Given under the official seal of the Minister of Housing and Local Government this seventeenth day of September, nineteen hundred and fifty-four.

(L.S.)

Harold Macmillan,
Minister of Housing and Local Government.

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These regulations re-enact with some amendments the Local Government Superannuation (Actuarial Valuations) Regulations, 1939. Under the Local Government Superannuation Act, 1937, periodical valuations are required of superannuation funds maintained under the Act. These regulations prescribe the time within which administering authorities are required to obtain an actuary's valuation of, and a report on, the assets and liabilities of the fund; specify the information to be supplied by the administering authority to the actuary and the nature of the information to be included in the report; and prescribe the forms to be used.

1954 No. 1260 (S. 123)

The Local Government Superannuation (Actuarial Valuations) (Scotland) Regulations, 1954

Made - - - -	*23rd September*, 1954
Laid before Parliament	*30th September*, 1954
Coming into Operation	*1st October*, 1954

In exercise of the powers conferred on me by subsection (3) of section 18 and subsection (6) of section 31 of the Local Government Superannuation (Scotland) Act, 1937(a), and of all other powers enabling me in that behalf, I hereby make the following regulations:—

PART I

GENERAL

Citation and Commencement

1. These regulations may be cited as the Local Government Superannuation (Actuarial Valuations) (Scotland) Regulations, 1954, and shall come into operation on the first day of October, 1954.

(a) 1 Edw. 8 & 1 Geo. 6. c. 69.

Interpretation

2.—(1) In these regulations the following expression has the meaning hereby assigned to it—

"the Act" means the Local Government Superannuation (Scotland) Act, 1937.

(2) References in these regulations to female officers or servants with a pensionable age of fifty-five years are references to female officers or servants whose entitlement to a benefit by way of annual amounts (other than a benefit payable in consequence of permanent ill-health or infirmity of mind or body) arises, if they have completed any requisite minimum period of service, on attainment of the age of fifty-five years.

(3) The Interpretation Act, 1889(**a**), applies to the interpretation of these regulations as though these regulations and the regulations hereby revoked were Acts of Parliament.

Revocation

3. The Local Government Superannuation (Actuarial Valuations) (Scotland) Regulations, 1939(**b**), are hereby revoked.

PART II

PERIOD WITHIN WHICH ACTUARIAL VALUATION AND REPORT TO BE OBTAINED AND PARTICULARS TO BE FURNISHED TO ACTUARY

4.—(1) An actuarial valuation of, and a report on, the assets and liabilities of the superannuation fund maintained by any administering authority which is required to be made by subsection (3) of section 18 of the Act shall be obtained by the administering authority within fifteen months after the date as at which the fund is in accordance with the provisions of that subsection to be valued by an actuary, or within such extended period as the Secretary of State may allow.

(2) The administering authority shall within six months after the date aforesaid furnish the actuary who is to consider the condition of the fund with the necessary information to enable him to do so, including such particulars relating to the fund as are specified in the First Schedule to these regulations.

PART III

FORM OF AND INFORMATION TO BE CONTAINED IN REPORT ON ACTUARIAL VALUATION

Preliminary—Accounts and statistics

5.—(1) The first part of the report of an actuary on any valuation made under section 18 of the Act shall indicate the date (hereinafter referred to as "the valuation date") as at which the valuation was made and acknowledge the receipt from the administering authority of the documents referred

(**a**) 52 & 53 Vict. c. 63. (**b**) S.R. & O. 1939/575 (Rev. XVII, p. 869: 1939 II, p. 2589).

to in the First Schedule to these regulations, all of which documents shall be appended to the report.

(2) There shall also be appended to the report—

(*a*) particulars in the form set out in Form C in the Second Schedule to these regulations of changes in membership of the fund since the last valuation and of the membership of the fund on the valuation date ;

(*b*) particulars in the form set out in Forms D and E in the Second Schedule to these regulations of pensioners of the fund during the accounting period ; and

(*c*) supplementary particulars in the form set out in Form F in the Second Schedule to these regulations of persons who became pensioners of the fund during the period commencing two years before the beginning of the accounting period and ending two years before the valuation date.

