CHAPTER ccxli.

An Act to amend the Llandudno Improvement Act, 1854, and for other purposes. [15th August 1876.]

A.D. 1876.

WHEREAS by the Llandudno Improvement Act, 1854, (in this Act called the "Act of 1854,") the Llandudno Commissioners (in this Act called "the Commissioners") were incorporated and the limits of the said Act for improvement purposes were defined: 17 & 18 Vict. c. cii.

And whereas the Commissioners are the urban sanitary authority under the Public Health Act, 1875, for the district within the said limits:

And whereas the limits of the said district are unsatisfactory, and it is expedient that the said limits should be altered and varied as in this Act mentioned:

And whereas by the Act of 1854 certain powers were given to the Commissioners for the supply of water and the manufacture and supply of gas within their district:

And whereas by memorandum and articles of association, the latter dated the ninth day of July one thousand eight hundred and fifty-seven, certain persons formed themselves into a water and gas company under the name of "The Llandudno Water and Gas Company" (Limited), (herein-after referred to as "the Company,") for the purpose of supplying with water and gas the town of Llandudno, in the parishes of Llandudno and Eglwys Rhos, in the county of Carnarvon, and the neighbourhood thereof, and such Company was duly registered under the Joint Stock Companies Act, 1856, 1857:

And whereas the Commissioners have agreed with the Company for the purchase of the undertaking of the Company upon the terms and conditions in this Act contained, and it is expedient that the Commissioners should be empowered to complete such purchase, and to supply the said town of Llandudno and the neighbourhood thereof with water and gas, and that for such purposes the Act of 1854 should be amended and varied as in this Act mentioned:

A.D. 1876.

And whereas certain new roads, described in Part I. of the Schedule A. to this Act annexed, have at various times been made in substitution for certain alleged old highways described in Part II. of the said Schedule A., and now no longer used or required, and it is expedient that the several portions of the said old roads described in Part III. of the said Schedule A. should be vested in the owners of the lands adjoining the same respectively as by this Act provided, and that with respect to the said new roads provisions should be made such as are in this Act contained:

And whereas it is expedient that for the better government of the district of the Commissioners such new powers as are in this Act contained in relation thereto should be conferred on the Commissioners, and that further and other provisions should be made in that behalf:

And whereas the Commissioners have caused estimates to be prepared of the moneys which they will require with respect to the works to be constructed under this Act, and such estimates amount to the sum of fifty thousand pounds:

And whereas the said works included in such estimates are permanent works within the meaning of the two hundred and thirty-fourth section of the Public Health Act, 1875, and it is expedient that the Commissioners should be authorised to borrow money for the purposes of the same in the manner by this Act provided:

And whereas an absolute majority of the whole number of the Commissioners, at a meeting held on the first day of November one thousand eight hundred and seventy-five, after ten clear days notice by public advertisement of such meeting and of the purposes thereof in the Liverpool Mercury, a newspaper circulating in the said district (such notice being in addition to the ordinary notices required for summoning such meeting), resolved that the expense in relation to promoting the Bill for this Act should be charged on the general improvement rate:

And whereas such resolution was published twice in the Liverpool Mercury, a newspaper circulating in the said district, and in respect of matters under the jurisdiction of the Local Government Board has received the approval of that Board, and in respect of other matters has received the approval of one of Her Majesty's Principal Secretaries of State:

And whereas the propriety of the promotion of the Bill for this Act was confirmed by an absolute majority of the whole number of the Commissioners at a further special meeting held in pursuance of a similar notice on the eleventh day of January one thousand eight hundred and seventy-six, being not less than fourteen days after the deposit of the Bill in Parliament:

And whereas the owners and ratepayers of the said district, by resolution in the manner provided by Schedule III. annexed to "The Public Health Act, 1875," with respect to resolutions of owners and ratepayers under that Act, consented to the promotion of the Bill for this Act:

And whereas plans and sections describing the lines, situations, and levels of the works authorised by this Act, and plans showing the lands to be acquired under the powers of this Act, and a book of reference to those plans containing the names of the owners or reputed owners, lessees or reputed lessees, and of the occupiers of lands in the line of those works or within the limits of deviation as defined on the plans, and describing those lands, have been deposited with the clerk of the peace for the county of Carnarvon, and are in this Act referred to as the deposited plans, sections, and book of reference:

And whereas the objects aforesaid cannot be effected without the authority of Parliament:

May it therefore please Your Majesty that it may be enacted; and be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows; (that is to say,)

Preliminary.

Short title.

1. This Act may be cited as "The Llandudno Improvement Act, 1876."

Provisions of certain general Acts incorporated.

2. The following Acts, as far as they are applicable for the purposes of and are not varied by or inconsistent with this Act, are hereby incorporated with this Act; (that is to say,)

"The Lands Clauses Consolidation Acts, 1845, 1860, and 1869,"

"The Waterworks Clauses Acts, 1847 and 1863," and "The Gasworks Clauses Act, 1871,"

except the provisions of the Waterworks Clauses Act, 1847, with respect to the amount of profit to be received by the undertakers when the waterworks are carried on for their benefit: Provided always, that in the construction of the Waterworks Clauses Acts, 1847 and 1863, and of the Gasworks Clauses Act, 1871, for the purposes of this Act, the term "the undertakers" therein used means the Commissioners, and the provisions of the Gasworks Clauses Act, 1871, shall apply as well to the mains, pipes, and works laid down or constructed before the passing of this Act and purchased under the authority thereof, and situate within the limits

A.D. 1876.

of supply as defined by this Act, as to any mains, pipes, or works which may be laid down or constructed under the authority of this Act.

Interpretation of terms.

3. In this Act the term "the Commissioners" means the Commissioners constituted by the Llandudno Improvement Act, 1854; the term "waterworks" means the waterworks and works connected therewith purchased or constructed by the Commissioners, and all the property of the Commissioners in respect thereof, and all easements, rights, powers, authorities, and privileges connected, enjoyed, or exerciseable therewith; the term "gasworks" means the gasworks and works connected therewith purchased by the Commissioners, and all the property, real and personal, of the Commissioners in respect thereof, and all easements, rights, powers, authorities, and privileges connected, enjoyed, or exerciseable therewith; the term "rackrent" means rent which is not less than two thirds of the full net annual value of the property out of which the rent arises, and the full net annual value shall be taken to be the rent at which the property might reasonably be expected to let from year to year free from all usual tenants rates and taxes and tithe commutation rentcharge (if any), and deducting therefrom the probable average cost of the repairs, insurance, and other expenses (if any) necessary to maintain the same in a state to command such rent. Terms to which meanings are assigned in enactments wholly or partially incorporated with this Act, or which have therein special meanings, have in this Act the same respective meanings, unless there be something in the subject or context repugnant to such construction; and in this Act, and (for the purposes of this Act) in enactments incorporated with this Act, the terms "superior courts" or "court of competent jurisdiction" or any other like term, shall have effect as if the debt or demand with respect to which it is used were a common simple contract debt, and not a debt or demand created by statute.

Limits of Act.

4. The limits of this Act shall comprise and include the area delineated upon the deposited plans and described in the Schedule B. to this Act annexed.

Llandudno Improvement Act, 1854, to be in force within the limits of this Act and not elsewhere.

5. From and after the passing of this Act the Llandudno Improvement Act, 1854, as amended by this Act, shall extend to and be in force within the limits of this Act, and except within such limits the Llandudno Improvement Act, 1854, shall cease to be in force or to have effect: Provided always, that all arrears of rates leviable by the Commissioners as such, or as an urban sanitary authority, and due at the time of the passing of this Act in

respect of any lands, estates, and property within the limits of the Llandudno Improvement Act, 1854, though beyond the limits of this Act, may be collected as if this Act had not passed.

Construction and execution of Act of 1854 and this Act.

6. The Llandudno Improvement Act, 1854, as amended by this Act, and this Act shall be construed together as one Act, and the same shall be carried into execution by the Commissioners.

Purchase of Undertaking of Water and Gas Company.

Purchase by Commissioners of water and gas undertaking.

7. On or before the thirty-first day of December one thousand eight hundred and seventy-six, the Commissioners shall purchase from the Company, and the Company shall sell and transfer to the Commissioners, the water and gas undertaking of the Company for the consideration, upon the terms, and subject to the conditions in this Act contained.

Transfer of undertaking.

