CHAP. clv.

An Act for making better provision for the Cure of Souls within the limits of the parish of Leverington, and of certain adjacent parishes, all in the county of Cambridge and the diocese of Ely. [1st August 1870.]

A.D. 1870.

WHEREAS Edward Harold, by Divine permission Lord Bishop of Ely, is the ordinary and patron in right of his see of the rectory of Leverington, which is now vacant, and of the rectory of the adjacent parish of Newton with St. Mary in the Marsh (herein styled the rectory of Newton), of which the Rev. George Elwes Corrie, D.D., is the present rector, and of the vicarage of the adjacent parish of Wisbech St. Peter and St. Paul, of which the Rev. John Scott is the present vicar, and also of the vicarage of the adjacent parish of Wisbech St. Mary, of which the Rev. Philip Carlyon is the present vicar, all of which parishes are situate in the county of Cambridge :

And whereas it is proposed that four new parishes, to bear respectively the names following, (that is to say,) Gorefield, Parson Drove, Southea-with-Murrow, and Saint Augustine Wisbech, shall by this Act be formed principally out of the parish of Leverington, but in part out of the said adjacent parishes, and it is also proposed to provide for the endowment of such new parishes by the appropriation as in this Act is mentioned of certain portions of the glebe of the rectory of Leverington, and by the appropriation of the annual sum of one thousand four hundred and ninety-three pounds, or thereabouts, being part of the tithe commutation rentcharge belonging to the said rectory (which rentcharge amounts in the whole to the annual sum of two thousand four hundred and ten pounds, exclusive of an annual sum of five pounds charged upon the glebe), and of a further annual sum of two hundred and thirty-seven pounds fifteen shillings and twopence, being part of the tithe commutation rentcharge of the rectory of Newton, and of a further fixed annual sum of one hundred pounds by way of charge upon the residue of the

A.D. 1870.

endowments of the said rectory of Newton, and of a fixed annual sum of one hundred pounds by way of charge upon the endowments of the said vicarage of Wisbech St. Peter and St. Paul, and by an annual grant of one hundred pounds from the Ecclesiastical Commissioners for England; and it is also proposed to borrow from the Governors of the Bounty of Queen Anne for the augmentation of the maintenance of the poor clergy, for the purposes herein-after specified, a sum of three thousand five hundred pounds upon the security of the benefice of Leverington, and of the benefices of the said four new parishes, such sum being rateably apportioned as in this Act is mentioned:

And whereas the said four proposed new parishes are respectively described in the first schedule hereto, and Gorefield only contains any part of the present parish of Newton:

And whereas the consecrated church or chapel now existing at Parson Drove within the existing limits of the parish of Leverington is reputed to be a parochial chapel; and by a return dated fifth May in the eleventh year of the reign of King William III., and confirmed by royal mandate on the twenty-fourth October in the same year, made by certain commissioners appointed under a statute of the forty-third year of the reign of Queen Elizabeth, after finding that a messuage and about one hundred and forty-one acres of land (which said messuage and hereditaments are herein-after called Parson Drove Chapel land) had been settled upon divers inhabitants of the parish or hamlet of Parson Drove upon godly and pious uses, it was ordered that the trustees for the time being should let the said hereditaments as therein mentioned, and dispose of the rents (with the consent of the curate or chaplain for the time being) in repairing the fabric of the chapel of Parson Drove, and in paying a sum not exceeding forty shillings a year for the relief of four poor aged persons, and should pay over the remainder of the rents (after deducting outgoings) to the curate or chaplain for his stipend; and certain persons therein named, being seven in number, were appointed supervisors and auditors to take the accounts; and it was ordered that the curate or chaplain who at any time thereafter should be admitted to serve the said cure should be nominated by the supervisors and auditors for the time being, or three at least of them, and by the trustees for the time being of such charity, or the greater number of such trustees, with such three supervisors and auditors at least, in writing under their hands and seals, and should be approved and allowed of by the bishop or ordinary for the time being of the diocese or see of Ely; and for continuing the succession of supervisors and auditors power was given to them, or to the survivors of them when all should be dead but four, to nominate successors with

like powers; and it was further ordered that the then present sole surviving trustee of the charity should upon request convey the premises to nine other inhabitants, by him to be elected, to hold to them and to himself upon the trusts aforesaid, and that when five of the said trustees should be dead the survivors of them, at the request of the curate or chaplain for the time being, or two or more of the inhabitants, should convey the premises to themselves and five other honest and sufficient inhabitants upon the like trusts:

And whereas the present supervisors and auditors are William Henry Desborough, Charles Watson Townley, John Richardson Fryer, and Frederic Morehouse Metcalfe; and the present trustees are John Peck, Richard Gunn, Samuel Nichols, and Joseph Kingerley:

And whereas the Rev. Frederic Jackson is the present curate or chaplain of the said church or chapel at Parson Drove:

And whereas there is at Murrow within the present limits of the parish of Wisbech Saint Mary a chapel not yet consecrated, built on land reputed to be part of the vicarial glebe of Wisbech Saint Mary:

And whereas the scheme of appropriation of the sums of tithe commutation rentcharge to be taken from the rectories of Leverington and of Newton respectively is specified in the second schedule hereto, and the said scheme has been arranged so that, as nearly as conveniently may be, having regard to the apportionment of the tithe commutation rentcharge, there should remain for Leverington, and be provided for the said four new parishes, the following annual sums; (that is to say,) for Leverington, nine hundred and seventeen pounds, part of its present tithe rentcharge; for Gorefield, three hundred and forty-three pounds, part of the tithe rentcharge of Leverington, and two hundred and thirty-seven pounds, part of the tithe rentcharge of Newton, in addition to the before-mentioned sum of one hundred pounds, by way of charge upon the residue of the endowments of Newton; for Parson Drove, one hundred and fifty pounds, part of the tithe rentcharge of Leverington; for Southea-with-Murrow, eight hundred pounds, part of the tithe rentcharge of Leverington; and for Saint Augustine Wisbech, two hundred pounds, part of the tithe rentcharge of Leverington:

And whereas the glebe of the rectory of Leverington (which is subject to the before-mentioned tithe commutation rentcharge of five pounds) consists or is reputed to consist of certain parcels of land, of which the numbers on the tithe apportionment map and further description are contained in the first, second, and third columns

hereafter written, and the proposed future appropriation of such land is stated in the fourth column:

And whereas consents to the passing of this Act have been given by the said Edward Harold Lord Bishop of Ely, by the Ecclesiastical Commissioners for England, by the Governors of the Bounty of Queen Anne, by the said John Scott, by the said Philip Carlyon, by the said Frederic Jackson, and by the supervisors and auditors and also by the trustees of Parson Drove Chapel land:

And whereas for promoting the greater efficiency of the Established Church it is expedient that the said proposals should be carried into effect, but such object cannot be attained without the authority of Parliament:

May it therefore please Your Majesty that it may be enacted; and be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows; (that is to say,)

Short title.

1. This Act may be cited as "The Leverington Rectory Act, 1870."

Four new parishes to be constituted.

2. From and after the passing of this Act, the parish of Leverington shall for ecclesiastical purposes consist of the area described in the first part of the first schedule hereto, and each of the four areas described in the second part of the said first schedule shall (subject, as to Gorefield and as to Southea-with-Murrow, to the proviso herein-after contained with respect to the consecration of the churches thereof, and subject also, as to Gorefield, as herein-after mentioned, during the present incumbency of Newton,) become a new parish within the meaning of "The New Parishes Act, 1856," and the Acts recited therein, and the existing or intended churches specified in the said first schedule shall be the parish churches of such new parishes respectively: Provided that Gorefield and

Southea-with-Murrow shall respectively be deemed to be districts within the meaning of the said Acts until the respective churches thereof shall be consecrated: Provided also, that, notwithstanding this Act, the said parishes may hereafter be further dealt with, as to the alteration of boundaries and in other respects, under the powers vested in the Ecclesiastical Commissioners for England.

The Rev. F. Jackson to be first incumbent of Parson Drove.

3. The Reverend Frederic Jackson shall upon the passing of this Act become the incumbent of the new parish of Parson Drove, without any nomination, license, or admission thereto.

Tithe rentcharge annexed to the new parishes.