(3) The first part of the report shall close with a statement which shall—

(*a*) show the number of employees in each of the following categories namely :—

(i) persons to whom, by virtue of regulation 11 of the National Insurance (Modification of Local Government Superannuation Schemes) (Scotland) Regulations, 1947(**a**), as amended(**b**), the Act of 1937 applies subject to the like modifications as were applicable to them by virtue of a scheme made pursuant to subsection (3) of section 28 of the Widows', Orphans' and Old Age Contributory Pensions Act, 1936(**c**) ; and

(ii) all other persons whose rights or liabilities with respect to the payment of superannuation contributions or the receipt of superannuation benefits are subject to modification, in relation to the National Insurance Act, 1946(**d**), in pursuance of the aforesaid regulations or of similar provisions contained in an Act or in an instrument made under an Act ;

(*b*) contain a general description of the scheme or schemes applicable to persons in category (i) of the last foregoing sub-paragraph.

6. The second part of the report shall contain the following information, namely—

(*a*) general observations regarding mortality, withdrawal and retirement from service, and progression of salaries during the accounting period and general observations on any other factors entering into the valuation ;

(*b*) a description of the mortality rates and all other rates used ; specimen rates to be shown in an appendix to the report in the manner indicated in the form set out in Form G in the Second Schedule to these regulations ;

(**a**) S.R. & O. 1947/1697 (Rev. XVI, p. 286: 1947 I, p. 1509).

(**c**) 26 Geo. 5 & 1 Edw. 8. c. 33.
(**d**) 9 & 10 Geo. 6. c. 67.

(*c*) the average rate of interest realised by the assets of the fund, whether invested or uninvested, during the accounting period ;

(*d*) the rate of interest assumed in the calculations for the purpose of the valuation ;

(*e*) a statement indicating—

(i) whether and how it has been secured that the estimated net liability in respect of any employee is not negative ;

(ii) the amounts of and the reasons for any special reserves which have been set up.

Liabilities arising from certain causes

7.—(1) The third part of the report shall contain a certified estimate of the total amount of the liabilities which have been imposed on the superannuation fund during the accounting period in respect of the following classes of employees of each of the authorities interested in the fund, and for which provision is not being made therein, namely—

(*a*) employees of that authority, not being officers who became contributory employees by virtue of section 25 (2) of the Act (which relates to whole-time officers appointed in a temporary capacity), who had not been subject to any provision for superannuation before becoming contributory employees of that authority, or who became contributory employees after a disqualifying break of service or in such circumstances that any transfer values receivable in respect of them related to part only of the previous service which they became entitled to reckon as service ;

(*b*) persons who ceased to be employees of that authority and became, by virtue of section 25 (2) of the Act, contributory employees of other authorities in such circumstances that transfer values became payable in respect of them or would have become so payable but for the fact that the authorities in whose employment they became contributory employees are also interested in the superannuation fund ;

(*c*) officers who became contributory employees of that authority by virtue of section 25 (2) of the Act, but—

(i) in respect of whom transfer values were not receivable and, in cases in which such officers had previously been employed by authorities also interested in the superannuation fund, would not have been receivable apart from that fact ;

(ii) in respect of whom any transfer values receivable related to part only of the previous service which they became entitled to reckon as service ;

(iii) in respect of whom any transfer values which would have been receivable but for the fact that authorities by whom such officers had been previously employed are also interested in the superannuation fund would have related to part only of the previous service which they became entitled to reckon as service ;

(*d*) employees who became contributory employees of that authority as—

(i) officers or servants entitled to contribute at rates lower than six per cent. or five per cent. respectively ;

(ii) female officers or servants with a pensionable age of fifty-five years ;

(*e*) contributory employees of that authority whose rights or liabilities with respect to the payment of superannuation contributions or the receipt of superannuation benefits, in relation to the National Insurance Act, 1946, are subject to modification in pursuance of such regulations or provisions as are referred to in sub-paragraph (*a*) of paragraph (3) of regulation 5 of these regulations;

(*f*) causes other than those specified in the preceding sub-paragraphs of this paragraph for which special provision ought properly to be made.