8. The sale and transfer by the Company of their undertaking to the Commissioners shall be witnessed by a deed of transfer (in this Act referred to as "the transfer") duly stamped (truly stating the consideration), and on the execution of the same by the Company, then, subject to the provisions of this Act, all the lands, waterworks, gasworks, reservoirs, erections, buildings, rights, and easements which immediately before such transfer were vested in the Company or any person in trust for them, or to which the Company were in anywise entitled, and all mains and pipes, plant, plugs, lamps, irons, retorts, gauges, meters, lamp-posts, syphons, apparatus, stock, effects, matters, and things which may have been purchased, provided, laid down, erected, or placed by the Company, or which immediately before such transfer were the property of the Company, and all other property whatsoever, except moneys in the hands of the Company, or standing to their credit at their bankers, and debts owing to the Company at the date of the transfer, which immediately before such transfer belonged to the Company or to any trustee on their behalf, and the benefit of all contracts and engagements entered into by or on behalf of the Company and immediately before such transfer in force, shall be vested in the Commissioners to the same extent and for the same estate and interest as the same were previously to such transfer vested in the Company or any trustee on their behalf, and may, according to the provisions of this Act, be held and enjoyed, sued for and recovered, maintained, altered, discontinued, removed, dealt with, and disposed of by the Commissioners as they shall think fit: Provided always, that no contract made by the Company after the twentieth March one thousand eight hundred and seventy-six without the consent

A.D. 1876.

of the Commissioners shall be binding on the Commissioners after the transfer.

Commissioners to take over stores and stock in trade.

9. The stores and stock in trade of the Company on the day of the transfer shall be taken over by the Commissioners at cost price, and paid for within three months of the time of the transfer; and the Company shall, if required by the Commissioners, produce the invoices relating to such stores or stock in trade.

Company to carry on their business until transfer according to the ordinary course.

10. An inventory of the works, plant, and apparatus shall be taken as soon as may be after the passing of this Act by the Commissioners and the Company; and until the transfer the undertaking shall be carried on by the Company according to the ordinary course of their business, and they shall up to such day keep all works, plant, and apparatus forming part of such undertaking in as good a state of repair as the same are in at the time of the passing of this Act (reasonable wear and tear excepted), and shall pay off or satisfy, out of the funds applicable thereto respectively, all debts (other than debts secured by mortgage) and liabilities incurred by them, whether in respect of interest on moneys secured by mortgage or bond or otherwise, and which in the ordinary course of their business ought to be paid or satisfied.

Repayment by Commissioners of certain moneys expended by Company.

11. The Commissioners shall, within four months of the transfer, pay to the Company or their proper officer, or the person legally authorised by them under their common seal to receive the same, all such sums as may have been properly expended by them on works in and about their said gas and water undertaking since the twentieth day of March one thousand eight hundred and seventy-six down to the time of the transfer reasonably chargeable to capital account; provided nevertheless, that the Company shall, before the expenditure of any moneys after the passing of this Act on such capital account, give notice in writing to the Commissioners of their intention to expend the same, and that if the Commissioners object to such expenditure the Company shall not carry out the work mentioned in such notice; and that as to any capital which may have been spent between the twentieth day of March one thousand eight hundred and seventy-six and the passing of this Act, if any dispute shall arise between the Commissioners and the Company as to the propriety of such expenditure or the value of the same, or if any dispute shall arise between the Commissioners and the Company as to the value of any other capital expended by the Company under the powers of this section, the same shall be referred to an umpire to be agreed on by the Commissioners and the Company, whose award shall be final.

Mortgage debt to continue first charge on undertaking.

12. The Commissioners shall pay and discharge the mortgage debt of the Company existing at the time of the transfer, amounting to four thousand two hundred and fifty pounds, and the interest thereon, as and when the same shall respectively become due, and such mortgage debt and interest shall, after the transfer, continue to be a first charge on the undertaking of the Company when transferred to the Commissioners, in priority to all charges thereon subsequent to the passing of this Act.

Grant of annuities to shareholders.

13. The Commissioners shall, at the time of the transfer, grant to the holders of all shares in the capital of the Company perpetual annuities in respect of each share, such annuities to be for annual sums amounting in the whole to seven pounds per centum on the capital of the Company actually expended by the Company at the time of the transfer, such capital not to exceed in amount seventeen thousand five hundred pounds, and to be proved by the production of the Company's books. If any difference shall arise between the parties as to the amount of capital so expended, the same shall be referred to and determined by Mr. C. H. Parkes, or him failing, by some other person to be named by him, or in case of his death or of his unwillingness or incapacity to name any person, then by a person to be named by the President for the time being of the Board of Trade.

Company's books evidence as to shareholders.

14. The several persons who at the transfer appear in the books of the Company to be proprietors of shares in the capital of the Company, or their respective executors, administrators, or assigns, shall be considered to be shareholders thereof and entitled to annuities.

Annuities to be paid half-yearly.

15. The annuities shall become due and payable half-yearly on the first day of July and the first day of January in every year, the first of such payments to become due and payable on the first day of July one thousand eight hundred and seventy-seven.

Security for annuities.

16. The annuities shall be charged on and issue out of the undertaking of the Company when vested in the Commissioners, and the revenue arising therefrom, subject only to the mortgage debt of the Company and the interest thereon, and shall further be charged on and issue out of the waterworks and gas undertaking of the Commissioners, and on and out of the general improvement rate of the Commissioners, in priority to all charges thereon subsequent to the twentieth day of March one thousand eight hundred and seventy-six.

Warrants to be issued to annuitants.

17. The annuities shall be called "Llandudno Improvement Commissioners Annuities," and the Commissioners shall deliver to each annuitant, or send by post in a prepaid letter addressed to the

A.D. 1876.

registered address of such annuitant, a warrant or order on the treasurer of the Commissioners for every payment to such annuitant.

Annuities to represent shares in Company.

18. The annuities shall in all respects at law and in equity be substituted for and represent the shares in the capital of the Company, and the several persons in whom the annuities vest shall hold them on and subject to the same trusts, powers, and liabilities as those on and to which their shares in the capital of the Company are held at the date of the transfer of the Company's undertaking, and so as to give effect to and not to defeat any testamentary or other disposition then made and having effect.

Commissioners to issue certificates for annuities.

19. The Commissioners shall issue to every person in whom an annuity vests, or to his representatives, on demand, and on delivery of his or their share certificate or satisfactory proof of its loss or destruction, a certificate of the annuity, free of expense to the annuitant, and the certificate may be in the form given in the Schedule D. to this Act or to the like effect; and unless otherwise agreed a separate certificate shall be issued for each annuity, but by agreement one certificate may include any number of annuities.

Annuities may be divided.

20. Any annuity may, with the consent of the Commissioners, be divided at the option of the annuitant into two or more annuities of any amount not being less than one shilling, and all annuities, whether the same have been subdivided or not, may with the like consent be consolidated with other annuities as the annuitant may direct.

Transfer, &c. of annuities.

21. The provisions of the Companies Clauses Consolidation Act, 1845, with respect to the distribution of the capital of the Company into shares, and with respect to the transfer or transmission of shares, are hereby incorporated with this Act, and shall (except as expressly varied by this Act) apply to the Commissioners and the annuities and annuitants as if the Commissioners were the Company, and the annuities were shares in the Company's undertaking, and the annuitants were shareholders; but the form of transfer of an annuity may be according to the form given in the Schedule E. to this Act or to the like effect.

Recovery of arrears of annuities.

22. If within thirty days after an instalment of an annuity becomes payable it is not paid, the annuitant may, subject to the provisions of this Act, recover it against the Commissioners in any court of competent jurisdiction.

Receiver of annuitants

23. The annuitants, without prejudice to other remedies, may enforce payment of arrears of their annuities by the appointment of a receiver as if they were mortgagees of the Commissioners and

each annuity was interest on a mortgage of the Commissioners; and for that purpose the provisions in that behalf applicable of "The Companies Clauses Consolidation Act, 1845," shall apply, mutatis mutandis, to the Commissioners and the annuitants, and to the receiver.

Power to redeem annuities.

24. The Commissioners may at any time, if and when they think fit, after the expiration of six months notice to any annuitant, redeem the annuity payable to such annuitant at such price as may be agreed on between the Commissioners and such annuitant, or as shall, in case of difference, be determined by the President for the time being of the Society of Actuaries in London, and on any annuity being redeemed the same shall be extinguished.

Receipts of guardians, &c.

25. If any money is payable under this Act to or for the benefit of a person being an infant, or person of unsound mind so found by inquisition, the receipt of the guardian or committee of his estate shall be a discharge to the Commissioners for the same.

Commissioners to pay costs of transfer.

26. The Commissioners shall at the time of the transfer pay to the Company the sum of eight hundred pounds, in discharge of all claims which the Company may have upon the Commissioners for law and other costs in respect of the transfer up to the time of and including the transfer.

Provision for extinguishing annuities.

27. The Commissioners shall, from and after the expiration of seven years after the passing of this Act, out of the revenue arising from their water and gas undertaking, make provision for the extinction of any annuities granted by them to the shareholders of the Company under this Act, either by equal annual instalments or by a sinking fund appropriated and invested in any securities authorised by law for investment by trustees, and with the accumulations thereof (if any) from time to time applied for that purpose, so as in either case to extinguish or be in a position to extinguish the whole of such annuities within sixty years from the passing of this Act, and if at the end of that time the annuities, or any of them, are not wholly extinguished, then the Commissioners shall, so long as they are liable to pay the same, apply in or towards that payment the annual income arising from the sinking fund provided under this section, and the amounts of the instalments and the amounts to be from time to time appropriated for such sinking fund shall be such as the Local Government Board shall, having regard to the provisions of this section, approve.

Winding up and dissolution of Company.

28. When and so soon as the annuities shall have been allotted, the directors of the Company may exercise all powers necessary for winding up the affairs of the Company, and when and as soon as their affairs have been wound up and all their debts and liabilities

A.D. 1876.

paid and satisfied, the Company shall be by virtue of this Act dissolved.

Receipts of three directors a discharge.

29. The receipt of any three of the directors of the Company for any money paid to the Company by the Commissioners in pursuance of this Act shall be a sufficient discharge to the Commissioners, and the Commissioners shall not be bound to see to the application or be answerable for the misapplication or non-application thereof.

Nothing to affect previous rights and liabilities.

30. Except as is by this Act otherwise expressly provided, everything before the transfer done or suffered by or with reference to the Company, or the members thereof as such, shall be as valid as if the Commissioners had not been empowered to purchase the undertaking of the Company, and such powers and this Act respectively shall accordingly be subject and without prejudice to everything so done or suffered, and to all rights, liabilities, claims, and demands, both present and future, which, if the Commissioners were not given the powers of purchasing the undertaking of the Company in this Act contained and this Act were not passed, would be incident to or consequent on any and every thing so done or suffered.

Contracts prior to transfer to be binding.

31. Except as is by this Act otherwise specially provided, all purchases, sales, conveyances, grants, assurances, deeds, contracts, bonds, and agreements entered into or made before the transfer by, to, or with the Company, or any trustees or persons acting on behalf of the Company, or by, to, or with any other person to whose rights and liabilities they have or shall have succeeded and then in force, shall from and after the transfer be as binding and of as full force and effect in every respect against or in favour of the Commissioners, and may be enforced as fully and effectually, as if, instead of the Company or the trustees or persons acting on behalf of the Company, the Commissioners had been a party thereto.

Actions, &c. not to abate.

32. Nothing in this Act contained shall release, discharge, or suspend any action, suit, or other proceeding, at law or in equity, which was pending by or against the Company, or any member thereof in relation to the affairs of the Company, or to which the Company, or any member thereof in relation to such affairs, were parties immediately before the transfer, but such action, suit, or other proceeding may be maintained, prosecuted, or continued by or in favour of or against the Company in the same manner and as effectually and advantageously as the same might have been maintained, prosecuted, or continued by or in favour of or against the Company or any member thereof if this Act had not been passed.

Books, &c. continued evidence.

33. All documents, books, and writings which, if the said dissolution and avoidance had not taken place, would have been receivable in evidence shall be admitted as evidence in all courts of law and equity and elsewhere, notwithstanding such dissolution and avoidance.

MAINTENANCE AND CONSTRUCTION OF WATERWORKS.—SUPPLY OF WATER.

Power to maintain waterworks.

34. Subject to the provisions of this Act, the Commissioners, after the transfer of the undertaking of the Company, may from time to time maintain, continue, and use the existing waterworks and works connected therewith of the Company, with all needful pipes, culverts, cuts, conduits, drains, sluices, engines, pumps, meters, and other works connected therewith, and they may from time to time alter, enlarge, and repair the same, and they may supply and sell water within the limits of this Act:

Power to construct waterworks.

35. The Commissioners may, at any time after the passing of this Act, make and maintain in the lines and according to the levels shown on the deposited plans and sections, and upon the lands delineated on the deposited plans and described in the deposited books of reference, the works herein-after described and other works connected therewith. The works herein-before referred to and authorised by this Act are as follows:

(1.) (Llyndulyn Embankment.)—An embankment for the purpose of damming up and impounding the waters of the lake called Llyndulyn, situate wholly in the parish of Caerhun, otherwise Caerhyn, in the county of Carnarvon, to be made across the stream issuing out of the said lake, commencing at a point distant thirty-three yards or thereabouts in a north-easterly direction from the northern bank of the said stream, where it issues from the said lake, and terminating at a point on the southern side of the said last-mentioned stream distant fifty-five yards or thereabouts south of the said point of commencement:

(2.) (Melynllyn Embankment.)—An embankment for the purpose of damming up and impounding the waters of the lake called Melynllyn, otherwise Mynynllyn, situate wholly in the parish of Caerhun, otherwise Caerhyn, aforesaid, to be made across the natural watercourse issuing out of and from the north-east corner of the said last-mentioned lake, commencing at a point distant twelve yards or thereabouts in a north-easterly direction from the north-east corner of the said last-mentioned lake, and terminating at a point on the southern side of the said last-mentioned natural water-

A.D. 1876.

course distant sixty-six yards or thereabouts south of the said point of commencement:

(3.) An embankment also for the purpose of damming up and impounding the waters of the said last-mentioned lake, situate wholly in the parish of Caerhun, otherwise Caerhyn, aforesaid, to be made across the artificial watercourse issuing out of the eastern side of the said last-mentioned lake, commencing at a point distant twelve yards or thereabouts in a north-easterly direction from the sluice gate fixed in the said artificial watercourse near its point of issue from the said lake, and terminating at a point on the southern side of the said artificial watercourse distant one hundred yards or thereabouts south of the said point of commencement:

(4.) Conduit No. 1.—A conduit or line of pipes for conveying the water from the lakes Llyndulyn and Melynllyn, otherwise Mynynllyn, to the district of Llandudno, commencing at a point on the said lake Llyndulyn distant twenty yards or thereabouts in a northerly direction from the northern bank of the stream issuing out of the said lake at its point of issue, and terminating at a point in Mostyn Street, Llandudno, where the boundary between the parishes of Llandudno and Eglwys Rhos crosses the said street, which said Conduit No. 1 is intended to pass from, in, through, or into the several parishes, townships, and other places following or some of them; that is to say, Caerhun, otherwise Caerhyn, Llanbedr-y-Cennin, otherwise Llanbeder-y-Cennin, Llangelynin, Gyffin, Conway, Eglwys Rhos, and Llandudno, all in the county of Carnarvon:

(5.) Conduit No. 2.—A conduit or line of pipes to be situate wholly in the parish of Caerhun, otherwise Caerhyn, commencing at the north-east corner of the lake called Melynllyn, otherwise Mynynllyn, and terminating by a junction with the aforesaid Conduit No. 1 at a point on the said Conduit No. 1 distant four hundred and forty yards or thereabouts from its commencement:

(6.) Conduit No. 3.—A conduit or line of pipes to be situate wholly in the parish of Eglwys Rhos, commencing by a junction with the aforesaid Conduit No. 1 at a point in the road or highway leading from Towyn to Eglwys Rhos, distant two hundred and sixty-four yards or thereabouts in a north-easterly direction from the south-western corner of the lands numbered two hundred and ninety-four on the tithe commutation map for the parish of Eglwys Rhos, and

terminating at or in the south-western side of the intended service reservoir next herein-after described :

(7.) (Service Reservoir No. 1.)—A service reservoir, to be called Service Reservoir No. 1, one hundred and fifty feet square or thereabouts, to be situate wholly in the parish of Eglwys Rhos in and on the western side of lands numbered two hundred and nine on the tithe commutation map of the said parish of Eglwys Rhos :

(8.) Conduit No. 4.—A conduit or line of pipes to be situate wholly in the parish of Eglwys Rhos aforesaid, commencing from and out of the northern side of the said last-mentioned reservoir, and terminating by a junction with the aforesaid Conduit No. 1 in the public highway leading from Towyn to Eglwys Rhos at a point in such highway where the New Deganway Road joins the same :

(9.) (Service Reservoir No. 2.)—A service reservoir, to be called Service Reservoir No. 2, one hundred and fifty feet square or thereabouts, to be situate wholly in the parish of Llanbedr-y-Cennin, otherwise Llanbeder-y-Cennin, in and on the northern side of lands numbered twenty-one on the tithe commutation map of the said parish of Llanbeder-y-Cennin, and which lands adjoin the public highway leading from Llanbedr to Tan-y-gaer.

