EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order supersedes the current Order relating to the manufacture and supply of knitted goods. The principal changes are as follows :—

(*a*) manufacturers whose names are not on the Register of Manufacturers of Knitted Goods may now supply knitted goods manufactured by them up to a limit of £300 a month ; supplies by unregistered manufacturers by export or against suitably endorsed export documents are free from restriction ; all names formerly entered on Part II of the Register have been removed and the distinction between the small manufacturers who were formerly limited to £100 a month and those formerly limited to £10 a month has been abolished ;

(*b*) the supply of hand-knitted goods is no longer subject to restriction ;

(*c*) the restriction on supplies of non-utility knitted goods by registered manufacturers is continued until 28th October, 1950, and is calculated for six-monthly periods instead of four-monthly periods ; the permitted rate of non-utility supplies has been slightly increased ;

(*d*) the provisions relating to goods supplied for export have been revised ; suitably endorsed " documents " are substituted for the " declarations " formerly required ; the exemption of export goods from non-utility

" quota " restrictions and price control now applies in the case of nylon hose only when the manufacturer exports the goods himself or supplies to a person who surrenders a document obliging him to supply by direct export;

(*e*) invoices or records are now required to be kept in respect of export goods supplied by manufacturers and distributors;

(*f*) separate maximum prices are now provided for manufacturers selling (*a*) to a wholesaler and (*b*) otherwise than to a wholesaler.
