1 (Old descriptions)	Column 2 (Revised Descriptions)
Comparators, dial index „ fluid index „ needle index „ all other	Comparators.
Dial test indicators and accessories.	Dial gauges or dial indicators and accessories.
Micrometers— depth micrometers internal or inside micrometers length micrometers micrometer callipers or "micrometers," i.e., external micrometers micrometer heads micrometer measuring machines Micrometers, all other kinds	Micrometers.
Standard straight edges	Straight edges.
Standard surface plates Surface plates scraped	Surface plates.
Vernier measuring tools— „ depth gauges „ gear tooth „ height gauges „ protractors „ slide gauges or callipers „ all other types of	Vernier measuring tools.

SCHEDULE

PART I

(General description set out in the Schedule to the Safeguarding of Industries Act, 1921)

"Gauges and measuring instruments of precision of the types used in engineering machine shops and viewing rooms, whether for use in such shops or rooms or not."

PART II

(Articles to be taken as falling under the general description set out in Part I)

KEY INDUSTRY DUTY LIST NO. 6

Gauges and measuring instruments of precision of the types used in engineering machine shops and viewing rooms, whether for use in such shops or rooms or not, the following:—

Balancing machines.
Bevel protractors.
Block levels, precision.
Centre squares.
Comparators.
Dial gauges or dial indicators and accessories.
Fixed limit gauges, i.e. "Go" or "Not Go" (whether shop gauges or inspectors' gauges, and whether capable of being adjusted and locked or not):—

(*a*) external gauges of the following types, that is to say, caliper or snap gauges and plain or cylindrical, screw and taper ring gauges;

(*b*) internal gauges of the following types, that is to say, end point gauges, telescoping gauges and cylindrical, screw and taper plug gauges.

Measuring machines.
Micrometers.
Roundness measuring instruments.
Scales, graduated, precision (angular, circular, or linear).
Scribing blocks of precision or surface gauges.
Special purpose gauges.
Squares, precision.
Standard or reference gauges—

(*a*) external gauges of the following types, that is to say, caliper or snap gauges and plain or cylindrical, screw and taper ring gauges;

(*b*) internal gauges of the following types, that is to say, cylindrical, screw and taper plug gauges and end point gauges;

(*c*) block gauges, cylindrical gauges, end measuring rods, reference discs and slip gauges.

Straight edges.
Strain gauges.
Surface plates.
Surface finish testing instruments.
Thickness gauges or feelers.
Vernier measuring tools.

Note

No item in this list shall be deemed to refer to any article comprised in the list of optical instruments set out in Part II of the Schedule to the Key Industry Duty (List No. 2—Optical Instruments) Order, 1957(a) as amended from time to time or in any list replacing that list.

(a) S.I. 1957/1039 (p. 2224 above).

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order introduces a new list of gauges and measuring instruments subject to Key Industry Duty. The changes effected by the introduction of the new list are indicated in the Annexes; new items are specified in the First Annex, omissions in the Second Annex and revised descriptions in the Third Annex.

1957 No. 2

The Safeguarding of Industries (List of Dutiable Goods) (Amendment No. 12) Order, 1957

Made - - - -	1*st January*, 1957
Coming into Operation	8*th January*, 1957

The Board of Trade in pursuance of the powers conferred upon them by subsection (5) of section 1 of the Safeguarding of Industries Act, 1921(**a**), and subsection (3) of section 5 of the Finance Act, 1936(**b**), hereby order as follows:—

1. The Safeguarding of Industries (List of Dutiable Goods) (Consolidation and Amendment) Order, 1949(**c**), as amended(**d**), shall have effect as if to Part II of the Second Schedule thereto (which contains the articles comprised in List H) there were added the articles set out in the Schedule to this Order.

2.—(1) The Interpretation Act, 1889(**e**), shall apply to the interpretation of this Order as it applies to the interpretation of an Act of Parliament.

(2) This Order may be cited as the Safeguarding of Industries (List of Dutiable Goods) (Amendment No. 12) Order, 1957 and shall come into operation on the 8th day of January, 1957.

Dated this 1st day of January, 1957.

F. G. Lee,
Secretary of the Board of Trade.

SCHEDULE

Acet*mono*methylamide.
6-Amino-1: 3-dimethyl-5-nitrosouracil.
6-Amino-1: 3-dimethyluracil.
6-Amino-5-formamido-1: 3-dimethyluracil.

(**a**) 11 & 12 Geo. 5. c. 47. (**b**) 26 Geo. 5 & 1 Edw. 8. c. 34.
(**c**) S.I. 1949/2308 (1949 I, p. 3913).
(**d**) S.I. 1950/1099, 2085, 1952/1732, 1953/878, 1591, 1954/704, 1648, 1955/950, 1897, 1956/939, 1518 (1950 II, pp. 838, 839; 1952 III, p. 2924; 1953 II, pp. 1922, 1923; 1954 II, pp. 1995, 1999; 1955 II, pp. 2379, 2381; 1956 II, pp. 2181, 2182). (**e**) 52 & 53 Vict. c. 63.
