Provisional Order in pursuance of the Labourers (Ireland) Act, 1883, *authorising the purchase and taking of Land otherwise than by agreement.*

Whereas representations have been made in pursuance of and in accordance with the provisions of the Labourers (Ireland) Act, 1883, to the guardians of the poor of the Lismore Union (herein-after called the sanitary authority) with respect to the existing house accommodation for agricultural labourers and their families in sections of the sanitary district of the sanitary authority defined in such representations, which representations were accompanied by the certificates of the sanitary officers required by the said Act:

sanitary district, and resident within the areas upon which the costs of the said schemes are by the said schemes proposed to be charged:

And whereas the said improvement schemes were, in pursuance of the provisions of the said Act, accompanied by maps, particulars, and estimates, which have been deposited in the office of the Local Government Board for Ireland (herein-after called the Local Government Board) in Dublin, and are herein-after called the deposited maps, particulars, and estimates:

And whereas upon the completion of the said schemes the sanitary authority complied with the provisions contained in the seventh section of the said Act, with respect to the publication of advertisements and the service of notices, and thereupon presented petitions to the Local Government Board, praying that Orders might be made confirming the said schemes, which said petitions were accompanied by copies of the said schemes, and contained the statements required by the said section, and were supported by such evidence as was required by the Local Government Board:

And whereas on consideration of the said petitions, and on proof of the publication of the proper advertisements and the service of the proper notices, the Local Government Board thought fit to proceed with the cases, and directed a local inquiry to be held, in pursuance of the said Act, for the purpose of ascertaining the correctness of the representations made as to the sections (therein referred to), and the deficiency of houses for agricultural labourers, and the sufficiency of the schemes, and any local objections to be made to such schemes, and as to the propriety of confirming such schemes:

And whereas the Local Government Board have received the report made on such inquiry, and the Local Government Board think fit to make this Provisional Order confirming the said schemes with certain alterations, and the schemes so altered are set out in the Schedule hereto:
