And whereas by Sections 5 and 6 of the Local Act, provision was made for the constitution of a Joint Committee of the Local Boards (herein-after referred to as "the Joint Committee") for the execution of the Act, and for the inspection and auditing of the accounts of the Joint Committee;

And whereas by Section 29 of the Local Act, each of the Local Boards were empowered from time to time for the purpose of enabling them to pay their proportion of the price or consideration money payable for the purchase of the undertaking therein referred to, or to meet any call made on them by the Joint Committee, which such Local Board might be unable or think it inexpedient to meet out of revenue, to borrow on the security of their district fund and general district rates, such sums not exceeding in the whole for each Local Board the sum of twenty-five thousand pounds, as they might think requisite, and by the same section it was provided that all money so borrowed should be applied only for purposes of the Local Act;

And whereas by Section 30 of the Local Act, the three Local Boards respectively were required under such provisions as should be sanctioned by the Local Government Board, to pay off all money borrowed by them under the Local Act, either by half-yearly or yearly instalments, or by means of a sinking fund from time to time set apart, and with the produce and accumulations thereof applied in that behalf; that is to say, they were required to pay off all money so borrowed within fifty-three years from the time of borrowing, but were not bound to pay any instalment or to set apart a sinking fund until after the expiration of five years from the passing of the Local Act;

And whereas by Section 44 of the Local Act, it was enacted that if at any time under Sections 26 to 32 (both inclusive) of the Public Health Act, 1872, or under any enactment for the time being substituted for those sections, the districts of the three Local Boards (with or without a part of any adjacent township or district) were formed into a united district for all purposes of the Sanitary Acts, then the powers and functions of the Joint Committee should thereupon cease, and their gas undertaking, together with all other property and rights subject to their contracts and liabilities, should be transferred to or for the benefit, and carried on by the Joint Board of the united district;

And whereas the Local Act is a Local Act within the meaning of Section 303 of the Public Health Act, 1875, and the Local Board, as such Urban Sanitary Authority as aforesaid, have applied to the Local Government Board to partially repeal, alter, and amend the same as herein-after mentioned;

And whereas the Local Government Board, upon receipt of such application, directed Local Inquiry to be held on the subject, which Inquiry was held, after due public notice, and report has been made to them thereon:

Now therefore, We, the Local Government Board, in pursuance of the powers given to Us by the Statutes in that behalf, do hereby Order that, from and after the date of the Act of Parliament confirming this Order (herein-after referred to as "the commencement of this Order"), the following provisions shall take effect, viz.:—

(2.) That so much of the sum of sixty-eight thousand three hundred and thirty-two pounds nine shillings and sevenpence, owing as herein-before recited, as has been borrowed by the Local Board before the commencement of this Order, shall be deemed to have been authorised to be borrowed

Section 31 of the Local Act shall be altered and amended, so as to provide that the Local Board shall not reborrow any principal money borrowed by them under that Act, and paid off by means of a sinking fund, but that subject thereto they may reborrow any money borrowed by them under the Local Act and paid off, provided that the money so borrowed is repaid within fifty-three years from the First day of August, One thousand eight hundred and seventy-four, and that no such reborrowing shall affect any obligation of the Local Board with respect to the sinking fund to be set apart under Article III. of this Order.

Art. VI. Section 32 of the Local Act shall be repealed, and in lieu thereof the following provisions shall have effect; viz.—

(*a.*) The Clerk to the Local Board shall, within twenty-one days after the First day of August in every year during which any sum is required to be set apart for a sinking fund in accordance with the provisions of this Order, transmit to the Local Government Board a return in such form as may be prescribed by that Board, and verified by statutory declaration, if so required by them, showing the amounts which have been invested or applied for the purposes of such sinking fund during the year next preceding the making of such return, and the description of the securities upon which any investment has been made, and the purposes to which any portion of the sinking fund or investment, or of the sums accumulated by way of interest, has been applied during the same period, and the total amount (if any) remaining invested at the end of the year; and in the event of any wilful default in making such return, such clerk shall be liable to a penalty not exceeding twenty pounds, which shall be paid to the Local Government Board, and shall be recoverable by that Board in the same manner as penalties recoverable under the Public Health Act, 1875, in a summary manner may be recovered by parties aggrieved within the meaning of that Act.

(*b.*) If it appears to the Local Government Board, by that return or otherwise, that the Local Board have failed to set apart any sum required for any sinking fund, or have applied any portion of the money set apart for any sinking fund, or of the sums accumulated by way of interest, to any

purposes other than those authorised, they may, by Order, direct that a sum not exceeding double the amount in respect of which default has been made shall be set apart and invested, or applied as part of the sinking fund; and any such Order shall be enforceable by writ of mandamus, to be obtained by the Local Government Board out of Her Majesty's High Court of Justice.

Art. VII. Sections 33 and 34 of the Local Act shall be altered and amended so as to apply to the Local Board instead of the three Local Boards wherever the same are referred to either separately or collectively therein, and to the general district rate of the district wherever reference is made therein to the general district rates of the respective districts of the three Local Boards.

Art. VIII. Section 38 of the Local Act shall be repealed, and in lieu thereof the following provisions shall have effect; viz.,—

The Local Board shall keep accounts in respect of their gasworks separate from all their other accounts, and shall in such accounts distinguish their receipts and expenditure on revenue or capital account, and shall apply all money from time to time received by them in respect of their gasworks undertaking, except moneys applicable as capital, as follows; that is to say,—

First. In paying the working and the establishment expenses, and the cost of the maintenance of their gasworks.

Secondly. In paying the interest on the principal money borrowed by them under the Local Act, and on so much of any money borrowed for the purpose of repaying the same, as shall from time to time remain unpaid.

Thirdly. In providing for the sinking fund required to be set aside in accordance with the provisions of this Order.

Fourthly. In providing a reserve fund, if they think fit, by setting aside such money as they from time to time think reasonable, and investing the same and the resulting income therefrom, in any securities in which their sinking fund may be invested under this Order, and accumulating the same at compound interest, but so that the reserve fund thus formed shall not at any time exceed ten thousand pounds.

Art. IX. The Local Board after applying, in the manner provided by Article VIII. the moneys received by them as aforesaid in respect of their gasworks, shall apply any balance of the moneys so received remaining in any year, and when the reserve fund amounts to ten thousand pounds, shall apply the annual proceeds of such fund, in repaying any principal moneys borrowed or reborrowed by them under the Local Act as hereby amended, or in providing for the repayment of such moneys by means of a sinking fund, invested, accumulated, and applied in accordance with the provisions of this Order, or in reducing the price of gas, or to any other public object, which shall appear to them to be for the benefit of the District.

Art. X. The reserve fund to be formed as herein-before provided shall be applicable to meet any extraordinary claim or demand at any time arising against the Local Board in respect of their gasworks, or any expenses incurred by the Local Board in carrying out any extensions of such gasworks.

A.D. 1881.

Leigh Order.

Art XI. If in any year the money received by the Local Board in respect of their gasworks, other than moneys received on capital account, shall be insufficient for the payments required to be made under Art VIII. of this Order, other than payments for the provision of a reserve fund, the deficiency shall be made good out of the district fund and general district rate of the district.

Art. XII. Section 44 of the Local Act shall be altered and amended so as to provide that the powers and functions of the Joint Committee shall be deemed to have ceased, and their gas undertaking together with all their other property and rights, subject to their contracts and liabilities, shall be deemed to have been transferred to the Local Board for the benefit of the district from and after the date of the first meeting of the Local Board.

Given under the Seal of Office of the Local Government Board, this Eleventh day of May, One thousand eight hundred and eighty-one.
