STATUTORY INSTRUMENTS

1977 No. 2127

MEDICINES

The Medicines (Prescription Only) Order 1977

Made - - - -	*20th December* 1977
Laid before Parliament	*5th January* 1978
Coming into Operation	*1st February* 1978

The Secretaries of State respectively concerned with health in England and in Wales, the Secretary of State concerned with health and with agriculture in Scotland, the Minister of Agriculture, Fisheries and Food, the Department of Health and Social Services for Northern Ireland and the Department of Agriculture for Northern Ireland, acting jointly, in exercise of powers conferred by sections 58(1) and (4), 59(1), 62 and 129(4) of the Medicines Act 1968(**a**) and now vested in them(**b**) and of all other powers enabling them in that behalf, after consulting such organisations as appear to them to be representative of interests likely to be substantially affected by the following order, and after consulting and taking into account the advice of the Medicines Commission, hereby make the following order:—

Citation, commencement and interpretation

1.—(1) This order may be cited as the Medicines (Prescription Only) Order 1977 and shall come into operation on 1st February 1978.

(2) In this order, unless the context otherwise requires—

"the Act" means the Medicines Act 1968;

"bank holiday" means a bank holiday under the Banking and Financial Dealings Act 1971(**c**);

"controlled drug" has the meaning assigned to it by section 2 of the Misuse of Drugs Act 1971(**d**);

"dosage unit" means—

(*a*) where the medicinal product is in the form of a tablet or capsule or is an article in some other similar pharmaceutical form, that tablet, capsule or other similar article, or

(*b*) where the medicinal product is not in the form as aforesaid, that quantity of the medicinal product which is used as the unit by reference to which the dose of the medicinal product is measured;

"external use" means—

(**a**) 1968 c. 67.

(**b**) In the case of the Secretaries of State concerned with health in England and in Wales by virtue of Article 2(2) of, and Schedule 1 to, the Transfer of Functions (Wales) Order 1969 (S.I. 1969/388 (1969 I, p. 1070)) and in the case of the Northern Ireland Departments by virtue of section 40 of, and Schedule 5 to, the Northern Ireland Constitution Act 1973 (c. 36), and section 1(3) of, and paragraph 2(1)(*b*) of Schedule 1 to, the Northern Ireland Act 1974 (c. 28).

(**c**) 1971 c. 80.

(**d**) 1971 c. 38.

(*a*) in relation to medicinal products for use by being administered to human beings, application to the skin, teeth, mucosa of the mouth, throat, nose, ear, eye, vagina or anal canal,

(*b*) in relation to veterinary drugs, application to the skin, hair, fur, feathers, scales, hoof, horn, ear, eye, mouth or mucosa of the throat or prepuce,

in either case when a local action only is necessary and extensive systemic absorption is unlikely to occur and references to "medicinal products for external use" shall be read accordingly except that in relation to paragraph (*a*) above the references shall not include throat sprays, throat pastilles, throat lozenges, throat tablets, nasal drops, nasal sprays, nasal inhalations or teething preparations;

"master" has the same meaning as in the Merchant Shipping Act 1894(**a**);

"maximum daily dose" or "MDD" means the maximum quantity of the substance contained in the amount of the medicinal product for internal use which it is recommended should be taken or administered in any period of 24 hours;

"maximum dose" or "MD" means the maximum quantity of the substance contained in the amount of the medicinal product for internal use which it is recommended should be taken or administered at any one time;

"maximum strength" means either, or if so specified both, of the following—

(*a*) the maximum quantity of the substance by weight or volume contained in a dosage unit of the medicinal product, or

(*b*) the maximum percentage of the substance contained in a medicinal product calculated in terms of weight in weight (w/w), weight in volume (w/v), volume in weight (v/w) or volume in volume (v/v), as appropriate;

"parenteral administration" means administration by breach of the skin or mucous membrane;

"prescription only medicine" means a medicinal product of a description or falling within a class specified in Article 3 of this order;

"registered ophthalmic optician" means a person who is registered in either of the registers of ophthalmic opticians established and maintained under section 2(*a*) of the Opticians Act 1958(**b**);

"repeat prescription" means a prescription which contains a direction that it may be dispensed a stated number of times;

"sell" means sell by retail as defined in section 131 of the Act and "sale" has a corresponding meaning;

"soap" means any compound of a fatty acid with an alkali or amine;

"state registered chiropodist" means a person who is registered in the register established and maintained under section 2(1) of the Professions Supplementary to Medicine Act 1960(**c**) by the Chiropodists Board;

"supply" means supply in circumstances corresponding to retail sale as defined in section 131 of the Act;

"unit preparation" means a preparation, including a mother tincture, prepared by a process of solution, extraction or trituration with a view to being further diluted tenfold, or serially in multiple powers of ten,

(**a**) 1894 c. 60. (**b**) 1958 c. 32. (**c**) 1960 c. 66.

in an inert diluent, and then used either in this diluted form or, where applicable, by impregnating tablets, granules, powders or other inert substances for the purpose of being administered to human beings;

and other expressions have the same meanings as in the Act.

(3) Except in so far as the context otherwise requires, any reference in this order to any enactment, order or regulations shall be construed as a reference to that enactment or order or those regulations, as the case may be, as amended extended or re-enacted by any other enactment, order or regulations.

(4) The rules for the construction of Acts of Parliament contained in the Interpretation Act 1889(**a**) shall apply for the purposes of the interpretation of this order as they apply for the purposes of the interpretation of an Act of Parliament.

Appropriate practitioners

2. For the purposes of section 58 of the Act (medicinal products on prescription only), doctors, dentists, veterinary surgeons and veterinary practitioners shall be appropriate practitioners in relation to all the descriptions and classes of medicinal products specified for the purposes of the said section 58 in Article 3 of this order.

Medicinal products on prescription only

3.—(1) There are hereby specified descriptions and classes of medicinal products for the purposes of section 58 of the Act, namely—

(*a*) subject to the provisions of Article 4(1) and (3) of this order, medicinal products consisting of or containing one or more substances listed in column 1 of Part I of Schedule 1 to this order;

(*b*) subject to the provisions of Article 4(2) of, and Part II of Schedule 1 to, this order, medicinal products consisting of or containing one or more of the substances specified in Schedule 2 to the Misuse of Drugs Act 1971;

(*c*) medicinal products specified in Part III of Schedule 1 to this order;

(*d*) subject to the provisions of Articles 4(3) and (4) and 5 of this order, medicinal products that are for parenteral administration whether or not they fall within (*a*) or (*b*) above.

(2) There is also hereby specified for the purposes of section 58 of the Act as that section has effect by virtue of section 59 of the Act (new medicinal products), the following class of medicinal products, namely, medicinal products—

(*a*) which are not of a description and do not fall within a class specified in paragraph (1) above, and

(*b*) in respect of which a product licence is granted containing a provision to the effect that the method of sale or supply of the medicinal product in question is to be only in accordance with a prescription given by an appropriate practitioner.

(3) For the purposes of section 59(2)(*a*) of the Act the duration shall be a period of three years.

(**a**) 1889 c. 63.

Medicinal products that are not prescription only

4.—(1) Notwithstanding the provisions of Article 3(1)(*a*) of this order, medicinal products consisting of or containing one or more of the substances listed in column 1 of Part I of Schedule 1 to this order shall not be prescription only medicines where there is in relation to each of such substances an entry in one or more of columns 2, 3 or 4 of the said Part I if the maximum strength of each such substance in the medicinal product does not exceed the maximum strength as may be specified in the said column 2 and if the medicinal product in question is sold, supplied or administered—

(*a*) for the purpose or in the pharmaceutical form or for use by the route of administration as may be specified in the said column 3, and

(*b*) in or from containers or packages labelled to show doses not exceeding the maximum dose and the maximum daily dose as may be specified in the said column 4.

(2) Notwithstanding the provisions of Article 3(1)(*b*) of this order, medicinal products consisting of or containing, in combination with one or more other substances, not more than one of the substances specified in Schedule 2 to the Misuse of Drugs Act 1971 shall not be prescription only medicines when the said substance so specified is also listed in column 1 of Part II of Schedule 1 to this order and the maximum strength of that substance in the medicinal product does not exceed the maximum strength as may be specified in column 2 of the said Part II in relation to the said substance and the medicinal product in question—

(*a*) does not contain a substance listed in column 1 of Part I of the said Schedule except in the circumstances specified in paragraph (1) of this Article, and

(*b*) is sold, supplied or administered—

(i) in the pharmaceutical form as may be specified in column 3 of the said Part II in relation to the said substance, and

(ii) in or from containers or packages labelled to show doses not exceeding the maximum dose and maximum daily dose as may be specified in column 4 of the said Part II in relation to the said substance.

(3) Notwithstanding the provisions of Article 3(1) of this order, veterinary drugs for parenteral administration consisting of or containing one or more of the substances listed in column 1 of Schedule 2 to this order shall not be prescription only medicines where the maximum strength of the said substance does not exceed the maximum strength (if any) specified in column 2 of the said Schedule in relation to the said substance and the veterinary drug in question is sold or supplied for the purpose or in the circumstances specified in column 3 of the said Schedule.

(4) Notwithstanding the provisions of Article 3(1)(*d*) of this order, the following medicinal products for parenteral administration and for use by being administered to human beings shall not be prescription only medicines—

Biphasic Insulin Injection
Globlin Zinc Insulin Injection
Insulin Injection
Insulin Zinc Suspension
Insulin Zinc Suspension (Amorphous)
Insulin Zinc Suspension (Crystalline)

Isophane Insulin Injection
Neutral Insulin Injection
Protamine Zinc Insulin Injection.