Taking of water.

36. The Commissioners may take, collect, and divert into the Company's existing reservoirs and into the proposed reservoirs and works, and therein impound and thence distribute, the waters of the two lakes known as Llyndulyn and Melynllyn, both in the parish of Caerhun, otherwise Caerhyn, in the said county of Carnarvon, or either of them, and also the waters of any brooks, springs, streams, and waters feeding or running into such lakes, or fed thereby, and issuing therefrom, and of any streams on or near the site of any of the intended works.

Compensation for water taken.

37. As full compensation for the waters of the said two lakes Llyndulyn and Melynllyn, or either of them, and the waters of any brooks, streams, and waters feeding or running into such lakes, and fed thereby, and issuing therefrom, and of any streams on or near the site of any of the intended works to be taken, impounded, and appropriated under the powers of this Act, the Commissioners shall cause to flow from and out of the said two lakes, or from one or other of them, or the works immediately connected therewith, into the two streams or the artificial cut or channel respectively issuing from or out of the south-eastern corner of the lake Llyndulyn and the north-eastern and south-eastern corners of the lake Melynllyn,

A.D. 1876.

or into one or other of those several streams and channel respectively, a quantity of water not being less than 360,000 gallons on every day in the year, except Sunday, Good Friday, and Christmas Day.

Gauge to be constructed.

38. For the purpose of measuring the quantity of water to be so supplied by the Commissioners into the said several streams and channel, they shall cause to be erected at some point below the junction of the said several streams and channel, and not more than twenty yards therefrom, a sufficient gauge, and the said gauge shall for ever hereafter be maintained in a proper state of repair by and at the expense of the Commissioners, and if any difference shall arise between the Commissioners and any person entitled to such compensation water as to the sufficiency of the said gauge, or as to its being in a proper state of repair, such difference shall be determined by an engineer appointed by the Local Government Board, whose decision shall be final.

Persons entitled to water and their officers may inspect gauge.

39. All persons entitled to such compensation water and their officers and servants duly authorised shall at all reasonable times have the right of access to the said gauge for the purpose of ascertaining the state of repair and efficiency thereof, and of gauging and ascertaining the quantity of water from time to time passing over or through the same respectively. And if at any time the said gauge shall be in an unfit state of repair or condition for the purposes for which it is intended, the same shall be forthwith put into a proper state of repair and condition by and at the expense of the Commissioners, or if they fail so to do within seven days after notice given to them by or on behalf of any of the persons entitled to such compensation water as aforesaid to repair or renew the same, it shall be lawful for any of such persons to cause such work to be done and performed in connexion with the said gauge as shall be necessary for renewing or for placing it in a proper state and condition, and to recover the expense of such works with full costs of suit against the Commissioners in any court of competent jurisdiction.

Penalty in case of default.

40. If at any time the Commissioners fail to supply or cause to flow over or through the said gauge the quantity of water which they are required to supply or cause to flow over the same under the provisions of this Act, they shall for each and every day during which they fail so to afford such supply forfeit and pay to every person entitled to such compensation as aforesaid, who shall sue for the same in any court of competent jurisdiction within one month after such failure shall have occurred and prove damage, the sum of ten pounds. The Commissioners shall not at any time

or in any way interfere with or divert into the pipes or conduits constructed under the powers of this Act or otherwise, or take for any purpose whatsoever, the waters of the said streams or the sources of supply to the same, or any or either of them, below the said junction of the two streams issuing from the said lakes Melynllyn or Llyndulyn.

Subsidiary works.

41. Subject to the provisions of this Act, and on the lands delineated on the deposited plans and described in the deposited books of reference, the Commissioners may make and maintain in the parishes, townships, townlands, and other places aforesaid, and every or any of them, in connexion with the intended new waterworks herein-before described, all necessary and convenient approaches, approach roads, embankments, discharge tunnels, roads, ways, wells, tanks, filtering beds, weirs, dams, sluices, outfalls, channels, conduits, drains, mains, pipes, engines, works, and conveniences for collecting, filtering, storing, discharging, and distributing water.

Limits of deviation.

42. In constructing the works authorised by this Act the Commissioners may deviate laterally from the lines of the intended new works to any extent not exceeding the limits of lateral deviation shown upon the deposited plans, and may deviate vertically from the levels of those works shown upon the deposited sections to any extent not exceeding ten feet upwards or ten feet downwards: Provided always, that the Commissioners shall not, in the exercise of the powers of lateral deviation hereby given, construct any embankment or wall hereby authorised of a greater height above the general surface of the ground than the corresponding embankment or wall shown on the deposited sections and three feet in addition.

Power to take easements, &c. by agreement.

43. Persons empowered by "The Lands Clauses Consolidation Act, 1845," to sell and convey or release lands may, if they think fit, subject to the provisions of that Act and of "The Lands Clauses Consolidation Acts Amendment Act, 1860," and of this Act, grant to the Commissioners any easement, right, or privilege in, over, or affecting any lands required for the purposes of this Act in, over, or affecting any such lands, and the provisions of the last-mentioned Acts with respect to lands and rentcharges, as far as the same are applicable in this behalf, shall extend and apply to such grants, or to such easements, rights, or privileges as aforesaid.

Period for compulsory purchase of lands.

44. The powers by this Act conferred upon the Commissioners for the compulsory purchase of lands for the purposes of the waterworks by this Act authorised to be constructed shall not be

A.D. 1876.

exercised after the expiration of three years from the passing of this Act.

Period for completion of works.

45. The waterworks by this Act authorised to be constructed shall be completed within seven years from the passing of this Act, and on the expiration of such period the powers by this Act granted to the Commissioners for making the said works, or otherwise in relation thereto, shall cease, except as to so much thereof as shall then be completed, but nothing in this Act contained shall restrict the Commissioners from extending, enlarging, altering, or removing any of their tanks, filters, and engines, machinery, mains, or pipes at any time or from time to time as occasion requires.

Supply regulated by gravitation.

46. The Commissioners shall not be bound at any time to lay on the supply of water at any elevation at which, having regard to the general supply of the district, the water cannot be supplied by gravitation from the waterworks of the Commissioners.

Rates for supply for domestic purposes.

47. The Commissioners shall, at the request of the owner or occupier of any dwelling-house, or part of a dwelling-house, entitled under the provisions of this Act to demand a supply of water for domestic purposes (which shall include one watercloset), furnish to such owner or occupier a sufficient supply of water for such domestic purposes at rates not exceeding seven pounds per centum per annum on the annual rackrent or value of the premises so supplied with water.

Rates for waterclosets and baths.

48. The Commissioners may charge in respect of every watercloset beyond the first in any premises within the limits of supply an additional sum not exceeding five shillings per annum, and for every bath an additional sum not exceeding ten shillings per annum, and such additional sums may be received with and as part of or recovered by the same means as the rate for the supply of water for domestic purposes: Provided always, that for baths used in hydropathic or other like establishments, and for baths containing as usually filled for use a greater quantity of water than fifty gallons, the Commissioners may charge an increased rate in proportion to the size of such baths and the quantity of water used.

Power for Commissioners to make regulations for preventing waste of water.

49. Subject to the provisions of this Act, the Commissioners may from time to time make and enforce such reasonable regulations as they may find expedient for preventing the waste or misuse of water, and, among other things, may prescribe the pipes, cocks, cisterns, and other apparatus proper and suitable for the purposes of supply: Provided that no such regulation shall be of any effect

until the same shall have been confirmed in writing by the Local Government Board under the hand of their secretary.

Power for Commissioners to refuse supply where regulations not complied with.

50. In the event of any such regulations not being observed by any person having or requiring a supply of water, the Commissioners may refuse to supply water or may cut off the water supplied to him, unless and until the regulations be complied with; and if and whenever any difference shall arise as to whether the regulations are reasonable or have been complied with, the difference may be referred by either party to and shall be settled by two justices.

