EXPLANATORY NOTE

(*This Note is not part of the Order.*)

Under Part III of the Medical Act 1956 medical practitioners with a recognised qualification in a Commonwealth or foreign country to which Part III applies may be registered in the United Kingdom as Commonwealth practitioners or foreign practitioners, as the case may be. Under section 19 of the Act a country may be declared to be a Commonwealth or foreign country to which Part III applies if Her Majesty in Council is of opinion that it affords to persons registered in the United Kingdom such privileges of practising in that country as seem to Her to be just.

This Order declares the State of Tasmania to be a Commonwealth country to which Part III applies.