4. The tithe commutation rentcharge specified in the second schedule hereto shall, for all the estate and interest therein of the rector of Leverington and his successors, and of the rector of Newton and his successors, respectively, (but subject as herein-after mentioned during the present incumbency of Newton,) be vested by force of this Act in the manner and at the times following; (that is to say,) the tithe commutation rentcharge specified in that behalf shall remain as the endowment of the rectory of Leverington; the tithe commutation rentcharge specified as to be annexed to Gorefield shall (subject as herein-after mentioned during the present incumbency of Newton) vest in the minister or incumbent of Gorefield and his successors when and so soon as a minister or incumbent, as the case may be, shall be licensed or admitted thereto; and the tithe commutation rentcharge specified as to be annexed to Parson Drove shall vest in the said Reverend Frederic Jackson and his successors from and after the passing of this Act; and the tithe commutation rentcharge specified as to be annexed to Southea-with-Murrow shall vest in the minister or incumbent of Southea-with-Murrow, and his successors, when and so soon as a minister or incumbent, as the case may be, shall be licensed or admitted thereto; and in like manner the tithe commutation rentcharge specified as to be annexed to Saint Augustine Wisbech shall vest in the incumbent and his successors when and so soon as an incumbent shall be licensed or admitted thereto.

The incumbent of Gorefield to be entitled to £100 a year as a charge upon the endowments of Newton.

5. When and so soon as a minister or incumbent, as the case may be, shall be licensed or admitted to Gorefield, such minister or incumbent and his successors shall (subject as herein-after mentioned during the present incumbency of Newton) be entitled to the annual sum of one hundred pounds by way of charge upon the endowments which will remain to the rectory of Newton, and such charge shall be apportioned between an incoming incumbent and his predecessor, or his predecessor's representatives, in the same manner as tithe commutation rentcharge is apportionable.

The incumbent of St. Augustine Wisbech to be entitled to £100 a year as a charge upon the endowments of Wisbech St. Peter and St. Paul.

6. When and so soon as an incumbent shall be licensed or admitted to Saint Augustine Wisbech, such incumbent and his successors shall be entitled to the annual sum of one hundred pounds by way of charge upon the endowments of the vicarage of Wisbech Saint Peter and Saint Paul, and such charge shall be apportioned between an incoming incumbent and his predecessor, or his predecessor's representatives, in the same manner as tithe commutation rentcharge is apportionable.

St. Augustine Wisbech to be endowed with £100 per annum by the Ecclesiastical Commissioners.

7. As soon as conveniently may be after the passing of this Act the Ecclesiastical Commissioners for England shall, out of their common fund, proceed to endow the new parish of Saint Augustine Wisbech with the annual sum of one hundred pounds.

The incumbents of the new parishes to have all legal remedies for enforcing payments of tithe commutation rentcharge.

8. The ministers and incumbents of the said new parishes respectively shall, for the purpose of enforcing payment of the tithe commutation rentcharge respectively vested in them, have all the powers and remedies in that behalf which the rectors of Leverington and of Newton would respectively have had if this Act had not been passed.

The charge upon the endowments of Newton and of Wisbech St. Peter and St. Paul to be recovered by distress or action.

9. The annual sums of one hundred pounds so charged upon the endowments of Newton and of Wisbech St. Peter and St. Paul shall be payable half-yearly upon the first day of October and the first day of April in each year; and if the whole or any part of any half-yearly payment of either of the said sums shall be in arrear for thirty days after either of the days appointed for the payment thereof, it shall be lawful for the minister or incumbent to whom the amount in arrear is due to enter into and upon the glebe lands and hereditaments, or any part thereof, belonging to the said rectory of Newton or to the said vicarage of Wisbech St. Peter and St. Paul, and to distrain for the amount so in arrear, and the costs and expenses incurred by the non-payment thereof, and the distress and distresses then and there found to dispose of in due course of law, as landlords may do in respect of distresses for rent reserved upon leases, to the intent that the said amount in arrear, and all costs and expenses incurred by the non-payment thereof, and of distraining, may thereby be satisfied, and it shall also be lawful for the said minister or incumbent to recover and enforce payment of the said amount in arrear by action of debt against the rector of Newton or the vicar of Wisbech St. Peter and St. Paul, as the case may be, or against the predecessor of such rector or vicar, or the representatives of the predecessor, in case the arrears shall have accrued during the incumbency of a predecessor; provided that no distress shall be made for any arrears accrued during the incumbency of a predecessor except in respect of the half-year current at his death.

Saving the rights of the present rector of Newton.