Exemptions for certain prescription only medicines for parenteral administration to human beings

5. The restriction imposed by section 58(2)(*b*) of the Act (restriction on administration) shall not apply to the administration to human beings of any of the following medicinal products for parenteral administration—

Adrenaline Injection BP
Atropine Sulphate Injection
Chlorpheniramine Injection
Diphenhydramine Injection
Mepyramine Injection
Promethazine Hydrochloride Injection
Sodium Nitrite Injection
Sodium Thiosulphate Injection
Sterile Pralidoxime

if and so long as the administration is for the purpose of saving life in an emergency.

Exemptions for emergency supply

6.—(1) The restrictions imposed by section 58(2)(*a*) of the Act (restrictions on sale or supply) shall not apply to the sale or supply of a prescription only medicine by a person lawfully conducting a retail pharmacy business if and so long as the conditions specified in the following paragraph are satisfied.

(2) The conditions referred to in paragraph (1) of this Article are—

(*a*) that the pharmacist by or under whose supervision the prescription only medicine is to be sold or supplied is satisfied that the said sale or supply has been requested by a doctor who by reason of some emergency is unable to furnish a prescription immediately;

(*b*) that the said doctor has undertaken to furnish the person lawfully conducting a retail pharmacy business with a prescription within 72 hours;

(*c*) that the prescription only medicine in question is sold or supplied in accordance with the directions of the doctor requesting the said medicine save that the sale or supply shall not be repeated notwithstanding anything in any such directions until a prescription has been received;

(*d*) that the prescription only medicine does not consist of or contain a substance listed in Schedule 2 to the Misuse of Drugs Act 1971; and

(*e*) that an entry is made in the register kept under regulation 6 of the Medicines (Sale or Supply) (Miscellaneous Provisions) Regulations 1977(**a**) stating the particulars set out in paragraph 2 of Schedule 2 to the said regulations.

(3) Without prejudice to paragraph (1) above, the said restrictions also do not apply to the sale or supply of a prescription only medicine by a person lawfully conducting a retail pharmacy business provided the conditions specified in the following paragraph are satisfied.

(a) 1977/2132 (1977 III, p. 6030)

(4) The conditions referred to in paragraph (3) of this Article are—

(*a*) that the pharmacist by or under whose supervision the prescription only medicine is to be sold or supplied has interviewed the person requesting a prescription only medicine and has satisfied himself—

(i) that there is an immediate need for the prescription only medicine requested to be sold or supplied and that it is impracticable in the circumstances to obtain a prescription without undue delay;

(ii) that treatment with the prescription only medicine requested has on a previous occasion been prescribed by a doctor for the person requesting it, and

(iii) as to the dose which in the circumstances it would be appropriate for that person to take;

(*b*) that only a sufficient quantity of the prescription only medicine in question for 3 days' treatment is sold or supplied except that—

(i) where the 3 days in question would include a bank holiday, Good Friday or Christmas Day, a sufficient quantity of the prescription only medicine in question for 5 days' treatment may be sold or supplied, and

(ii) where the prescription only medicine in question is an asthma inhaler, one composite pack only may be sold or supplied;

(*c*) that the prescription only medicine does not consist of or contain a substance listed—

(i) in Schedule 3 to this order except for use in the circumstances (if any) specified in the said Schedule, or

(ii) in Schedule 2 to the Misuse of Drugs Act 1971;

(*d*) that the pharmacist by or under whose supervision the prescription only medicine was sold or supplied makes an entry in the register referred to in paragraph (2)(*e*) of this Article stating the particulars set out in paragraph 3 of Schedule 2 to the Medicines (Sale or Supply) (Miscellaneous Provisions) Regulations 1977;

(*e*) that the prescription only medicine is labelled with—

(i) the particulars set out in paragraph 3 of Schedule 2 to the Medicines (Sale or Supply) (Miscellaneous Provisions) Regulations 1977,

(ii) the name and address of the registered pharmacy from which the prescription only medicine was sold or supplied, and

(iii) the words "Emergency Supply".

Exemption for administration

7. Without prejudice to the application of Article 5 of this order, the restriction imposed by section 58(2)(*b*) of the Act (restriction on administration) shall not apply to the administration of a prescription only medicine which—

(*a*) consists of or contains a substance or substances listed in column 1 of Part I of Schedule 1 to this order, or

(*b*) is specified in Part III of the said Schedule 1, or

(*c*) falls within the provisions of Article 4(2) of this order

if and so long as the prescription only medicine in question is not for parenteral administration or a veterinary drug.

Exemption for medicinal products at high dilutions

8. The restrictions imposed by section 58(2) of the Act shall not apply to the sale, supply or administration of any medicinal product (not being a product for parenteral administration but without prejudice to Article 5 of this order) which consists of or contains one or more unit preparations of any substance listed in column 1 of Parts I and II of Schedule 1 to this order where the unit preparation has been diluted to at least one part in a million (6x) and where the person selling, supplying or administering the medicinal product as aforesaid has been requested by or on behalf of a particular person and in that person's presence to use his own judgment as to the treatment required.

Exemptions for certain persons

9.—(1) The restrictions imposed by section 58(2)(*a*) of the Act (restrictions on sale or supply) shall not apply—

(*a*) to the sale or supply by any person listed in column 1 of Part I of Schedule 4 to this order, or

(*b*) to the supply by any person listed in column 1 of Part II of the said Schedule

of the prescription only medicines listed in column 2 of Part I or Part II of the said Schedule as the case may be in relation to that person if and so long as the conditions specified in the corresponding paragraphs in column 3 of Part I or Part II of the said Schedule as the case may be are satisfied.

(2) The restriction imposed by section 58(2)(*b*) of the Act (restriction on administration) shall not apply to the administration by any person listed in column 1 of Part III of the said Schedule of any prescription only medicine for parenteral administration listed in column 2 of Part III of the said Schedule in relation to that person if and so long as the conditions specified in the corresponding paragraphs in column 3 of Part III of the said Schedule are satisfied.

Exemption for sale or supply in hospitals

10. The restrictions imposed by section 58(2)(*a*) of the Act (restrictions on sale or supply) shall not apply to the sale or supply of any prescription only medicine in the course of the business of a hospital where the prescription only medicine is sold or supplied in accordance with the written directions of a doctor or dentist notwithstanding that those directions do not satisfy the conditions specified in Article 12 of this order.

Exemption in cases involving another's default

11. The restrictions imposed by section 58(2)(*a*) of the Act (restrictions on sale or supply) shall not apply to the sale or supply of a prescription only medicine by a person who, having exercised all due diligence, believes on reasonable grounds that the product is not a prescription only medicine but which due to the act or default of another person is a product to which the said section applies.

Prescriptions

12.—(1) For the purposes of section 58(2)(*a*) of the Act a prescription only medicine shall not be taken as having been sold or supplied in accordance with a prescription given by a practitioner unless the conditions specified in paragraph (2) of this Article are satisfied.

(2) The conditions referred to in the preceding paragraph of this Article are that the prescription—

(*a*) shall be written in indelible ink;

(*b*) shall contain the following particulars—

(i) the address and usual signature of the practitioner giving it,

(ii) the date on which it was signed by the practitioner giving it,

(iii) such particulars as indicate whether the practitioner giving it is a doctor, a dentist, a veterinary surgeon or a veterinary practitioner,

(iv) where the practitioner is a doctor or a dentist, the name, address and the age (if under 12) of the person for whose treatment it is given, and

(v) where the practitioner is a veterinary surgeon or a veterinary practitioner the name and address of the person to whom the prescription only medicine is to be delivered;

(*c*) except where it is a repeat prescription, shall not be dispensed later than 6 months after the date referred to in (*b*)(ii) above;

(*d*) where it is a repeat prescription, shall not be dispensed other than in accordance with the direction contained therein;

(*e*) where the prescription is not a repeat prescription but contains a direction that the prescription be repeated without specifying the number of times it may be dispensed, shall not be dispensed on more than two occasions unless it is a prescription for oral contraceptives in which case the prescription may be dispensed six times during the period of six months following the date specified in the prescription.

Revocation

13.—(1) The orders specified in the following paragraph of this Article are hereby revoked:

Provided that—

(*a*) such revocation shall not affect any liability incurred, or anything duly done or suffered, under those orders;

(*b*) such revocation shall not affect any legal proceedings in respect of any contravention of those orders, but any such proceedings may be continued or commenced as if those orders had not been revoked.

(2) The orders referred to in the preceding paragraph are—

The Medicines (Hexachlorophane Prohibition) Order 1973(**a**)
The Medicines (Interim Prescription Only) (No. 1) Order 1974(**b**)
The Medicines (Phenacetin Prohibition) Order 1974(**c**)
The Medicines (Interim Prescription Only) (No. 2) Order 1974(**d**).

(**a**) S.I. 1973/1120 (1973 II, p. 3453).
(**b**) S.I. 1974/711 (1974 I, p. 2744).
(**c**) S.I. 1974/1082 (1974 II, p. 3995).
(**d**) S.I. 1974/2167 (1974 III, p. 8506).

David Ennals,
Secretary of State for Social Services.

15th December 1977.

John Morris,
Secretary of State for Wales.

15th December 1977.

Bruce Millan,
Secretary of State for Scotland.

15th December 1977.

In witness whereof the official seal of the Minister of Agriculture, Fisheries and Food is hereunto affixed on 15th December 1977.

(L.S.)

John Silkin,
Minister of Agriculture, Fisheries and Food.

Sealed with the official seal of the Department of Health and Social Services for Northern Ireland this 19th day of December 1977.

(L.S.)

N. Dugdale,
Permanent Secretary.

Sealed with the official seal of the Department of Agriculture for Northern Ireland this 20th day of December 1977.

(L.S.)