Water supplied by agreement.

51. The Commissioners may from time to time supply any person, corporation, or company with water for such remuneration and upon such terms and conditions as shall be agreed upon between the Commissioners and such person, corporation, or company; but notwithstanding any such agreement no person, corporation, or company shall be entitled to such a supply whenever and as long as the Commissioners are of opinion that the same would interfere with the proper supply of water for domestic purposes under this Act; and every such agreement shall be by virtue of this Act determinable by the Commissioners on one month's notice in writing: Provided that the supply under this section shall be afforded to all persons, corporations, and companies as nearly as may be on equal terms, having regard to the circumstances of each case.

Supply of water by meter.

52. The Commissioners may, if they think fit, enter into agreements for the supply of water by measure to any customer, and may charge a rent for each meter provided by them at a rate per annum not exceeding fifteen per cent. of the price of the meter, such rent to be paid quarterly in advance, and to be recoverable in all respects with and as the water rate.

Commissioners to keep meters in repair.

53. The Commissioners shall at all times, at their own expense, keep all meters or other instruments for measuring water let by them for hire to any consumer in proper order for correctly registering the supply of water; and in default of their so doing the consumer shall not be liable to pay rent for the same during such time as such default continues. The Commissioners and their officers shall for the purposes aforesaid have access to and be at liberty to remove, test, inspect, and replace any such meter or other instrument at all reasonable times.

Register of meters to be evidence.

54. Where water is supplied by measure the register of the meter or other instrument for measuring water shall be primâ facie evidence of the quantity of water consumed and in respect of which any water rent is charged and sought to be recovered by the

A.D. 1876.

Commissioners: Provided always, that if the Commissioners and the consumer differ as to the quantity consumed, such difference shall be determined, upon the application of either party, by two justices, who may also order by which of the parties the costs of the proceedings before them shall be paid, and the decision of such justices shall be final and binding on all parties.

Effect of 10 & 11 Vict. c. 17. s. 44. for purposes of this Act.

55. Section forty-four of "The Waterworks Clauses Act, 1847," shall, for the purposes of this Act, have effect as if the words "with the consent in writing of the owner or reputed owner of any "such house, or of the agent of such owner," were omitted therefrom: Provided always, that any rent paid by an occupier in pursuance of the provisions of the said section may be deducted by such occupier from any rent from time to time due by him to such owner.

When several houses supplied by one pipe, each to pay.

56. When several houses or parts of houses in the occupation of several persons shall be supplied by one common pipe, the several owners or occupiers of such houses or parts of houses shall be liable to the payment of the same rates for the supply of water as they would have been liable to if each of such several houses or parts of houses had been separately supplied with water from the works of the Commissioners by a distinct pipe: Provided always, that the Commissioners shall not be compelled to supply water to the occupier of any part of a dwelling-house unless the water rate is paid for the whole of such building, house, and premises.

Provision for supply of water to mansion houses on the Mostyn estate.

57. The Commissioners, if and when required to do so by the trustees or other the owners for the time being of the Mostyn estate, shall, for the purpose of affording a water supply to the mansion houses of Gloddaeth and Bodysgallen respectively, allow the trustees or other the owners for the time being of the Mostyn estate, under the supervision of the engineer of the Commissioners, and at the cost of the trustees or other the owners for the time being of the Mostyn estate, to form a junction of the water pipes of the trustees or other the owners for the time being of the Mostyn estate, such pipes being of no greater dimensions than two inches internal diameter, with the water main of the Commissioners at a point near the parish church of Eglwys Rhos within their district near those mansion houses respectively, or at any other point from which the same may, in the opinion of the said engineer, most conveniently be supplied, and shall afford through such main through a meter to be attached to such pipe, under the supervision and at the cost aforesaid, an ample and satisfactory supply of water for the use of the said mansion houses as may, subject to the provisions of this clause, be required by the trustees or other the owners for the time being of the Mostyn estate, so long as such supply shall not, in the

opinion of the Commissioners, interfere with the due supply of water within their district, and the Commissioners shall not make for the water so to be supplied to the said mansion houses, and the trustees or other the owners for the time being of the Mostyn estate, any higher rate or charge than is for the time being charged by the Commissioners for a supply of water by meter at any point or place within their district. A.D. 1876.

Notice respecting meter or water or gas pipes.

58. Any person who connects or disconnects a meter or pipe by which water or gas of the Commissioners has been or is intended to be registered or supplied, without giving to the Commissioners at least twenty-four hours notice of his intention to do so, shall for every such offence be liable, on summary conviction, to forfeit and pay a penalty not exceeding five pounds.

Certain provisions of 34 & 35 Vict. c. 41. incorporated with this Act.

59. The following provisions of "The Gasworks Clauses Act, 1871," incorporated with this Act, namely,

Section 22. (Power to remove meters and fittings);
Section 38. (Penalty for injuring meters);
Section 42. (Contents of summons or warrant);
Section 43. (Warrant of distress shall include costs);
Section 45. (Service of notices by undertakers);
Section 46. (Liability to gas rent not to disqualify justice from acting),

shall extend and apply, mutatis mutandis, to the like purposes with respect to the waterworks and water supply.

MAINTENANCE OF GASWORKS.—

SUPPLY OF GAS.

Commissioners may maintain, &c. existing gasworks.

60. Subject to the provisions of this Act, the Commissioners, after the transfer of the undertaking of the Company, may, upon the lands upon which the same have been erected, and which are described in Schedule C. to this Act annexed, continue and maintain the existing gasworks, and works connected therewith, of the Company vested in them by reason of the transfer, and they may from time to time renew, alter, and improve such gasworks, buildings, retorts, gas-holders, receivers, purifiers, meters, apparatus, and works for the manufacture and storing of gas and of coke and other residual products obtained in the manufacture of gas and matters producible therefrom; and they may, subject to the provisions of this Act, make gas, and supply and sell the same within the limits of this Act, and may continue to manufacture coke, coal tar, pitch, asphaltum, and ammoniacal liquor, oil, and all other residual products obtained in the manufacture of gas and matters producible therefrom, and may sell and dispose of the same at the works and elsewhere.

A.D. 1876.

Power to lay pipes against buildings.

61. The Commissioners, with the consent of the owner and occupier of any building, may lay any pipe, branch, or other necessary apparatus from any main or branch pipe into, through, or against such building for the purpose of lighting it, and may, with the like consent, provide and set up any apparatus necessary for securing to such building a proper and complete supply of gas, and for measuring and ascertaining the extent of such supply, and may from time to time, with the like consent, repair, replace, alter, discontinue, and remove any such pipe, branch, or apparatus.

Quality of gas.

62. The quality of gas supplied by the Commissioners shall, with respect to its illuminating power, be such as to produce a light equal in intensity to the light produced by fourteen sperm candles, and shall in all respects be in accordance with the provisions of "The Gasworks Clauses Act, 1871."

Price of gas.

63. The price to be charged by the Commissioners for gas supplied by them to consumers shall not exceed six shillings and sixpence per one thousand cubic feet.

Pressure of gas.

64. All gas supplied by the Commissioners to any consumer of gas shall be supplied at such pressure as to balance from midnight to sunset a column of water not less than half an inch in height, and to balance from sunset to midnight a column of water not less than one inch in height at the main, as near as may be to the junction therewith of the service pipe supplying each consumer; and any gas examiner appointed under "The Gasworks Clauses Act, 1871," for the purposes of this Act may from time to time, subject to the terms of his appointment, at such testing place or elsewhere, as and when he thinks fit, test the pressure at which the gas is supplied, and for that purpose may open any street, road, passage, or place vested in or under the control of any local or road authority.

Testing of gas.

65. The Commissioners, within six months after the transfer, shall cause to be provided at their works a testing place with apparatus therein, according to the provisions of "The Gasworks Clauses Act, 1871"; and the burner to be used for testing the gas shall be a Sugg's London argand burner, No. 1.

Commissioners to pay interest on deposit.

66. Where any money is deposited by any person by way of security with the Commissioners for the payment to them of all moneys which may become due to them by such person in respect of any supply of gas or of the purchase or hire of any meter, the Commissioners may invest the same in any manner in which trustees are by law for the time being authorised to invest trust moneys, and shall pay interest at the rate of four pounds per

centum per annum on every sum of ten shillings deposited by way of such security for every six months during which the same remains in their hands.

Lands.

Power to acquire lands.