(2) This part of the report shall close with a recommendation as to the aggregate annual amount which should be paid into the fund during a period not exceeding forty years from the valuation date by each authority interested in the fund to meet such estimated liabilities as are certified under paragraph (1) of this regulation to have been imposed on the fund.

(3) This part of the report shall not be required where only one authority is interested in the superannuation fund.

Valuation results

8. There shall be appended to the report a valuation balance sheet which shall be in the form set out in Form H in the Second Schedule to these regulations.

9.—(1) The following information shall be furnished in the fourth part of the report—

(*a*) if a surplus is disclosed in the valuation balance sheet, a statement indicating generally the factors which have caused the surplus and certifying the amount (if any) which may properly be regarded as disposable;

(*b*) if a disposable surplus is certified, a recommendation for the division of the disposable surplus between the authorities interested in the superannuation fund, indicating the basis adopted for the proposed division and the manner in which it should be effected;

(*c*) if a deficiency is disclosed, a statement indicating generally the factors which have caused the deficiency and a recommendation for the allocation of the deficiency among the authorities interested in the superannuation fund, indicating the basis adopted for the proposed allocation and the annual amount which should be paid into the fund during a period not exceeding forty years from the valuation date by each authority interested in the fund in order to liquidate the deficiency.

(2) If it is impracticable to furnish any of the information provided for in paragraph (1) of this regulation, the reason shall be stated and a recommendation added as to any steps that might be taken with a view to the ascertainment of the information.

10. The report shall close with any further observations the actuary may wish to offer on the valuation.

PART IV

SUPPLEMENTARY

Forms

11. Any information required by these regulations to be furnished in a prescribed form may be furnished in a form as near thereto as circumstances admit.

Saving for current valuations

12. Notwithstanding anything in the preceding provisions of these regulations a valuation and report required to be made by subsection (3) of section 18 of the Act as at a date earlier than a date of coming into operation of the Local Government Superannuation (Benefits) (Scotland) Regulations, 1954(a), may be made in the manner in which that valuation and report would have been made if these regulations had not been made.

Dated this 23rd day of September, nineteen hundred and fifty-four.

James Stuart,
One of Her Majesty's Principal Secretaries of State.

St. Andrew's House,
Edinburgh.

FIRST SCHEDULE

PARTICULARS TO BE FURNISHED TO ACTUARY

1. A consolidated revenue account of the superannuation fund in the form set out in Form A in the Second Schedule to these regulations for the period from the date as at which the fund was last valued under the Act down to the date (hereinafter called " the valuation date ") as at which the fund is to be valued.

2. A list of the assets of the superannuation fund on the valuation date in the form set out in Form B in the Second Schedule to these regulations.

3. A balance sheet of the fund on the valuation date certified correct by the Chief Financial Officer.

Notes.—(i) Separate tables are to be provided for the following classes:—

(*a*) Male officers.

(*b*) Female officers (other than those specified at (*c*)).

(*c*) Female officers with a pensionable age of 55 years.

(*d*) Male servants.

(*e*) Female servants (other than those specified at (*f*)).

(*f*) Female servants with a pensionable age of 55 years.

If there are no members in one or more of these classes, the class or classes of which there are no members should be stated.

(ii) The method adopted in calculating the ages should be stated.

(iii) In respect of the class mentioned at (*c*) and (*f*) in Note (i), statistics should be given at individual ages in the age-group 55–59.

(iv) Employees who ceased to hold their employment but who, under rules made under section 2 of the Superannuation (Miscellaneous Provisions) Act, 1948, or under similar provisions contained in any Act or in any instrument made under an Act retain contingent rights to superannuation benefits from the fund should be included among transfers.

(v) "Withdrawals" should include all employees who ceased to hold their employment through causes other than death or retirement on an allowance and who are not known to have transferred to other pensionable employment.

