SCHEDULE

Column 1	Column 2
Class or description of goods	Manner in which the indication of origin is to be applied
Electric incandescent lamps, the bulb of which is 55 millimetres or less in diameter and internally coated on its top half with an obscuring finish. EXPLANATORY NOTE

(This Note is not part of the Direction, but is intended to indicate its general purport.)

The Merchandise Marks (Imported Goods) No. 2 Order 1928, as amended, prohibits the importation or the sale or exposure for sale in the United Kingdom of imported electric incandescent lamps unless (subject to specified exceptions) an indication of origin is indelibly marked both on the bulb and on its carton, wrapper or container.

This Direction exempts any lamp described in the Schedule from having to bear an indication of origin on the bulb itself, but requires the indication to be indelibly marked both on the cap and on the carton, wrapper or container.

Under section 3 of the Merchandise Marks Act 1926, the Direction will remain in force for 12 months unless during that period it is withdrawn by the Board of Trade, or the 1928 Order is amended in respect of these goods.