67. Except as herein-after provided, the Commissioners may, for any of the purposes of this Act, enter upon, take, and use such of the lands delineated on the deposited plans and described in the deposited book of reference as they may require for such purpose: Provided always, that no lands shall be used by the Commissioners for the purpose of manufacturing gas or residual products, except the lands used for such purposes by the Company at the time of the passing of this Act, and described in Schedule C. to this Act annexed.

Land not to be purchased by the Commissioners.

68. The Commissioners shall not purchase or take otherwise than by agreement any part of the land numbered 148 on the deposited plans, but the Commissioners shall have a right of way in common with the owners of that land, and the Commissioners shall not purchase or take any more of the land numbered 153 on the deposited plans than one rood thirty-five perches at the south end thereof, upon a portion of which the existing reservoir is situated: Provided always, that nothing herein contained shall alter, affect, or prejudice the estate or interest of the Company or of the Commissioners in the said premises, or in any of them, under a certain indenture of lease bearing date the 26th day of December 1857, and made between the Right Honourable Edward Mostyn, Lord Mostyn, and the Honourable Thomas Edward Mostyn Lloyd-Mostyn, of the one part, and the Company of the other part, or under the agreement in the Schedule D. to this Act annexed, and by this Act confirmed.

Differences with railway and other companies.

69. If any difference arise between the Commissioners and any railway, canal, or other company whose land or works the Commissioners have power under the authority of this Act to cross for the purpose of meeting the demands for water or gas within the limits of this Act as to the mode of laying down, repairing, altering, or enlarging pipes, or as to the facilities to be afforded for the same, the difference shall be settled by an engineer to be appointed by the Board of Trade at the request of either party.

Local Government.

As to promenade.

70. From and after the passing of this Act the promenade known as the Llandudno Promenade, and every extension of the same made over any lands with the consent of the owner or owners of

A.D. 1876.

such lands for the time being, but not otherwise, shall be and shall continue to be a public highway only for foot passengers and Bath chairs or other vehicles except bicycles drawn or propelled by any person or persons, and such promenade, and the walls, fences, and works connected therewith, shall be maintained as ordinary public highways within the limits of this Act, but the same shall be used subject to such regulations as the Commissioners may from time to time prescribe by byelaws under this Act: Provided always, that nothing in this Act or in the Public Health Act, 1875, contained shall be deemed or construed to vest in the Commissioners the fee simple of the promenade or any part thereof so declared to be a public highway.

Substitution of new roads for old roads.

71. The new roads specified in the first part of Schedule A. to this Act annexed shall be deemed to have been substituted for and shall be in lieu of the old roads specified in the second part of the said Schedule A., and the Commissioners are hereby declared to be absolutely freed and indemnified from all duties, obligations, and liabilities in respect of the said old roads.

As to certain roads.

72. The following roads shall (so soon as they shall have been metalled or otherwise made good to the satisfaction of the Commissioners) be deemed new roads, and shall be deemed to be included in the first part of Schedule A. to this Act under the heading "Description of New Roads":

No. 1 Road, from Bodafon to Shop-y-roe (the new Colwyn Road):

No. 2 Road, to the gasworks from Conway Road:

No. 3 Road, from railway station to junction with Mostyn Street:

No. 4 Road, from end of Abbey Road to entrance gates of new Marine Drive at Penmorfa.

The following roads shall be deemed old roads, and shall be deemed to be included in the second part of Schedule A. to this Act under the heading "Description of Old Roads in substitution of "which the New Roads described in the first part of the schedule "have been made":

No. 1 Road, from New Colwyn Road past Fynnon Sadwrn to Adwy Rhydd:

No. 2 Road, from New Colwyn Road through Brynybia to Simddahir: Provided always, that there shall be a right of public footway along the whole length of the said road from New Colwyn Road to Adwy Rhydd to and from a spring at Fynnon Sadwrn.

Certain old disused roads

73. The several portions of the old roads specified in the third part of the Schedule A. to this Act annexed shall from and after

the passing of this Act be vested in the owners of the lands adjoining the said portions of the said roads respectively, and the same shall be absolutely freed and discharged from all rights of way over, upon, or along the same, and from all trusts, rights, liberties, and easements whatsoever to which the same are or might be subject as such roads respectively, and shall be deemed to be limited and settled upon the like uses, trusts, and purposes and in the same manner as such adjoining lands are settled respectively, subject nevertheless to the right of public footway herein-before specified.

and streets to vest in adjoining owners.

74. The Commissioners may, if they think fit, contribute in any year any sum not exceeding one hundred pounds towards the expenses of maintaining a public band, subject to such terms and conditions as they may from time to time determine.

Power for Commissioners to contribute to expenses of band.

75. The Commissioners may from time to time, on such terms as to forfeiture or otherwise as they think fit, grant licenses empowering the persons to whom the same are granted to keep for hire any Bath chair or Bath chairs, or other vehicle or vehicles to be drawn or propelled by any person or persons, or any bathing-machine or bathing-machines, or any boat or boats. Every such license shall specify the number and description of such Bath chairs, vehicles, bathing-machines, or boats in respect of which the same is granted. And any person who shall without such license keep for hire any such Bath chair, vehicle, or boat as aforesaid or any bathing-machine within the limits of this Act shall be subject to a penalty not exceeding forty shillings.

Power to license.

76. The Commissioners may demand and take in respect of any licenses granted by them in pursuance of this Act any sum not exceeding two shillings and sixpence for every such Bath chair or vehicle, five shillings for every bathing-machine, and five shillings for each boat; and no such license shall be in force for more than one year from the granting thereof.

Terms of granting licenses.

77. Where any plan of any work is required to be laid before the Commissioners, a duplicate of the same shall be delivered together with such plan, and such duplicate shall become the property of the Commissioners, and shall be kept by them at their office, or elsewhere, as they shall think fit.

Duplicate of plans laid before the Commissioners to be kept by them.

BYELAWS.

78. The Commissioners may from time to time make byelaws for all or any of the purposes following; that is to say,

Power to make byelaws.

For regulating the user and enjoyment of the Llandudno Promenade and works connected therewith, and the beach and foreshore within the limits of this Act, for preserving order

A.D. 1876.

and good conduct among persons frequenting the said Llandudno Promenade and the beach and foreshore:

For preventing or restraining acts or things tending to the injury or disfigurement of or to any nuisance upon the said Llandudno Promenade, or anything in or on the same, or to any interference with the use thereof by the public:

For regulating street musicians within the limits of this Act, and prohibiting them from performing in such places, on such days, and at such times as the Commissioners may think unfit for such performances.

The Commissioners may from time to time repeal, alter, amend, or vary any such byelaw, or make a new byelaw or new byelaws in lieu thereof or in addition thereto: Provided always, that the railways, buildings, works, lands, and property now or hereafter belonging to the London and North-western Railway Company shall be exempt from the operation of any such byelaws.

The Commissioners may by any byelaw impose penalties for offences against the same, not exceeding in respect of any offence five pounds, and in case of a continuing offence, a further daily penalty not exceeding the sum of forty shillings for each day after written notice of the offence shall have been given by the clerk to the Commissioners to the offending party.

As to byelaws under this Act.

79. Nothing in this Act contained shall authorise the making of any byelaw repugnant to law or to this Act.

All byelaws made by the Commissioners under this Act shall be so framed as to allow of part only of the maximum penalty thereby imposed being inflicted.

All byelaws made by the Commissioners under this Act shall be made subject to confirmation by the Local Government Board.

FINANCIAL.

Providing for costs of execution of Act.

80. All costs, charges, and expenses from time to time incurred by the Commissioners with respect to the water undertaking and gas undertaking under this Act, shall be charged on and defrayed out of the revenue of the same and the general improvement rate; and all costs, charges, and expenses from time to time incurred by the Commissioners with respect to the other purposes of this Act shall be charged on and defrayed out of the general improvement rate: Provided always, that any limits imposed in respect of such general improvement rate by the Act of 1854 shall not apply to any rate required to be levied for the purpose of defraying any costs, charges, and expenses incurred by the Commissioners in the execution of this Act.

A.D. 1876.

81. The Commissioners may from time to time borrow at interest (not exceeding the rate of five pounds per centum per annum) such moneys as they may think requisite for the purposes of this Act, to an amount not exceeding in the aggregate fifty thousand pounds: Provided that in case further moneys shall be required for any of the aforesaid purposes, the Local Government Board may at the request of the Commissioners authorise them to borrow such further sums as the Local Government Board may from time to time think fit.

Power to borrow.