10. As regards the enactments herein contained relating to the parish and benefice of Newton, (that is to say,) as regards the severance from the parish of Newton of a portion thereof to form part of the new parish of Gorefield, and as regards the part of the tithe commutation rentcharge of Newton, and the said annual charge of one hundred pounds upon the endowments of Newton, which are hereby provided for the endowment of Gorefield, the said enactments shall not take effect until the next avoidance of the rectory of Newton: Provided that if the present rector of Newton, at any time before his avoidance of the said rectory, shall be willing that the said enactments relating to the parish and benefice of Newton shall take effect during his incumbency, it shall be lawful for him to signify such willingness by an instrument in writing under his hand and seal, in the form set forth in the fifth schedule hereto, and from and after the date of such instrument the said enactments shall take effect accordingly.

Formal evidence of his consent.

11. The said instrument shall be registered in the registry of the diocese of Ely, and a certified copy thereof, to be furnished by the registrar of the diocese, shall be evidence of the contents of such instrument, and that it has been duly executed.

The site of Murrow Chapel to vest in the incumbent of Southea-with-Murrow.

12. From and after the admission of a minister or incumbent to the new parish of Southea-with-Murrow the freehold of the site of the said chapel at Murrow, together with the piece of land at Murrow numbered 239 on the inclosure award for the parish of Wisbech St. Mary, containing one rood and thirty perches, being part of the vicarial glebe of Wisbech St. Mary, shall vest in the minister or incumbent of Southea-with-Murrow, and his successors, for all the estate and interest therein of the vicar of Wisbech St. Mary and his successors: Provided that the said minister or incumbent shall not be liable for the dilapidations of the said chapel.

Fees to be received at Parson Drove to be fixed by the chancellor of the diocese.

13. Notwithstanding any usage or authority under which fees upon the solemnisation of offices have heretofore been required and received at the said church or chapel of Parson Drove, the fees to be required and received hereafter for the new parish of Parson Drove shall be fixed by the chancellor of the diocese in manner contemplated by the New Parishes Acts.

the payment to him of a salary not exceeding one hundred pounds per annum in the manner contemplated by the eighty-third section of the Act of the first and second years of Her Majesty, chapter one hundred and six.

Part of the glebe of Leverington appropriated to Gorefield.

15. From and after the admission of a minister or incumbent to the proposed new parish of Gorefield, the pieces of land numbered 835 and 836 in the tithe apportionment map shall vest in the said minister or incumbent of Gorefield and his successors, for all the estate and interest therein of the rector of Leverington and his successors, as a site for a church and a house of residence.

Part of the glebe of Leverington commuted with Ecclesiastical Commissioners and the proceeds to be applied at Southea.

16. From and after the passing of this Act, the pieces of land numbered 28 and 795A and 1448 on the tithe apportionment map shall vest in the Ecclesiastical Commissioners for England for all the estate and interest therein of the rector of Leverington and his successors, and shall be held by the said commissioners in the manner and for the purposes and subject to the provisions in, for, and subject to which they hold hereditaments of which the rents and profits are carried to their common fund, and in substitution therefor the said commissioners shall, out of moneys in their hands applicable to the purchase of hereditaments of which the rents and profits would be carried to their common fund, set apart the sum of seven hundred and fifty pounds, to be appropriated in such proportions and at such times as they shall think fit, in or towards providing a site for a church and a house of residence for Southea-with-Murrow, and any surplus of the said sum of seven hundred and fifty pounds shall be applied by the said commissioners in aid of the fund for providing the church for Southea-with-Murrow.

Tithe rentcharge on the glebe to be extinguished.

17. The glebe lands of the rectory of Leverington named in the two last preceding sections shall henceforth be discharged from all tithe commutation rentcharge.

The Governors of Queen Anne's Bounty to advance £3,500.

18. The Governors of the Bounty of Queen Anne shall, on or before the first day of November one thousand eight hundred and seventy, pay to the Ecclesiastical Commissioners for England the following sums, to be applied in or towards making provision for the following objects:—

House of residence for Gorefield - -	£500

The receipt or receipts of the treasurer or treasurers of the said commissioners shall be a sufficient discharge to the governors for the said sums, and they shall not be bound to see to the application thereof.

Distribution of the advance upon the respective benefices.

19. Such payment shall be deemed to be an advance by way of loan on account of the five respective benefices, and shall be deemed to have been advanced in respect thereof in the following proportions:

A.D. 1870.

had by such mortgage covenanted with the said governors to pay the principal and interest (charged on such benefice) in the manner specified in the deed to be so executed by the bishop. An attested copy of such mortgage shall be registered in the office of the registrar of the diocese of Ely, and shall also be deposited in the church or parish chest of each of the benefices.

Inhabitants of new parishes to be for a time parishioners of ancient parish.

24. For a term of thirty years from and after the passing of this Act the inhabitants of each new parish created by this Act shall, as regards interment, be deemed to be parishioners of the ancient parish within the limits of which they are resident.

Parson Drove Chapel land to become glebe.

25. From and after the passing of this Act the trusts of the Parson Drove Chapel land, and all the duties, powers, and liabilities of the trustees, supervisors, and auditors thereof, shall cease and determine, and the said land shall vest as glebe in the incumbent of Parson Drove and his successors for all the estate and interest therein of the trustees and their successors, and a sum of cash amounting to eighty-four pounds one shilling and elevenpence, or

thereabouts, which represents a part of the said chapel land taken by the Great Northern Railway Company, shall be paid to the Governors of the Bounty of Queen Anne, and be held by them upon trust for the incumbent of Parson Drove and his successors.

As to the profits of the benefice of Leverington during the present vacancy.

26. The rector of Leverington appointed next after the passing of this Act shall not be entitled to the profits of his benefice which shall have arisen during the present vacancy, and out of the half-yearly payment of tithe commutation rentcharge which shall become due to him on the first day of October one thousand eight hundred and seventy he shall be bound to pay to the churchwardens or other persons authorised to receive the profits of the benefice of Leverington during the present vacancy a proportionate part corresponding to the period of time between the first day of April one thousand eight hundred and seventy and the date of his induction. The ministers or incumbents of the said four new parishes shall be entitled to the sums of tithe commutation rentcharge, part of the benefice of Leverington appropriated by this Act as endowment of the said four new parishes, from the respective dates when the said sums of rentcharge shall become vested in such ministers or incumbents respectively under the provisions of this Act, and not from any earlier period; and the said ministers or incumbents shall, out of the half-yearly payments of the said sums of rentcharge which shall become due on the first day of October one thousand eight hundred and seventy, pay to the churchwardens or other persons authorised as aforesaid proportionate parts corresponding to the periods of time between the first day of April one thousand eight hundred and seventy and the respective dates when such sums of rentcharge became vested in such ministers or incumbents respectively.

Costs of this Act to be paid out of the profits of Leverington during the vacancy.

27. The profits of the benefice of Leverington during the present vacancy, including the amounts which the said churchwardens or other persons shall be entitled to in respect of the said four sums of rentcharge, until the said sums shall respectively become vested in the said ministers or incumbents of the said four new parishes, and including the proportionate parts so to be paid to the said churchwardens and other persons as aforesaid, shall form a fund, out of which shall be paid the costs of and incident and preliminary to the passing of this Act; and if such fund shall be insufficient for the purpose, the deficiency shall be paid by the rector of Leverington, and the ministers or incumbents of Gorefield and Southea-with-Murrow, in such proportions as the Lord Bishop of Ely shall by writing under his hand appoint; but if there shall be a surplus of such fund, it shall be applied by the said bishop in such manner as

A.D. 1870.

he shall think best fitted to promote the cure of souls within the ancient limits of the parish of Leverington.

Saving rights of landowners.

28. Nothing in this Act shall operate to charge any lands with the payment of tithe commutation rentcharge further or otherwise than they were so charged before the passing of this Act; and if any correction shall hereafter be made in the confirmed instruments of apportionment for the parishes of Leverington or Newton respectively, a corresponding correction shall be deemed to be made in the second schedule hereto.

Provision for errors in the second schedule.

29. Any tithe commutation rentcharge contained in the confirmed instrument of apportionment for the parish of Leverington which may be omitted in the second schedule hereto shall remain payable to the rector of Leverington and his successors; and in case of any discrepancy between an entry in the said second schedule and an entry which can be identified as corresponding therewith in either of the confirmed instruments of apportionment for the parishes of Leverington or Newton, the said entry in the second schedule shall be read and construed as if it were the same as the corresponding entry in the said instrument of apportionment.