S. A. Young,
Permanent Secretary.

SCHEDULE 1

DESCRIPTIONS AND CLASSES OF PRESCRIPTION ONLY MEDICINES

PART I Articles 3(1)(*a*) and 4(1)

Column 1	CIRCUMSTANCES EXCLUDING MEDICINAL PRODUCTS FROM THE CLASS OF PRESCRIPTION ONLY MEDICINES		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Acebutolol Hydrochloride			
Acepromazine			
Acepromazine Maleate			
Acetanilide			
Acetarsol			
Acetazolamide			
Acetazolamide Sodium			
Acetohexamide			
Acetylcarbromal			
Acetylcholine Chloride			
Acetylcysteine			
Acetyldigitoxin			
Acetylstrophanthidin			
Acetyl Sulphafurazole			
Acetyl Sulphamethoxypyridazine			
Aconitine	0.02 per cent	External	
Aconitine Hydrobromide	Equivalent of 0.02 per cent of base	External	
Aconitine Hydrochloride	Equivalent of 0.02 per cent of base	External	
Aconitine Nitrate	Equivalent of 0.02 per cent of base	External	
Aconite Root	1.3 per cent of the crude drug	External	
Actinomycin C

Benzylpenicillin			
Benzylpenicillin Calcium			
Betahistine Hydrochloride			
Betamethasone			
Betamethasone Adamantoate			
Betamethasone Benzoate			
Betamethasone Sodium Phosphate			
Betamethasone Valerate			
Bethanechol Chloride			
Bethanidine Sulphate			
Biperiden Hydrochloride			
Biperiden Lactate			
Bismuth Glycollylarsanilate			
Bleomycin Sulphate			
Boldenone Undecylenate			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Bretylium Tosylate			
Bromhexine Hydrochloride		Veterinary use: Internal for ailments of pet birds and pigeons	
Bromocriptine Mesylate			
Bromvaletone			
Bufexamac			
Bumetanide			
Buphenine Hydrochloride			6 mg (MD) 18 mg (MDD)
Bupivacaine		Non-parenteral (except local ophthalmic use)	
Bupivacaine Hydrochloride		Non-parenteral (except local ophthalmic use)	
Busulphan			
Butacaine Sulphate		Non-parenteral (except local ophthalmic use)	
Butalbital			
Butalbital Sodium			
Butanilicaine Phosphate		Non-parenteral (except local ophthalmic use)	
Butobarbitone			
Butobarbitone Sodium			
Butriptyline Hydrochloride			
Butyl Aminobenzoate		Non-parenteral	
Butylchloral Hydrate			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Calcitonin			
Calcium 5–Allyl–5–N–Butylbarbiturate			
Calcium Aminosalicylate			
Calcium Amphomycin			
Calcium Benzamidosalicylate			
Calcium Bromide			
Calcium Bromidolactobionate			
Calcium Carbimide			
Calcium Folinate			
Calcium Sulphaloxate			
Candicidin			
Cantharidin	0.01 per cent	External	
Capreomycin Sulphate			
Caramiphen Hydrochloride	Equivalent of 7.5 mg of base	(1) Tablet	
	Equivalent of 0.1 per cent of base	(2) Liquid	
Carbachol			
Carbadox			
Carbamazepine			
Carbenicillin Sodium			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Carbenoxolone Sodium	2.0 per cent	(1) Pellet (2) Gel	5 mg (MD) 25 mg (MDD)
Carbidopa			
Carbidopa Monohydrate			
Carbimazole			
Carbocisteine			
Carbon Tetrachloride		Veterinary use: As a liver fluke remedy	
Carbromal			
Carfecillin Sodium			
Carisoprodol			
Carperidine			
Cephalexin			
Cephalexin Sodium			
Cephaloglycin			
Cephaloram			
Cephaloridine			
Cephalosporin C			
Cephalosporin E			
Cephalosporin N			
Cephalothin Sodium			
Cephazolin Sodium			
Cephradine			
Cerium Oxalate			
Chloral Antipyrine			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Chloral Betaine			
Chloral Formamide			
Chloral Glycerolate			
Chloral Hydrate		Human use: External	
Chloralose			
Chloralurethane			
Chlorambucil			
Chloramphenicol			
Chloramphenicol Cinnamate			
Chloramphenicol Palmitate			
Chloramphenicol Sodium Succinate			
Chlordiazepoxide			
Chlordiazepoxide Hydrochloride			
Chlorhexadol			
Chlorisondamine Chloride			
Chlormadinone Acetate			
Chlormerodrin			
Chlormethiazole			
Chlormethiazole Edisylate			
Chlormezanone			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Chloroform	5.0 per cent	(1) Human use: (*a*) Internal (*b*) External (2) Veterinary use: External	
Chlorothiazide			
Chlorotrianisene			
Chlorphenoxamine Hydrochloride			
Chlorpromazine			
Chlorpromazine Embonate			
Chlorpromazine Hydrochloride			
Chlorpropamide			
Chlorprothixene		Veterinary use: For pigs	
Chlortetracycline			
Chlortetracycline Calcium			
Chlortetracycline Hydrochloride			
Chlorthalidone			
Chlorzoxazone			
Cholestyramine			
Chorionic Gonadotrophin			
Cimetidine			
Cimetidine Hydrochloride	3.0 per cent	Non-parenteral (except local ophthalmic use)	
Cinchocaine			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Cinchocaine Hydrochloride	Equivalent of 3.0 per cent of base	Non-parenteral (except local ophthalmic use)	
Cinchophen			
Clidinium Bromide			
Clindamycin			
Clindamycin Hydrochloride Hydrate			
Clindamycin Palmitate Hydrochloride			
Clindamycin Phosphate			
Clobetasol 17-Propionate			
Clobetasone Butyrate			
Clofazimine			
Clofibrate			
Clomiphene Citrate			
Clomipramine			
Clomipramine Hydrochloride			
Clomocycline			
Clomocycline Sodium			
Clonazepam			
Clonidine			
Clonidine Hydrochloride			
Clopamide			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Cloprostenol Sodium Salt			
Clorexolone			
Clorprenaline Hydrochloride			
Clostebol Acetate			
Clotrimazole		External: (1) Cream (2) Solution	
Cloxacillin Benzathine			
Cloxacillin Sodium			
Cocculus Indicus			
Colaspase			
Colchicine			
Colistin Sulphate			
Colistin Sulphomethate			
Colistin Sulphomethate Sodium			
Coniine			
Conium Leaf	7.0 per cent of crude drug	External	
Corticotrophin			
Cortisone			
Cortisone Acetate			
Cortodoxone			
Cotarnine Chloride			
Co-Trimoxazole

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Cropropamide			
Crotethamide			
Croton Oil			
Croton Seed			
Curare			
Cyclobarbitone			
Cyclobarbitone Calcium			
Cyclofenil			
Cyclopenthiazide			
Cyclopentolate Hydrochloride			
Cyclophosphamide			
Cycloserine			
Cyclothiazide			
Cyproterone Acetate			
Cytarabine			
Cytarabine Hydrochloride			
Dacarbazine			
Danazol			
Dantrolene Sodium			
Dapsone			
Dapsone Ethane Ortho Sulphonate			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Daunorubicin Hydrochloride			
Deanol Bitartrate			15 mg (MDD)
Debrisoquine Sulphate			
Dehydroemetine Hydrochloride			
Dehydroepiandrosterone			
Delmadinone Acetate			
Demecarium Bromide			
Demeclocycline			
Demeclocycline Hydrochloride			
Deoxycortone Acetate			
Deoxycortone Pivalate			
Deptropine Citrate			
Dequalinium Chloride	0.25 mg 1.0 per cent	(1) Internal: Throat lozenges or throat pastilles (2) External: Paint	
Deserpidine			
Desferrioxamine Mesylate			
Desfluorotriamcinolone			
Desipramine Hydrochloride			
Deslanoside			
Desmopressin			
Desonide			

Sch. 1(I)

	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Desoxymethasone			
Dexamethasone			
Dexamethasone Acetate			
Dexamethasone 21-Isonicotinate			
Dexamethasone Phenylpropionate			
Dexamethasone Pivalate			
Dexamethasone Sodium *m*—Sulphobenzoate			
Dexamethasone Sodium Phosphate			
Dexamethasone Trioxaundecanoate			
Dexetimide			
Dextromethorphan Hydrobromide		Internal	Equivalent of 15 mg of base (MD) Equivalent of 75 mg of base (MDD)
Dextromethorphan Hydrochloride		Internal	Equivalent of 15 mg of base (MD) Equivalent of 75 mg of base (MDD)
Dextropropoxyphene Hydrochloride			
Dextropropoxyphene Napsylate			
Dextrothyroxine Sodium			
Diazepam			
Diazoxide			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Dibenzepin Hydrochloride			
Dichloralphenazone			
Dichlorophenarsine Hydrochloride			
Dichlorphenamide			
Dicyclomine Hydrochloride			10 mg (MD) 30 mg (MDD)
Dienoestrol			
Diethanolamine Fusidate			
Diethylamine Acetarsol			
Diethylpropion Hydrochloride			
Diflucortolone Valerate			
Digitalin			
Digitalis Leaf			
Digitalis Prepared			
Digitoxin			
Digoxin			
Dihydrallazine Sulphate			
Dihydroergotamine Mesylate			
Dihydroergotoxine Mesylate			
Dihydrostreptomycin			
Dihydrostreptomycin Sulphate			
Diloxanide Furoate			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Dimepregnen			
Dimercaprol			
Dimethisoquin Hydrochloride		Non-parenteral (except local ophthalmic use)	
Dimethisterone			
Dimethothiazine Mesylate			
Dimethyl Sulphoxide		Veterinary use	
Dimethyltubocurarine Bromide			
Dimethyltubocurarine Chloride			
Dimethyltubocurarine Iodide			
Dinitrodiphenylsulphonyl-ethylenediamine			
Dinoprost			
Dinoprostone			
Diphetarsone			
Diprenorphine Hydrochloride			
Dipyridamole			
Dipyrone			
Disopyramide			
Distigmine Bromide			
Disulfiram			
Disulphamide			
Dopamine Hydrochloride			
Dothiepin			
Dothiepin Hydrochloride			
Doxepin Hydrochloride			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Doxorubicin			
Doxycycline			
Doxycycline Calcium Chelate			
Doxycycline Hydrochloride			
Droperidol			
Drostanolone			
Drostanolone Propionate			
Dydrogesterone			
Dyflos			
Ecothiopate Iodide			
Edogestrone			
Edrophonium Chloride			
Embutramide			
Emepronium Bromide			
Emetine	1.0 per cent		
Emetine Bismuth Iodide	1.0 per cent of emetine		
Emetine Hydrochloride	Equivalent of 1.0 per cent emetine		
Ephedrine		(1) Internal (other than nasal sprays or nasal drops)	30 mg (MD) 60 mg (MDD)
	2.0 per cent	(2) Nasal sprays or nasal drops (3) External	
Ephedrine Hydrochloride		(1) Internal (other than nasal sprays or nasal drops)	Equivalent of 30 mg of base (MD) Equivalent of 60 mg of base (MDD)