MORTGAGES.

82. For securing the repayment of moneys borrowed under the authority of this Act for any of the purposes of this Act, the Commissioners may mortgage the water undertaking and gas undertaking charged therewith by this Act and the revenue of the same and the general improvement rate, and in case the Commissioners shall secure the repayment of such moneys by mortgage the provisions of the Commissioners Clauses Act, 1847, with respect to mortgages to be executed by the Commissioners shall apply except where the same are herein-after expressly altered or varied:

Power to mortgage.

(1.) The Commissioners may from time to time, if they think fit, issue to holders of their mortgages coupons for the interest from time to time to fall due thereon, in such form as the Commissioners think fit, so as every coupon do refer to the mortgage to which it relates, and do specify the amount and time of payment of one half year's interest to fall due on the principal money secured by the mortgage, and be authenticated by the signatures of two persons thereunto expressly authorised by the Commissioners (which authorisation shall be presumed until the contrary is shown), and on presentation to the treasurer of a coupon he shall pay to the person presenting it the amount of interest thereon expressed and thereby appearing to be payable, and on audit of the treasurer's accounts the coupon shall be accepted as a sufficient warrant for his payment of the amount for which it was issued, but the treasurer shall not be bound to make any payment of interest beyond the amount of the money of the Commissioners then in his hands and applicable in that behalf:

Coupons for interest on mortgages.

(2.) All moneys borrowed or reborrowed by the Commissioners by mortgage under the authority of this Act may be borrowed and reborrowed for any term not exceeding sixty years, and subject as aforesaid may be repaid by yearly or half-yearly instalments, or by means of a sinking

Money borrowed on mortgage may be paid by instalments.

A.D. 1876.

fund: Provided that when the payment shall not be made by equal instalments, the instalment or instalments payable in each year, together with the interest payable in such year in respect of the principal moneys owing, of which such instalment or instalments form part, shall in every year amount to the same sum:

Sinking fund for payment of money borrowed on mortgage.

(3.) The Commissioners shall, not later than twelve months after the borrowing of any money on mortgage under the provisions of this Act, and thenceforth annually, set apart as a sinking fund for the payment of moneys borrowed on mortgage under this Act out of the revenue and general improvement rate upon the security of which such moneys have been borrowed, such a sum as will be sufficient to pay within the period stipulated with the lender (not exceeding sixty years from the time of borrowing) such proportion of the principal moneys so borrowed as shall not be repayable by yearly or half-yearly instalments, to be accumulated in the way of compound interest by investing in Exchequer bills or Government securities, and the Commissioners shall from time to time apply the said sinking funds respectively in repayment of such portion of those respective principal moneys until thereby or otherwise the whole of such portions have been fully paid Provided always, that whenever any of such principal moneys have been so paid off the Commissioners shall thenceforward, until the whole of such principal moneys have been paid off, pay into the sinking fund every year, in addition to the other sums herein-before required to be set apart and appropriated, a sum equal to the annual interest of the principal money so paid off: Provided further, that whenever and so long as the yearly income arising from the sinking fund shall be equal to the annual interest of the principal moneys then due and outstanding, the Commissioners may, in lieu of investing the said yearly income, apply the same in payment of such interest, and may during such periods discontinue the payment to the sinking fund of the yearly sums herein-before required to be paid thereto:

Annual return to Local Government Board with respect to sinking fund in respect of

(4.) The clerk to the Commissioners shall, within twenty-one days after the expiration of each year during which any sum is required to be set apart for a sinking fund or to be paid as an instalment in respect of moneys borrowed on mortgage under this Act, transmit to the Local Government Board a return in such form as may be prescribed

by that Board, and verified by statutory declaration if so required by them, showing the amount which has been paid as an instalment or invested for the purpose of such sinking fund during the year preceding the making of such return, and the description of such securities upon which the same has been invested, and also showing the purposes to which any portion of the moneys invested for the sinking fund have been applied during the same period, and the total amount remaining invested at the end of the year, and in the event of any wilful default in making such return such clerk shall be liable to a penalty of not exceeding twenty pounds. If it appear to the Local Government Board by such return, or otherwise, that the Commissioners have failed to pay any instalment, or to set aside the sum required by this Act for the sinking fund, or have applied any portion of the moneys set apart for that fund to any purposes other than those authorised by this Act, the Local Government Board may, by order, direct that a sum not exceeding double the amount in respect of which such default shall have been made shall be set apart and invested as part of the sinking fund, and such order shall be enforceable by writ of Mandamus to be obtained by the Local Government Board out of the High Court of Justice:

A.D. 1876.

moneys borrowed on mortgage.

(5.) The mortgagees of the Commissioners respectively may enforce payment of arrears of interest or principal, or principal and interest, due on their mortgages by the appointment of a receiver. In order to authorise the appointment of a receiver in respect of arrears of principal, the amount owing by the mortgagees by whom the application for a receiver is made shall not be less than one tenth of the amount which the Commissioners making default have borrowed on mortgage:

Receiver for mortgagees.

(6.) A person lending money to the Commissioners, secured by mortgage, shall not be bound or entitled to inquire as to the observance by them of any provision of this Act, or be bound to see to the application, or be answerable for any loss or non-application of the money lent, or of any part thereof.

Protection of lenders from inquiry.

LOANS UNDER LOCAL LOANS ACT, 1875.

83. The Commissioners, if they think fit, in lieu of borrowing on the security of mortgages as herein-before provided, may borrow the moneys which they are by this Act authorised to borrow under the powers and subject to the provisions of the Local Loans Act,

Power to borrow under Local Loans Act, 1875.

A.D. 1876.

1875, by means of a loan or loans, to be raised by the issue of debentures, debenture stock, or annuity certificates, or partly in one way and partly in another. Any moneys borrowed in manner by this section authorised for any of the purposes of this Act, shall be a charge upon the revenue of the water undertaking and the gas undertaking charged therewith by this Act, and upon the general improvement rate, and such revenue and rate shall be deemed to be the local rate within the meaning and for the purposes of the Local Loans Act, 1875. Every such loan shall be discharged within sixty years from the date thereof, and such discharge, or any part thereof, shall be effected by means of a sinking fund, if the Commissioners shall so think fit; and if the Commissioners at any time think fit to form any such sinking fund, all sums paid into the same shall, as soon as may be, be invested by the Commissioners in any manner in which trustees are by law for the time being authorised to invest trust moneys.

General.

Income of Commissioners under Act.

84. All moneys from time to time borrowed by the Commissioners under this Act, and all moneys from time to time received by or for the use of the Commissioners under this Act, shall forthwith after the receipt thereof be paid to the treasurer of the Commissioners.

Application of moneys borrowed.

85. All moneys from time to time borrowed under this Act shall be applied by the Commissioners to the following purposes:

First. In payment of the costs, charges, and expenses of and incident to the preparing, applying for, obtaining, and passing of this Act, or otherwise in relation thereto:

Secondly. In payment of the costs, charges, and expenses by this Act payable in respect of the transfer of the undertaking of the Company and of the mortgage debt of the Company, and of the sums payable by the Commissioners to the Company as by this Act provided, and also of and incident to the purchase by the Commissioners of land under this Act and the construction of the waterworks or works connected therewith authorised by this Act, and the extension and improvement of the waterworks and works connected therewith, and the gasworks and works connected therewith.

Power to Commissioners to form a depreciation fund.

86. The Commissioners, in order to defray and provide for the expenses attendant upon or occasioned by any sudden breach of or accident to the waterworks and water mains and the engines and plant connected therewith, and the gasworks and gas mains and the engines and plant connected therewith, or otherwise in relation thereto respectively, and for the purpose of maintaining such waterworks, water mains, engines, and plant connected therewith, and the

gasworks and gas mains and the engines and plant connected therewith, in efficient condition and repair, may appropriate and set apart annually such part of their revenue arising from their water undertaking and gas undertaking, not exceeding five hundred pounds in any one year, as they think fit, and shall carry the sums so set apart to the credit of a fund to be called "The Water and Gas Depreciation Fund," but the said depreciation fund shall not at any time exceed in the aggregate the sum of five thousand pounds, and so soon as it shall reach that amount the appropriation and setting apart aforesaid in respect of such depreciation fund shall be suspended until such depreciation fund shall from any cause fall below the said sum of five thousand pounds, and the Commissioners may from time to time invest all moneys carried to the credit of the water and gas depreciation fund in any manner in which trustees are by law for the time being authorised to invest trust moneys, and any interest arising from the investment of any moneys forming part of such water and gas depreciation fund shall be carried from time to time to the credit of the improvement rate.