(vi) "Retirements on allowances" should include all employees who on retirement became entitled to a retirement pension under regulation 5 (1) of the Local Government Superannuation (Benefits) (Scotland) Regulations, 1954, or any corresponding benefit (whether by virtue of an election to retain previous rights or otherwise).

(vii) The column headed "Exposed to risk" should be completed by the actuary; a brief note of the method of calculation should be given. The "exposed to risk" number is the number of membership-years during the accounting period; thus a person who was a member of the fund during the whole of the period would contribute 5 to the total "exposed to risk", whilst a person who was a member for a shorter period would contribute a correspondingly smaller number.

(*d*) Male servants.

(*e*) Female servants (other than those specified at (*f*)).

(*f*) Female servants with a pensionable age of 55 years.

If there are no members of one or more of these classes, the class or classes of which there are no members should be stated.

(ii) The method adopted in calculating the ages should be stated.

(iii) The columns headed "Ill-health" and "Age" refer respectively to pensioners who became entitled to a retirement pension under regulation 5 (1) (*a*) of the Local Government Superannuation (Benefits) (Scotland) Regulations, 1954, or any corresponding benefit (whether by virtue of an election to retain previous rights or otherwise) and to pensioners who became entitled to a retirement pension under regulation 5 (1) (*b*) or 5 (1) (*c*) of the last-mentioned regulations or any corresponding benefit (whether by virtue of an election to retain previous rights or otherwise).

(iv) The total amount per annum of pensions payable in respect of the total number of pensioners in each class at the end of the period should be stated, separately for ill-health pensions and age pensions.

(v) The column headed "Exposed to risk" should be completed by the actuary; a brief note of the method of calculation should be given. The "exposed to risk" number is the number of membership-years during the accounting period; thus a person who was a pensioner of the fund during the whole of the period would contribute 5 to the total "exposed to risk", whilst a person who was a pensioner for a shorter period would contribute a correspondingly smaller number.

Notes.—(i) Widows whose only pension from the fund is derived from the surrender of part of a superannuation allowance under section 16 of the Local Government Superannuation Act, 1953, or under the corresponding provisions of any other enactment, are not to be included in this form.

(ii) The method adopted in calculating the ages should be stated.

(iii) The total amount per annum of pensions payable at the end of the period should be stated.

(iv) The column headed " Exposed to risk " should be completed by the actuary; a brief note of the method of calculation should be given. The " exposed to risk " number is the number of membership-years during the accounting period; thus a person who was a widow pensioner of the fund during the whole of the period would contribute 5 to the total " exposed to risk ", whilst a person who was a widow pensioner for a shorter period would contribute a correspondingly smaller number.

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These regulations re-enact with some amendments the Local Government Superannuation (Actuarial Valuations) (Scotland) Regulations, 1939. Under the Local Government Superannuation (Scotland) Act, 1937, periodical valuations are required of superannuation funds maintained under the Act. These regulations prescribe the time within which administering authorities are required to obtain an actuary's valuation of, and a report on, the assets and liabilities of the fund; specify the information to be supplied by the administering authority to the actuary and the nature of the information to be included in the report; and prescribe the forms to be used.

1954 No. 1192

The Local Government Superannuation (Administration) Regulations, 1954

Made - - - -	*9th September*, 1954
Laid before Parliament	*15th September*, 1954
Coming into Operation	*1st October*, 1954

The Minister of Housing and Local Government, in exercise of his powers under subsection (6) of section 36 of the Local Government Superannuation Act, 1937(a), and subsection (2) of section 21 of the Local Government Superannuation Act, 1953(b), and of all other powers enabling him in that behalf, hereby makes the following regulations:—

PART I

GENERAL

Citation and commencement

1. These regulations may be cited as the Local Government Superannuation (Administration) Regulations, 1954, and shall come into operation on the first day of October, 1954.

Interpretation

2.—(1) In these regulations, unless the context otherwise requires, the following expressions have the meanings hereby assigned to them—

"the Act of 1937" means the Local Government Superannuation Act, 1937;

"the Act of 1953" means the Local Government Superannuation Act, 1953;