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
	Equivalent of 2.0 per cent of base	(2) Nasal sprays or nasal drops	
		(3) External	
Ephedrine Sulphate		(1) Internal (other than nasal sprays or nasal drops)	Equivalent of 30 mg of base (MD) Equivalent of 60 mg of base (MDD)
	Equivalent of 2.0 per cent of base	(2) Nasal sprays or nasal drops	
		(3) External	
Epicillin			
Epioestriol			
Epithiazide			
Ergometrine Maleate			
Ergometrine Tartrate			
Ergot, Prepared			
Ergotamine Tartrate			
Ergotoxine Esylate			
Erythromycin			
Erythromycin Estolate			
Erythromycin Ethyl Carbonate			
Erythromycin Ethyl Succinate			
Erythromycin Lactobionate			

Sch. 1(I)

Fazadinium Bromide			
Fencamfamin Hydrochloride			
Fenfluramine Hydrochloride			
Fenoprofen			
Fenoprofen Calcium			
Fenoterol Hydrobromide			
Fenpipramide Hydrochloride			
Fenpiprane Hydrochloride			
Fentin Compounds			
Ferrous Arsenate			
Flavoxate Hydrochloride			
Fluanisone			
Fluclorolone Acetonide			
Flucloxacillin Sodium			
Flucytosine			
Fludrocortisone Acetate			
Flufenamic Acid			
Flugestone			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Flugestone Acetate			
Flumedroxone Acetate			
Flumethasone			
Flumethasone Pivalate			
Flumethiazide			
Fluocinolone Acetonide			
Fluocinonide			
Fluocortolone			
Fluocortolone Hexanoate			
Fluocortolone Pivalate			
Fluopromazine Hydrochloride			
Fluorometholone			
Fluorouracil			
Fluorouracil Trometamol			
Fluoxymesterone			
Flupenthixol Decanoate			
Flupenthixol Dihydrochloride			
Fluperolone Acetate			
Fluphenazine Decanoate			
Fluphenazine Enanthate			
Fluphenazine Hydrochloride			
Fluprednidene Acetate			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Fluprednisolone			
Fluprostenol Sodium Salt			
Flurandrenolone			
Flurazepam Hydrochloride			
Fluspirilene			
Folic Acid		(1) Human use	200 mcg (MDD)
		(2) Veterinary use	800 mcg (MDD)
Formocortal			
Formosulphathiazole			
Fosfestrol Tetrasodium			
Framycetin Sulphate			
Frusemide			
Fumagillin		Veterinary use: Treatment of Nosema Apis infection in bees	
Fumagillin Bicyclohexylamine		Veterinary use: Treatment of Nosema Apis infection in bees	
Furaltadone			
Furazolidone			
Fusafungine			
Fusidic Acid			
Gallamine Triethiodide			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Gelsemine	0.1 per cent		
Gelsemium			25 mg of crude drug (MD) 75 mg of crude drug (MDD)
Gentamicin			
Gentamicin Sulphate			
Gestronol			
Gestronol Hexanoate			
Glibenclamide			
Glibornuride			
Glipizide			
Glutethimide			
Glycopyrronium Bromide			1 mg (MD) 2 mg (MDD)
Glymidine			
Gonadorelin			
Gramicidin	0.02 per cent	External	
Griseofulvin			
Growth Hormone			
Guanethidine Monosulphate			
Guanoclor Sulphate			
Guanoxan Sulphate			
Hachimycin			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Halcinonide			
Haloperidol			
Heparin		External	
Heparin Calcium		External	
Heptabarbitone			
Heptaminol Hydrochloride			
Hexachlorophane		(1) Human use— External:	
	2.0 per cent	(*a*) soaps	
	0.1 per cent	(*b*) aerosols	
	0.75 per cent	(*c*) products other than soaps or aerosols	
		(2) Veterinary use: (*a*) Internal as a liver fluke remedy	
		(*b*) External use:	
	2.0 per cent	(i) soaps and shampoos	
	0.75 per cent	(ii) products other than soaps and shampoos	
Hexamine Phenylcinchoninate			
Hexobarbitone			
Hexobarbitone Sodium			
Hexoestrol		Veterinary use as implant:	
	15 mg	(*a*) Poultry	
	45 mg	(*b*) Cattle	
	15 mg	(*c*) Sheep	

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Hexoestrol Dipropionate			
L-Histidine Hydrochloride		Ingredient in dietary or nutritional products as an amino-acid	
Homatropine			0.15 mg (MD) 0.45 mg (MDD)
Homatropine Hydrobromide			0.2 mg (MD) 0.6 mg (MDD)
Homatropine Methylbromide			2 mg (MD) 6 mg (MDD)
Hydrallazine Hydrochloride			
Hydrargaphen		Local application to skin	
Hydrobromic Acid			
Hydrochlorothiazide			
Hydrocortamate Hydrochloride			
Hydrocortisone			
Hydrocortisone Acetate			
Hydrocortisone 17-Butyrate			
Hydrocortisone Caprylate			
Hydrocortisone Hydrogen Succinate			
Hydrocortisone Sodium Phosphate			
Hydrocortisone Sodium Succinate			
Hydroflumethiazide			
Hydrogen Cyanide	0.1 per cent

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
4-Hydroxy-3-Nitrophenylarsonic Acid			
Hydroxymethylgramicidin		Throat lozenges and throat pastilles	
Hydroxyprogesterone			
Hydroxyprogesterone Enanthate			
Hydroxyprogesterone Hexanoate			
Hydroxyurea			
Hydroxyzine Embonate Hydroxyzine			
Hydrochloride			
Hygromycin B		Veterinary Use	
Hyoscine	0.15 per cent	(1) Internal except when combined with Atropine or Hyoscyamine or their salts	
		(2) When combined with Atropine or Hyoscyamine or their salts:	
		(*a*) Internal	1 mg of the total alkaloids calculated as the base (MDD)
		(*b*) External	
Hyoscine Butylbromide		(1) Internal except when combined with Atropine or Hyoscyamine or their salts	3 mg (MD) 9 mg (MDD)
		(2) When combined with Atropine or Hyoscyamine or their salts:	
		(*a*) Internal	1 mg of the total alkaloids calculated as the base (MDD)
		(*b*) External	

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Hyoscine Hydrobromide		(1) Internal except when combined with Atropine or Hyoscyamine or their salts	300 mcg (MD) 900 mcg (MDD)
		(2) When combined with Atropine or Hyoscyamine or their salts:	
		(*a*) Internal	1 mg of the total alkaloids calculated as the base (MDD)
		(*b*) External	
Hyoscine Methobromide		(1) Internal except when combined with Atropine or Hyoscyamine or their salts	2.5 mg (MD) 7.5 mg (MDD)
		(2) When combined with Atropine or Hyoscyamine or their salts:	
		(*a*) Internal	1 mg of the total alkaloids calculated as the base (MDD)
		(*b*) External	
Hyoscine Methonitrate		(1) Internal except when combined with Atropine or Hyoscyamine or their salts	2.5 mg (MD) 7.5 mg (MDD)
		(2) When combined with Atropine or Hyoscyamine or their salts:	
		(*a*) Internal	1 mg of the total alkaloids calculated as the base (MDD)
		(*b*) External	
Hyoscyamine		(1) Internal except when combined with Atropine or Hyoscyamine or their salts	300 mcg (MD) 1 mg (MDD)

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
		(2) When present as an alkaloid of Stramonium in products for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants	
		(3) When combined with Atropine or Hyoscine or their salts:	
		(*a*) Internal	1 mg of the total alkaloids calculated as the base (MDD)
		(*b*) External	
Hyoscyamine Hydrobromide		(1) Internal except when combined with Atropine or Hyoscine or their salts	Equivalent of 300 mcg of base (MD) Equivalent of 1 mg of base (MDD)
		(2) When combined with Atropine or Hyoscine or their salts:	
		(*a*) Internal	1 mg of the total alkaloids calculated as the base (MDD)
		(*b*) External	
Hyoscyamine Sulphate		(1) Internal except when combined with Atropine or Hyoscine or their salts	Equivalent of 300 mcg of base (MD) Equivalent of 1 mg of base (MDD)
		(2) When combined with Atropine or Hyoscine or their salts:	
		(*a*) Internal	1 mg of the total alkaloids calculated as the base (MDD)
		(*b*) External