Application of revenue.

87. All moneys from time to time received by the Commissioners by way of revenue in respect of their water undertaking and gas undertaking under this Act shall be applied for the following purposes on behalf of the undertaking in respect of which such moneys are received:

First. In payment of the establishment charges; that is to say, of the expenses properly chargeable to revenue of establishing, conducting, managing, and maintaining the waterworks and gasworks and works connected therewith respectively:

Secondly. In payment of the interest on the money for the time being due on account of the mortgage debt at the time of the transfer due by the Company, and charged on such undertaking under this Act:

Thirdly. In payment of the annuities granted to the shareholders of the Company under the authority of this Act, and for the time being payable by the Commissioners:

Fourthly. In forming the water and gas depreciation fund by this Act authorised:

Fifthly. In providing for the instalments or sinking fund for the redemption of annuities and for the discharge of any moneys borrowed or raised under the authority of this Act, in accordance with the provisions in that behalf of this Act or of the Local Loans Act, 1875, according as such moneys so borrowed or raised have been secured by mortgage under this Act, or in the manner prescribed by the Local Loans Act, 1875, and the balance, if any, shall be applied in aid and reduction of the general improvement rate.

A.D. 1876.

Improvement rate to be resorted to to make up deficiency in water and gas revenue.

88. In case the revenue of the Commissioners from their water undertaking and their gas undertaking shall in any year be insufficient for the purpose of defraying the costs, charges, and expenses of the Commissioners with respect thereto under this Act, the Commissioners may in such year include the amount of such insufficiency in their estimate for and defray the same out of the general improvement rate; but the Commissioners shall not defray any such insufficiency out of the general improvement rate in any year in which they charge less than the maximum price for water or gas respectively to any ordinary consumers within the limits of this Act.

For the protection of the London and North-western Railway Company.

89. The Commissioners shall for the protection of the London and North-western Railway Company be bound by and shall observe and perform the following stipulations, restrictions, and conditions:

1. The work No. 4 (Conduit No. 1) shown on the deposited plans shall be carried across the Chester and Holyhead and the St. George's Harbour Railways of that company in the course and according to the line thereof, as shown on the same plans, and according to the level thereof as shown on the deposited sections, and in so carrying the same across and alongside of those railways, as also in laying down any mains or pipes or in executing any other works under or in exercise of the powers conferred by this Act across, alongside, or in any way affecting those railways or any of the bridges or other works thereof, or any lands or property belonging to or used or occupied by that company, the same shall be done under the superintendence and to the reasonable satisfaction of the principal engineer of that company, and according to plans to be submitted to and approved by him before any such works are commenced, and such works shall be executed by and in all things at the expense of the Commissioners, and so as not to cause any injury to any such railways, bridges, or other works, lands, or property, or interruption to the passage or conduct of the traffic over any such railways or at any station thereof, and if any such injury shall arise to any such railways, bridges, or other works, lands, or property, or interruption to such traffic, the Commissioners shall make full compensation to that company in respect of such injury or interruption:
2. The said conduit shall for its entire length across the said railways and the lands and works thereto respectively belonging, and for fifteen feet on each side of those railways, be of such material, dimensions, quality, and thickness as such engineer shall in writing reasonably require:

A.D. 1876.

3. The said conduit and all the works so to be executed by the Commissioners across, alongside, or in any way affecting the said railways, bridges, or other works, lands, or property, shall be maintained and renewed by them, and such renewals and repairs be effected to the reasonable satisfaction and under the superintendence of such engineer, and when the works for such crossings, maintenance, or renewals are commenced, they shall be executed and completed with all due despatch. And in case the Commissioners fail to execute such maintenance and renewals, that company may make and do in and upon as well their own lands as on the lands of the Commissioners all such works and things as that company may reasonably think requisite in that behalf, and the sum certified by such engineer to be the reasonable amount of such their expenditure shall be repaid to that company by the Commissioners, and in case of nonpayment may be recovered from them with full costs in any court of competent jurisdiction :

4. If by reason of any works or proceedings of the Commissioners or of their contractors, or of any employés of the Commissioners or of their contractors, or the failure of any such works, or the leakage or bursting of any of the mains or pipes of the Commissioners, the said railways of that company or any of the works thereof shall be injured or damaged, such injury or damage shall be forthwith made good by the Commissioners at their own expense, and to the reasonable satisfaction of such engineer ; and in the event of their failing so to do, that company may make good the same, and recover as aforesaid the expenses thereof, certified as aforesaid, against the Commissioners, with full costs ; and if any interruption shall be occasioned to the traffic of the said respective railways by reason of any of the operations or failure of any of the works of the Commissioners or of their contractors, or any such employés as aforesaid, or by reason of any such leakage or bursting as aforesaid, the Commissioners shall pay to that company all costs and expenses to which they may be put, as well as full compensation for the loss and inconvenience sustained by them by reason of any such interruption, such costs, expenses, and compensation to be recoverable as aforesaid against the Commissioners, with full costs :

5. The Commissioners shall acquire only an easement in and upon such of the works, lands, and property of that company as may be necessary for constructing and maintaining

A.D. 1876.

the said conduit, as shown on the deposited plans, and the company shall sell and grant to the Commissioners such easement accordingly.

Saving rights of railway companies herein named.

90. Nothing in this Act contained shall prejudice, lessen, take away, or interfere with the lands, property, rights, powers, and privileges of the London and North-western and Chester and Holyhead Railway Companies, or either of them, otherwise than is herein expressly provided.

For the protection of the Board of Trade.

91. The seventeenth section of the Railways Clauses Consolidation Act, 1845, and sections thirteen, eighteen, and nineteen of the Railways Clauses Act, 1863, are incorporated with this Act, and the provisions of these sections shall apply to all the works below high water mark which the Commissioners may construct under the authority of this Act, and the Commissioners shall be deemed to be a "company" for the purposes of the said sections.

Saving rights of the Crown in the foreshore.

92. Nothing contained in this Act shall authorise the Commissioners to take, use, or in any manner interfere with any portion of the shore or bed of the sea, or of any river, channel, creek, bay, or estuary, or any right in respect thereof, belonging to the Queen's most Excellent Majesty in right of her Crown, and under the management of the Board of Trade, without the previous consent in writing of the Board of Trade on behalf of Her Majesty (which consent the Board of Trade may give), neither shall anything in this Act contained extend to take away, prejudice, diminish, or alter any of the estates, rights, privileges, powers, or authorities vested in or enjoyed or exerciseable by the Queen's Majesty, her heirs or successors.

Saving rights of the Crown.

93. Nothing in this Act shall be deemed or construed to prejudice, interfere with, or affect any estate, property, rights, interests, easements, liberties, or privileges of Her Majesty in right of her Crown; and it is hereby declared that nothing in this Act shall deprive the Crown of any right or interest which the Crown would have possessed, or confer upon the Crown any right or interest which the Crown would not have possessed, if this Act had not been passed.

Saving of rights of Mostyn trustees.

94. Save as is in this Act otherwise expressly provided, nothing in this Act contained shall take away or in any manner lessen, prejudice, defeat, or destroy any rights or interests vested in or possessed by the trustees or other the owners for the time being of the Mostyn estate.

Saving for existing charges.

95. Nothing in this Act shall prejudicially affect any charge on any property of the Commissioners, and any fund in their hands,

and any rate leviable by them under the Act of 1854, or any other Act whatsoever, or any of them, by way of annuity, mortgage, or otherwise subsisting at the commencement of this Act, and every annuitant, mortgagee, or incumbrancer, or person for the time being entitled to the benefit of any such charge, shall have the same priority of charge, and all the like rights and remedies in respect of the property subject to the charge, as if this Act had not been passed, and all such charges created before the commencement of this Act shall, during the subsistence thereof, have priority over any mortgage or debenture stock granted under this Act.

Expenses of Act.

96. The costs, charges, and expenses preliminary to and of and incidental to the preparing of, and applying for, and obtaining and passing of this Act shall be paid by the Commissioners out of moneys borrowed under the authority of this Act, or out of the general improvement rate, or other moneys coming to their hands, and such costs shall include the costs incurred by the Commissioners in complying with the provisions of the Act of the session of Parliament held in the thirty-fifth and thirty-sixth years of the reign of Her present Majesty, chapter ninety-one, with respect to the Bill for this Act, and all matters relating thereto.
