EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order which is made under the Industrial Organisation and Development Act, 1947, imposes levies on the lace industry for the financing of scientific research.

The Lace Industry (Scientific Research Levy) Order, 1951, as amended, under which levies for that purpose have hitherto been imposed, ceases to have effect as respects the imposition of levies for any period after 31st December, 1955.

The principal changes are:—

(1) the basis of calculation of that part of the levy which is calculated on yarn purchases has been changed. The basis of calculation is now yarn purchased in 1954 and not in 1953 as hitherto; and

(2) the rates of that part of the levy calculated by reference to leavers and leavers-type lace machines, and to multi-needle shuttle embroidery machines have also been changed.

The amounts recoverable each year under this Order from each section of the industry are estimated to be approximately the same as those recoverable under the Lace Industry (Scientific Research Levy) Order, 1951, as amended.