Methixene			
Methixene Hydrochloride			
Methocarbamol			
Methohexitone Sodium			
Methoin			
Methoserpidine			
Methotrexate			
Methotrimeprazine			
Methotrimeprazine Hydrochloride			
Methotrimeprazine Maleate			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Methoxamine Hydrochloride	0.25 per cent	Nasal sprays or nasal drops not containing liquid paraffin as a vehicle	
Methsuximide			
Methyclothiazide			
N–Methyl Acetanilide			
Methyldopa			
Methyldopate Hydrochloride			
Methylephedrine Hydrochloride			30mg (MD) 60mg (MDD)
Methylergometrine Maleate			
Methylpentynol			
Methylpentynol Carbamate			
Methylphenobarbitone			
Methylprednisolone			
Methylprednisolone Acetate			
Methylprednisolone Sodium Succinate			
Methylsulphonal			
Methyltestosterone			
Methylthiouracil			
Methyprylone			
Methysergide Maleate			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Metoclopramide Hydrochloride			
Metolazone			
Metomidate Hydrochloride			
Metoprolol Tartrate			
Metyrapone			
Mexiletine Hydrochloride			
Mianserin Hydrochloride			
Minocycline			
Minocycline Hydrochloride			
Mithramycin			
Mitobronitol			
Mitomycin C			
Mitopodozide			
Molindone Hydrochloride			
Monensin Sodium		Veterinary use: Incorporation in feed as a coccidiostat	
Morazone Hydrochloride			
Mustine Hydrochloride			
Naftidrofuryl Oxalate			
Nalidixic Acid			
Nalorphine Hydrobromide			
Naloxone Hydrochloride			
Nandrolone Decanoate			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Nandrolone Laurate			
Nandrolone Phenylpropionate			
Naphazoline Hydrochloride	0.05 per cent	(1) Nasal sprays or nasal drops not containing liquid paraffin as a vehicle	
	0.015 per cent	(2) Eye drops	
Naphazoline Nitrate	0.05 per cent	Nasal sprays or nasal drops not containing liquid paraffin as a vehicle	
Naproxen			
Natamycin			
Nealbarbitone			
Neoarsphenamine			
Neomycin			
Neomycin Oleate			
Neomycin Palmitate			
Neomycin Sulphate			
Neomycin Undecanoate			
Neostigmine Bromide			
Neostigmine Methylsulphate			
Nialamide			
Nicotinaldehyde Thio-Semicarbazone			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Nicoumalone			
Nifedipine			
Nifenazone			
Nikethamide			
Niridazole			
Nitrazepam			
Nitrofurantoin			
Nitrofurazone			
Nitroxoline			
Noradrenaline			
Noradrenaline Acid Tartrate			
Norethandrolone			
Norethisterone			
Norethisterone Acetate			
Norethynodrel			
Norgestrel			
d–Norgestrel			
Nortriptyline Hydrochloride			
Novobiocin Calcium			
Novobiocin Sodium			
Nux Vomica Seed			
Nystatin			
Octacosactrin			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Oestradiol			
Oestradiol Benzoate			
Oestradiol Cypionate			
Oestradiol Dipropionate			
Oestradiol Diundecanoate			
Oestradiol Enanthate			
Oestradiol Phenylpropionate			
Oestradiol Undecanoate			
Oestradiol Valerate			
Oestriol			
Oestriol Di–Hemi Succinate			
Oestrogenic Substances Conjugated			
Oestrone			
Oleandomycin Phosphate			
Opipramol Hydrochloride			
Orciprenaline Sulphate			
Orphenadrine Citrate			
Orphenadrine Hydrochloride			
Orthocaine		Non-parenteral (except local ophthalmic use)	
Ouabain			
Ovarian Gland Dried			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Oxamniquine			
Oxandrolone			
Oxazepam			
Oxedrine Tartrate			
Oxethazaine		Non-parenteral	
Oxolinic Acid			
Oxophenarsine Hydrochloride			
Oxophenarsine Tartrate			
Oxprenolol Hydrochloride			
Oxybuprocaine Hydrochloride		Non-parenteral (except local ophthalmic use)	
Oxymesterone			
Oxymetholone			
Oxypertine			
Oxypertine Hydrochloride			
Oxyphenbutazone			
Oxyphencyclimine Hydrochloride			
Oxyphenonium Bromide			5 mg (MD) 15 mg (MDD)
Oxytetracycline			
Oxytetracycline Calcium			
Oxytetracycline Dihydrate			
Oxytetracycline Hydrochloride			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Oxytocin, natural			
Oxytocin, synthetic			
Pancuronium Bromide			
Papaverine			50 mg (MD) 150 mg (MDD)
Papaverine Hydrochloride			Equivalent of 50mg of base (MD) Equivalent of 150mg of base (MDD)
Papaverine Nitrite			Equivalent of 50mg of base (MD) Equivalent of 150mg of base (MDD)
Papaveroline			
Papaveroline 2–Sulphonic Acid			
Paraldehyde			
Paramethadione			
Paramethasone Acetate			
Parathyroid Gland			
Pargyline Hydrochloride			
Paromomycin Sulphate			
Pemoline			
Pempidine Tartrate			
Penamecillin			
Penethamate Hydriodide			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Penicillamine			
Penicillamine Hydrochloride			
Pentacosactride			
Pentazocine Hydrochloride			
Pentazocine Lactate			
Penthienate Methobromide			5 mg (MD) 15 mg (MDD)
Pentobarbitone			
Pentobarbitone Sodium			
Pentolinium Tartrate			
Perhexiline Hydrogen Maleate			
Pericyazine			
Perphenazine			
Phenacaine		Non-parenteral (except local ophthalmic use)	
Phenacemide			
Phenacetin	0.1 per cent	As a stabiliser	
Phenarsone Sulphoxylate			
Phenazone		External	
Phenazone and Caffeine Citrate			
Phenazone Salicylate			
Phenbenicillin Potassium			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Phenbutrazate Hydrochloride			
Phencyclidine Hydrochloride			
Phenelzine Sulphate			
Phenethicillin Potassium			
Pheneturide			
Phenformin Hydrochloride			
Phenglutarimide Hydrochloride			
Phenindione			
Phenobarbitone			
Phenobarbitone Sodium			
Phenoxybenzamine Hydrochloride			
Phenoxymethylpenicillin			
Phenoxymethylpenicillin Calcium			
Phenoxymethylpenicillin Potassium			
Phenprocoumon			
Phensuximide			
Phentermine Hydrochloride			
Phentermine Resin Complex			
Phentolamine Hydrochloride			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Phentolamine Mesylate			
Phenyl Aminosalicylate			
Phenylbutazone			
Phenylbutazone Sodium			
Phenylmethylbarbituric Acid			
Phenylpropanolamine Hydrochloride		(1) Internal (other than nasal sprays or nasal drops)	50 mg (MD) 150 mg (MDD)
	2.0 per cent	(2) Nasal sprays or nasal drops	
Phenytoin			
Phenytoin Sodium			
Phthalylsulphacetamide			
Phthalylsulphathiazole			
Physostigmine			
Physostigmine Aminoxide Salicylate			
Physostigmine Salicylate			
Physostigmine Sulphate			
Picrotoxin			
Pilocarpine			
Pilocarpine Hydrochloride			
Pilocarpine Nitrate			
Pimozide			
Pindolol			
Pipenzolate Bromide			5 mg (MD) 15 mg (MDD)

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Piperazine Oestrone Sulphate			
Piperidolate Hydrochloride			50 mg (MD) 150 mg (MDD)
Pipothiazine Palmitate			
Piracetam			
Pituitary Gland (Whole Dried)			
Pituitary Powdered (Posterior Lobe)			
Pizotifen			
Pizotifen Hydrogen Maleate			
Podophyllum			
Podophyllum Indian			
Podophyllum Resin	20.0 per cent	External	
Poldine Methylsulphate			2 mg (MD) 6 mg (MDD)
Polidexide			
Polidexide Hydrochloride			
Polidexide Sulphate			
Polymyxin B Sulphate			
Polyoestradiol Phosphate			
Polythiazide			
Poppy Capsule			
Potassium Aminosalicylate			
Potassium Arsenite	0.0127 per cent		

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Potassium Bromide			
Potassium Clorazepate			
Potassium Perchlorate			
Practolol			
Pralidoxime Chloride			
Pralidoxime Iodide			
Pralidoxime Mesylate			
Prazosin Hydrochloride			
Prednisolone			
Prednisolone Acetate			
Prednisolone Butylacetate			
Prednisolone Hexanoate			
Prednisolone Pivalate			
Prednisolone Sodium Phosphate			
Prednisolone Sodium *m*-Sulphobenzoate			
Prednisolone 21-Steaglate			
Prednisolone *m*-Sulphobenzoate			
Prednisone			
Prednisone Acetate			
Prenylamine Lactate			
Prilocaine Hydrochloride		Non-parenteral (except local ophthalmic use)	

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Primidone			
Probenecid			
Procainamide Hydrochloride			
Procaine Hydrochloride		Non-parenteral (except local ophthalmic use)	
Procaine Penicillin			
Procarbazine Hydrochloride			
Prochlorperazine Edisylate			
Prochlorperazine Maleate			
Prochlorperazine Mesylate			
Procyclidine Hydrochloride			
Progesterone			
Prolintane Hydrochloride			
Promazine Embonate			
Promazine Hydrochloride			
Propanidid			
Propantheline Bromide			15 mg (MD) 45 mg (MDD)
Propicillin Potassium			
Propiomazine Hydrogen Maleate			
Propranolol Hydrochloride			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Propylhexedrine		Inhalers	
Propylhexedrine Hydrochloride		Inhalers	
Propylthiouracil			
Propyphenazone			
Proquamezine Fumarate			
Prostaglandin F2 Alpha Tromethamine			
Protamine Sulphate			
Prothionamide			
Prothipendyl Hydrochloride			
Protoveratrines A and B			
Protriptyline Hydrochloride			
Proxymetacaine Hydrochloride		Non-parenteral (except local ophthalmic use)	
Pseudoephedrine Hydrochloride			60 mg (MD) 180 mg (MDD)
Pyrantel Embonate		Veterinary use: As an anthelmintic	
Pyrantel Tartrate		Veterinary use: As an anthelmintic	
Pyrazinamide			
Pyridostigmine Bromide			
L-Pyroglutamyl-L-Histidyl-L-Proline Amide			
Quinalbarbitone			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Quinalbarbitone Sodium			
Quinestradol			
Quinestrol			
Quinethazone			
Quingestanol			
Quinidine			
Quinidine Bisulphate			
Quinidine Phenylethylbarbiturate			
Quinidine Polygalacturonate			
Quinidine Sulphate			
Quinine		(1) Internal (2) Veterinary use: As a fish ecto-parasiticide	100 mg (MD) 300 mg (MDD)
Quinine Bisulphate			Equivalent of 100 mg of base (MD) Equivalent of 300 mg of base (MDD)
Quinine Dihydrochloride			Equivalent of 100 mg of base (MD) Equivalent of 300 mg of base (MDD)
Quinine Ethyl Carbonate			Equivalent of 100 mg of base (MD) Equivalent of 300 mg of base (MDD)
Quinine Glycerophosphate			Equivalent of 100 mg of base (MD) Equivalent of 300 mg of base (MDD)

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Quinine Hydrobromide			Equivalent of 100 mg of base (MD) Equivalent of 300 mg of base (MDD)
Quinine Hydrochloride			Equivalent of 100 mg of base (MD) Equivalent of 300 mg of base (MDD)
Quinine Iodobismuthate			Equivalent of 100 mg of base (MD) Equivalent of 300 mg of base (MDD)
Quinine Phenylcinchoninate			Equivalent of 100 mg of base (MD) Equivalent of 300 mg of base (MDD)
Quinine Phosphate			Equivalent of 100 mg of base (MD) Equivalent of 300 mg of base (MDD)
Quinine Salicylate			Equivalent of 100 mg of base (MD) Equivalent of 300 mg of base (MDD)
Quinine Sulphate			Equivalent of 100 mg of base (MD) Equivalent of 300 mg of base (MDD)
Quinine Tannate			Equivalent of 100 mg of base (MD) Equivalent of 300 mg of base (MDD)
Quinine and Urea Hydrochloride			
Quinuronium Sulphate		Veterinary use	
Racephedrine Hydrochloride		(1) Internal (other than nasal sprays or nasal drops)	30 mg (MD) 60 mg (MDD)
	2.0 per cent	(2) Nasal sprays or nasal drops	
		(3) External	

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Ragwort	10.0 per cent of crude drug	External	
Rauwolfia (Serpentina and Vomitoria)			
Razoxane			
Rescinnamine			
Reserpine			
Rifamide			
Rifampicin			
Rifamycin			
Rimiterol Hydrobromide			
Ritodrine Hydrochloride			
Rolitetracycline Nitrate			
Sabadilla			
Salazosulphadimidine			
Salbutamol			
Salbutamol Sulphate			
Salcatonin			
Salmefamol			
Salsalate			
Secbutobarbitone			
Secbutobarbitone Sodium			
Sera and Antisera:—			
(1) Human:—			
Botulin Antitoxin			
Diphtheria Antitoxin			
Gas-gangrene Antitoxin (Oedematiens)			
Gas-gangrene Antitoxin (Perfringens)			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Gas-gangrene Antitoxin (Septicum)			
Mixed Gas-gangrene Antitoxin			
Leptospira Antiserum			
Rabies Antiserum			
Scorpion Venom Antiserum			
Snake Venom Antiserum			
Tetanus Antitoxin			
(2) Veterinary:—			
Bovine Gammaglobulin			
Joint Ill Antiserum			
Streptococcal, E. Coli			
Erysipelothrix Rhusiopathiae Antiserum			
Serum Gonadotrophin			
Silver Sulphadiazine			
Sodium Aminosalicylate			
Sodium Antimonylgluconate			
Sodium Apolate		External	
Sodium Arsanilate			
Sodium Arsenate			
Sodium Arsenite	0.013 per cent		

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Sodium Bromate			
Sodium Bromide			
Sodium Cacodylate			
Sodium Cromoglycate		For use by being administered through the nose	
Sodium Ethacrynate			
Sodium Fluoride	0.33 per cent	Dentifrice	
Sodium Fusidate			
Sodium Methylarsinate			
Sodium Monofluorophosphate	1.14 per cent	Dentifrice	
Sodium Stibogluconate			
Sodium Valproate			
Solapsone			
Sotalol Hydrochloride			
Spectinomycin			
Spiramycin			
Spiramycin Adipate			
Spironolactone			
Stannous Fluoride	0.62 per cent	Dentifrice	
Stanolone			
Stanozolol			
Stibocaptate			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Stibophen			
Stilboestrol			
Stilboestrol Dipropionate			
Streptodornase		External	
Streptokinase		External	
Streptomycin			
Streptomycin Sulphate			
Strontium Bromide			
Strophanthin-K			
Strychnine			
Strychnine Arsenate			
Strychnine Hydrochloride			
Styramate			
Succinylsulphathiazole			
Sulfabenz			
Sulfacytine			
Sulfadicramide			
Sulfadoxine			
Sulfametopyrazine			
Sulfamonomethoxine			
Sulfapyrazole			
Sulindac			
Sulphabromomethazine			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Sulphacetamide			
Sulphacetamide Sodium			
Sulphachlorpyridazine			
Sulphadiazine			
Sulphadiazine Sodium			
Sulphadimethoxine			
Sulphadimidine			
Sulphadimidine Sodium			
Sulphaethidole			
Sulphafurazole			
Sulphafurazole Diethanolamine			
Sulphaguanidine			
Sulphaloxic Acid			
Sulphamerazine			
Sulphamerazine Sodium			
Sulphamethizole			
Sulphamethoxazole			
Sulphamethoxydiazine			
Sulphamethoxypyridazine			
Sulphamethoxypyridazine Sodium			
Sulphamethylphenazole			
Sulphamoprine			
Sulphamoxole			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Sulphanilamide	5.0 per cent	Veterinary use: Powdered surface wound dressings for farm animals	
Sulphanitran			
Sulphaphenazole			
Sulphapyridine			
Sulphapyridine Sodium			
Sulphaquinoxaline		Veterinary use: When incorporated in feed as a coccidiostat—	
	110g/kg	(1) animals other than poultry	
	225g/kg	(2) poultry	
Sulphaquinoxaline Sodium			
Sulpharsphenamine			
Sulphasalazine			
Sulphasomidine			
Sulphasomidine Sodium			
Sulphathiazole			
Sulphathiazole Sodium			
Sulphathiourea			
Sulphatolamide			
Sulphaurea			
Sulphinpyrazone			
Sulphomyxin Sodium			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Sulphonal			
Sulpiride			
Sulthiame			
Suxamethonium Bromide			
Suxamethonium Chloride			
Suxethonium Bromide			
Tacrine Hydrochloride			
Talampicillin Hydrochloride			
Tamoxifen			
Tamoxifen Citrate			
Teclothiazide Potassium			
Temazepam			
Terbutaline			
Terbutaline Sulphate			
Testosterone			
Testosterone Acetate			
Testosterone 17B Chloral Hemiacetal			
Testosterone Cyclohexylpropionate			
Testosterone Cypionate			
Testosterone Decanoate			
Testosterone Enanthate			
Testosterone Isocaproate			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Testosterone Phenylpropionate			
Testosterone Propionate			
Tetrabenazine			
Tetracosactrin			
Tetracosactrin Acetate			
Tetracycline			
Tetracycline Hydrochloride			
Tetracycline Phosphate Complex			
Thallium Acetate			
Thialbarbitone			
Thialbarbitone Sodium			
Thiambutosine			
Thiethylperazine			
Thiethylperazine Di – (Hydrogen Malate)			
Thiethylperazine Di – (Hydrogen Maleate)			
Thiocarlide			
Thioguanine			
Thiopentone Sodium			
Thiopropazate Hydrochloride			
Thioproperazine Mesylate			
Thioridazine			
Thioridazine Hydrochloride			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Thiosinamine			
Thiosinamine and Ethyl Iodide			
Thiostrepton			
Thiotepa			
Thiothixene			
Thiouracil			
Thymoxamine Hydrochloride			
Thyroid			
Thyrotrophin			
Thyrotrophin Releasing Hormone			
Thyroxine Sodium			
Tigloidine Hydrobromide			
Timolol Maleate			
Tobramycin Sulphate			
Tofenacin Hydrochloride			
Tolazamide			
Tolazoline Hydrochloride		External	
Tolbutamide			
Tolbutamide Sodium			
Tolperisone			
Totaquine			100 mg (MD) 300 mg (MDD)
Tranexamic Acid			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Tranylcypromine Sulphate			
Treosulphan			
Tretamine			
Triacetyloleandomycin			
Triamcinolone			
Triamcinolone Acetonide			
Triamcinolone Diacetate			
Triamcinolone Hexacetonide			
Triamterene			
Triaziquone			
Tribromoethyl Alcohol			
Triclofos Sodium			
Tricyclamol Chloride			
Trienbolone Acetate			
Trifluoperazine			
Trifluoperazine Hydrochloride			
Trifluperidol			
Trimeprazine			
Trimeprazine Tartrate			
Trimetaphan Camsylate			
Trimetazidine			
Trimetazidine Hydrochloride			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Trimethoprim			
Trimipramine Maleate			
Trimipramine Mesylate			
Trimustine Hydrochloride			
Tropicamide			
Troxidone			
L–Tryptophan		Ingredient in dietary or nutritional products as essential amino-acid	
Tubocurarine Chloride			
Tybamate			
Tylosin			
Tylosin Phosphate			
Tylosin Tartrate			
Tyrothricin		Throat lozenges or throat pastilles	
Uramustine			
Urea Stibamine			
Urethane			
Uridine – 5 – Triphosphoric Acid			
Urokinase			
Vaccines:—			
(1) Human:—			
Bacillus Calmette – Guerin Vaccine			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Percutaneous Bacillus Calmette–Guerin Vaccine			
Cholera Vaccine			
Diphtheria Vaccine			
Adsorbed Diphtheria Vaccine			
Diphtheria and Tetanus Vaccine			
Adsorbed Diphtheria and Tetanus Vaccine			
Diphtheria, Tetanus and Pertussis Vaccine			
Adsorbed Diphtheria, Tetanus and Pertussis Vaccine			
Diphtheria, Tetanus and Poliomyelitis Vaccine			
Diphtheria, Tetanus, Pertussis and Poliomyelitis Vaccine			
Eltor Vaccine			
Influenza Vaccine			
Measles Vaccine (Live Attenuated)			
Pertussis Vaccine			
Plague Vaccine			
Poliomyelitis Vaccine (Inactivated)			
Poliomyelitis Vaccine (Oral)			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
Rabies Vaccine			
Rubella Vaccine (Live Attenuated)			
Smallpox Vaccine			
Dried Smallpox Vaccine			
Schick Control			
Schick Test Toxin			
Tetanus Vaccine			
Adsorbed Tetanus Vaccine			
Tetanus and Pertussis Vaccine			
Tuberculin Purified Protein Derivative			
Old Tuberculin			
Typhoid Vaccine			
Typhoid and Tetanus Vaccine			
Typhoid – paratyphoid A and B Vaccine			
Typhoid – paratyphoid A and B and Cholera Vaccine			
Typhoid – paratyphoid A and B and Tetanus Vaccine			
Typhus Vaccine			
Yellow Fever Vaccine			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
(2) Veterinary:—			
Anthrax Spore Vaccine, Living			
Bovine lungworm Oral Vaccine, Living			
Bovine Parainfluenza/ Bedsonia/Adenovirus Vaccine			
Brucella Abortus (Strain 45/20) Vaccine			
Corynebacterium Pyogenes Vaccine			
E. Coli Oral Vaccine, Inactivated			
Joint Ill Vaccine			
Salmonella Cholerae Suis Vaccine, Living			
Staphylococcal Vaccine			
For cats:			
Vaccines for Feline Infectious Enteritis (Panleucopaenia)			
For dogs:			
Vaccines for Canine Distemper (both canine distemper and measles antigens)			
Vaccines for Canine Viral Hepatitis			
Vaccines for Leptospirosis (both L. canicola and L. icterohaemorrhagica antigens)			
Vaccines for Rabies			

Sch. 1(I)

Column 1	Circumstances Excluding Medicinal Products from the Class of Prescription Only Medicines		
	Column 2	Column 3	Column 4
Substance	Maximum strength	Purpose, pharmaceutical form or route of administration	Maximum dose and maximum daily dose
For horses:			
Vaccines for Brucellosis			
Vaccines for Equine Influenza			
Vaccines for Tetanus			
For rabbits:			
Vaccines for Myxomatosis			
Valproic Acid			
Vancomycin Hydrochloride			
Vasopressin Injection			
Vasopressin Tannate			
Verapamil Hydrochloride			
Veratrine			
Veratrum (Green and White)			
Viloxazine Hydrochloride			
Vinbarbitone			
Vinbarbitone Sodium			
Vinblastine Sulphate			
Vincristine Sulphate			
Viomycin Pantothenate			
Viomycin Sulphate			
Virginiamycin	20g/kg	Veterinary use: Incorporation in feed as growth promoter	
Warfarin			
Warfarin Sodium

SCHEDULE 2

Article 4(3)

VETERINARY DRUGS FOR PARENTERAL ADMINISTRATION THAT ARE NOT PRESCRIPTION ONLY

Column 1	Column 2	Column 3
Substance	Maximum strength	Purpose or circumstances
Azaperone		Only for administration to pigs.
Lignocaine	2.0 per cent	In all circumstances except that where the veterinary drug contains Adrenaline, Adrenaline Acid Tartrate or Noradrenaline, only when the maximum strength of Adrenaline, Adrenaline Acid Tartrate or Noradrenaline does not exceed 0.002 per cent.
Lignocaine Hydrochloride	2.0 per cent	In all circumstances except that where the veterinary drug contains Adrenaline, Adrenaline Acid Tartrate or Noradrenaline, only when the maximum strength of Adrenaline, Adrenaline Acid Tartrate or Noradrenaline does not exceed 0.002 per cent.
Procaine Hydrochloride	2.0 per cent	In all circumstances except that where the veterinary drug contains Adrenaline, Adrenaline Acid Tartrate or Noradrenaline, only when the maximum strength of Adrenaline, Adrenaline Acid Tartrate or Noradrenaline does not exceed 0.002 per cent.

Article 6(4)(*c*)(i)

SCHEDULE 3

PRESCRIPTION ONLY MEDICINES TO WHICH THE EXEMPTION CONFERRED BY ARTICLE 6(3) OF THIS ORDER DOES NOT APPLY

Prescription only medicines which contain one or more of the following substances:–

Allobarbitone
Ammonium Bromide
Amylobarbitone
Amylobarbitone Sodium
Aprobarbitone
Aprobarbitone Sodium
Barbitone
Barbitone Sodium
Butalbital
Butalbital Sodium
Butobarbitone
Butobarbitone Sodium
Calcium 5–Allyl–5–N–Butylbarbiturate
Calcium Bromide
Calcium Bromidolactobionate
Cyclobarbitone
Cyclobarbitone Calcium
Embutramide
Fencamfamin Hydrochloride
Fluanisone
Heptabarbitone
Hexobarbitone
Hexobarbitone Sodium
Hydrobromic Acid
Hydrogen Cyanide
Mebezonium Iodide
Meclofenoxate Hydrochloride
Metharbitone
Methohexitone Sodium
Methylphenobarbitone
Nealbarbitone
Pemoline
Pentobarbitone
Pentobarbitone Sodium
Phenobarbitone – except for use in the treatment of Epilepsy
Phenobarbitone Sodium – except for use in the treatment of Epilepsy
Phentermine Hydrochloride
Phentermine Resin Complex
Phenylmethylbarbituric Acid
Piracetam
Potassium Bromide
Prolintane Hydrochloride
Quinalbarbitone
Quinalbarbitone Sodium
Quinidine Phenylethylbarbiturate
Secbutobarbitone
Secbutobarbitone Sodium
Sodium Bromide
Strontium Bromide
Strychnine Hydrochloride
Tacrine Hydrochloride
Thialbarbitone
Thialbarbitone Sodium
Thiopentone Sodium
Vinbarbitone
Vinbarbitone Sodium

SCHEDULE 4

EXEMPTION FOR CERTAIN PERSONS FROM SECTION 58(2) OF THE ACT

PART I

Article 9(1)(*a*)

Column 1 Persons exempted	Column 2 Prescription only medicines to which the exemption applies	Column 3 Conditions
1. Persons selling or supplying prescription only medicines to universities, other institutions concerned with higher education or institutions concerned with research.	1. All prescription only medicines.	1. (1) The sale or supply shall be for the purpose of that education or research. (2) The sale or supply shall be subject to the presentation of an order signed by the principal of the institution or the head of the appropriate department stating— (*a*) the name of the institution for which the prescription only medicine is required, (*b*) the purpose for which the prescription only medicine is required, and (*c*) the total quantity required.
2. Persons selling or supplying prescription only medicines to any of the following— (1) a public analyst appointed under section 89 of the Food and Drugs Act 1955(**a**), section 27 of the Food and Drugs (Scotland) Act 1956(**b**) or section 31 of the Food and Drugs Act (Northern Ireland) 1958(**c**),	2. All prescription only medicines.	2. The sale or supply shall be subject to the presentation of an order signed by or on behalf of any person listed in sub-paragraphs (1), (2), (3), (4) or (5) of column 1 of this paragraph, stating the status of the person signing it and the amount of the prescription only medicine required, and shall be only in connection with the exercise by those persons of their statutory functions.

(**a**) 1955 c. 16 (4 & 5 Eliz. 2). (**b**) 1956 c. 30. (**c**) 1958 c. 27 (N.I.).

Sch. 4(I)

Column 1 Persons exempted	Column 2 Prescription only medicines to which the exemption applies	Column 3 Conditions
(2) a sampling officer within the meaning of the Food and Drugs Act 1955, the Food and Drugs (Scotland) Act 1956 or the Food and Drugs Act (Northern Ireland) 1958, (3) an agricultural analyst appointed under section 67 of the Agriculture Act 1970(**a**), (4) a person duly authorised by an enforcement authority under sections 111 and 112 of the Act, and (5) a sampling officer within the meaning of Schedule 3 to the Act.		
3. Persons selling or supplying prescription only medicines to any persons employed or engaged in connection with a scheme for testing the quality and amount of the drugs, preparations and appliances supplied under the National Health Service Act 1977(**b**), the National Health Service (Scotland) Act 1947(**c**) and the Health and Personal Social Services (Northern Ireland) Order 1972(**d**), or under any regulations made under the said Acts or Order.	3. All prescription only medicines.	3. The sale or supply shall be subject to the presentation of an order signed by or on behalf of the person so employed or engaged stating— (*a*) the status of the person signing it, (*b*) the amount of the medicinal product required, and (*c*) that the sale or supply is for the purposes of the said scheme.

(**a**) 1970 c. 40. (**b**) 1977 c. 49. (**c**) 1947 c. 27.
(**d**) S.I. 1972/1265 (N.I. 14)

Column 1	Column 2	Column 3
Persons exempted	Prescription only medicines to which the exemption applies	Conditions
4. Certified midwives.	4. Prescription only medicines containing any of the following substances— Butylchloral hydrate Chloral betaine Chloral formanide Chloral glycerolate Chloral hydrate Dichloralphenazone Ergometrine maleate Pentazocine hydrochloride Triclofos sodium.	4. The sale or supply shall be only in the course of their professional practice and in the case of Ergometrine maleate only when contained in a medicinal product which is not for parenteral administration.
5. Pharmacists.	5. (1) The following veterinary drug— Dextrose injection.	5.(1) No conditions.
	(2) Such of the veterinary drugs listed in Schedule 1 to the Medicines (Exemptions from Restrictions on the Retail Sale or Supply of Veterinary Drugs) Order 1977(a) as are for parenteral administration.	(2) No conditions.
	(3) Prescription only medicines which are eye drops or eye ointments containing Mafenide propionate or not more than 30.0 per cent of Sulphacetamide sodium or Sulphafurazole diethanolamine equivalent to not more than 4.0 per cent Sulphafurazole and prescription only medicines containing any of the following substances but no other substance listed in column 1 of Part I or Part II of Schedule 1 to this order— Atropine Atropine methobromide Atropine methonitrate	(3) The sale or supply shall be subject to the presentation of an order signed by a registered ophthalmic optician.

(a) S.I. 1977/2167 (1977 III, p. 6141).

Sch. 4(I)

Column 1	Column 2	Column 3
Persons exempted	Prescription only medicines to which the exemption applies	Conditions
	Atropine sulphate Bethanecol chloride Carbachol Cyclopentolate hydrochloride Ecothiopate iodide Homatropine hydrobromide Hyoscine hydrobromide Naphazoline nitrate Neostigmine methylsulphate Physostigmine Physostigmine salicylate Physostigmine sulphate Pilocarpine hydrochloride Pilocarpine nitrate Tropicamide.	
6. Registered ophthalmic opticians.	6. Prescription only medicines listed in paragraph 5(3) of column 2 of this Part of this Schedule.	6. The sale or supply shall be only— (*a*) in the course of their professional practice, and (*b*) in an emergency.
7. Holders of product licences in respect of any of the prescription only medicines specified in column 2 of this paragraph and persons carrying on a business wholly or mainly comprising the sale of veterinary drugs and other agricultural requisites.	7. Such of the veterinary drugs listed in Schedule 1 to the Medicines (Exemptions from Restrictions on the Retail Sale or Supply of Veterinary Drugs) Order 1977 as are for parenteral administration.	7. The sale or supply shall be subject to the conditions specified in Article 3(2), (3) and (4) of the said order.
8. Holders of product licences in respect of any of the prescription only medicines specified in column 2 of this paragraph and persons carrying on a business wholly or mainly comprising the sale or supply of veterinary drugs in bulk.	8. Such of the veterinary drugs listed in Schedule 2 or Schedule 3 to the Medicines (Exemptions from Restrictions on the Retail Sale or Supply of Veterinary Drugs) Order 1977 as are prescription only medicines.	8. The sale or supply shall be— (1) subject to the presentation of an order signed by or on behalf of the purchaser stating— (*a*) the name and address of the purchaser,

Sch. 4(I)

Column 1	Column 2	Column 3
Persons exempted	Prescription only medicines to which the exemption applies	Conditions
		(*b*) the name and address of the purchaser's business, (*c*) the amount of the veterinary drug required, and (*d*) that the sale or supply is for the purpose of incorporation in animal feeding stuffs; (2) only to a person whom the seller knows, or has reasonable cause to believe, to be a person carrying on a business wholly or mainly comprising the manufacture of animal feeding stuffs for sale.
9. Persons providing a poultry vaccination service.	9. Such of the poultry vaccines listed in Schedule 1 to the Medicines (Exemptions from Restrictions on the Retail Sale or Supply of Veterinary Drugs) Order 1977 as are for parenteral administration.	9. The sale or supply shall be only to a person who has charge of animals for the purpose of and in the course of carrying on a business, whether as his sole business activity or as a substantial part of his business activities.
10. Persons selling or supplying prescription only medicines to the persons referred to in paragraph 9 above.	10. The prescription only medicines referred to in paragraph 9 above.	10. The sale or supply shall be subject to the presentation of an order signed by the purchaser stating the amount of the prescription only medicine required.
11. Persons selling or supplying prescription only medicines to veterinary surgeons and veterinary practitioners.	11. All prescription only medicines.	11. No conditions.

Sch. 4(I)

Column 1	Column 2	Column 3
Persons exempted	Prescription only medicines to which the exemption applies	Conditions
12. Persons selling or supplying prescription only medicines to the British Standards Institution.	12. All prescription only medicines.	12. (1) The sale or supply shall be subject to the presentation of an order signed on behalf of the British Standards Institution stating the status of the person signing it and the amount of the prescription only medicine required. (2) The sale or supply shall be only for the purpose of testing or determining the standards for containers of medicinal products.

PART II Article 9(1)(*b*)

Column 1 Persons exempted	Column 2 Prescription only medicines to which the exemption applies	Column 3 Conditions
1. Royal National Lifeboat Institution and certificated first aiders of the Institution.	1. All prescription only medicines.	1. The supply shall be only so far as is necessary for the treatment of sick and injured persons.
2. The owner or the master of a ship which does not carry a doctor on board as part of her complement.	2. All prescription only medicines.	2. The supply shall be only so far as is necessary for the treatment of persons on the ship.
3. Persons authorised by licences granted under regulation 5 of the Misuse of Drugs Regulations 1973(**a**) or regulation 5 of the Misuse of Drugs (Northern Ireland) Regulations 1974(**b**) to supply a controlled drug.	3. Such prescription only medicines, being controlled drugs, as are specified in the licence.	3. The supply shall be subject to such conditions and in such circumstances and to such an extent as may be specified in the licence.
4. Persons requiring prescription only medicines for the purpose of enabling them, in the course of any business carried on by them, to comply with any requirements made by or in pursuance of any enactment with respect to the medical treatment of their employees.	4. Such prescription only medicines as may be specified in the said enactments.	4. The supply shall be— (1) for the purpose of enabling them to comply with any requirements made by or in pursuance of any such enactment, and (2) subject to such conditions and in such circumstances as may be specified in the relevant enactments.

(a) S.I. 1973/797 (1973 I, p. 2549). (b) S.R. of N.I. 1974/272

Article 9(2) PART III

Column 1 Persons exempted	Column 2 Prescription only medicines to which the exemption applies	Column 3 Conditions
1. State registered chiropodists who hold a certificate of competence in the use of analgesics approved by the Chiropodists Board.	1. Prescription only medicines for parenteral administration that contain any of the following substances— Bupivacaine hydrochloride Lignocaine hydrochloride Mepivacaine hydrochloride Prilocaine hydrochloride all with a maximum strength of 1.0 per cent and a maximum volume per injection of 4 millilitres.	1. The administration shall be only in the course of their professional practice.
2. Certified Midwives.	2. Prescription only medicines for parenteral administration containing any of the following substances but no other substance specified in column 1 of Schedule 1 to this order— Ergometrine maleate Levallorphan tartrate Methylergometrine maleate Naloxone hydrochloride Oxytocins, natural and synthetic Pentazocine lactate Promazine hydrochloride.	2. The administration shall be only in the course of their professional practice and in the case of Promazine hydrochloride shall only be while attending on a woman in childbirth.
3. Persons providing a poultry vaccination service.	3. Such of the poultry vaccines listed in Schedule 1 to the Medicines (Exemptions from Restrictions on the Retail Sale or Supply of Veterinary Drugs) Order 1977 as are for parenteral administration.	3. The administration shall be only in the course of providing a poultry vaccination service.

Sch. 4(III)

Column 1	Column 2	Column 3
Persons exempted	Prescription only medicines to which the exemption applies	Conditions
4. Persons who are authorised as members of a group by a group authority granted under regulations 8(3) or 9(3) of the Misuse of Drugs Regulations 1973 or regulations 8(3) or 9(3) of the Misuse of Drugs (Northern Ireland) Regulations 1974 to supply a controlled drug by way of administration only.	4. Prescription only medicines that are specified in the group authority.	4. The administration shall be subject to such conditions and in such circumstances and to such extent as may be specified in the group authority.
5. The owner or the master of a ship which does not carry a doctor on board as part of her complement.	5. All prescription only medicines that are for parenteral administration.	5. The administration shall be only so far as is necessary for the treatment of persons on the ship.

EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order specifies the descriptions and classes of medicinal products which may only be sold or supplied against a prescription given by a doctor, a dentist, a veterinary surgeon or a veterinary practitioner. The order provides exemptions from the prescription only restrictions including exemptions for certain categories of persons (listed in column 1 of Schedule 4 to the order), exemptions for emergency supply and exemptions for certain homoeopathic products. The Order also prescribes requirements for prescriptions (including repeat prescriptions, signature and date of signature).

The Order revokes certain prohibition orders made under section 62 of the Medicines Act 1968.
