THE METROPOLIS (TABARD STREET, NEWINGTON) IMPROVEMENT, 1885.

PROVISIONAL ORDER.

WHEREAS the Metropolitan Board of Works presented to me, the Right Honourable Sir William Vernon Harcourt, one of Her Majesty's Principal Secretaries of State, a petition praying that an order might be made confirming a scheme made by the said Board, under the above mentioned Acts, for the improvement of an area within the Metropolis, situate in the parish of St. Mary, Newington, in the borough of Southwark, in the county of Surrey, and subject to the jurisdiction of the said Board as the local authority under the said Acts.

And whereas a copy of the said scheme and of the estimates with which it was accompanied is annexed to this Order:

And whereas on consideration of the said petition, and on proof of the publication of the proper advertisements and of the service of the proper notices, I thought fit to proceed with the case, and directed a local inquiry to be made by Mr. D. Cubitt Nichols in or in the vicinity of the area to which the scheme relates for the purpose of ascertaining the correctness of the official representation made to the Metropolitan Board of Works as to the area and the sufficiency of the scheme provided for its improvement, and any local objections to be made to such scheme.

And whereas before commencing such inquiry the said D. Cubitt Nichols made public by advertisement his intention to make such inquiry, and stated the time and place at which he would be prepared to hear all persons desirous of being heard upon the subject thereof, in accordance with the provisions of section 17 of the Artizans and Labourers Dwellings Improvement Act, 1875.

And whereas the said D. Cubitt Nichols has reported to me in favour of the said scheme, subject to certain qualifications mentioned in his report:

And whereas the number of persons of the working class that will be displaced by the scheme if carried out in accordance with this Order is estimated to be 194, as set forth in the following table:—

Number of Holdings.	Number of Rooms in each Holding.	Total Number of Rooms.	Average Number of Occupants in each Holding.	Total Number of Occupants.
64	1	64	2·9	185
3	2	6	3·	9
67 Holdings.		70 Rooms.		194 Occupants.

And in addition to the above there is a registered lodging house for the accommodation of 26 persons.

Now in pursuance of the powers vested in me by the said Acts, I hereby confirm the said scheme, and authorise the same to be carried into execution, subject to the following conditions and modifications:

With respect to the limits of the improvement area, the houses and lands in Great Dover Street, which are numbered respectively 49, 52, 53, 54, 55, and 56 on the plan marked 21 B. (annexed to a copy of this Order, and sealed with the official seal of this office, and here deposited), and are coloured blue on the same plan shall not be deemed part of the unhealthy area in respect of which official representation was made, but shall form part of the improvement area to which the scheme as amended by this Order shall relate, and shall be deemed to have been included in the scheme as neighbouring lands.

The house in Tabard Street, numbered 8, and coloured red on the said plan, shall be deemed to be part of the unhealthy area.

With respect to the appropriation of lands, the scheme of the Metropolitan Board shall be read as if in lieu of the plan marked 21 and annexed to the scheme was substituted the said plan marked 21 B.

Schedule.

The dwellings to be erected on the lands constituting the improvement area shall be dwellings approved by the Metropolitan Board and the Secretary of State, and so constructed as to contain in the aggregate not less than 220 persons belonging to the working class.

The buildings upon the lands constituting the improvement area, when the same shall have been acquired, shall be taken down and removed and new buildings shall be erected on the said lands according to regulations to be from time to time made in that behalf by the Metropolitan Board of Works, with the approval of one of Her Majesty's Principal Secretaries of State.

SCHEME.

The Artizans and Labourers Dwellings Improvement Acts, 1875 *to* 1882.

METROPOLIS (TABARD STREET, NEWINGTON,) IMPROVEMENT, 1884.

SCHEME for the Improvement of certain Lands within the Metropolis, situate in the Parish of St. Mary, Newington, in the Borough of Southwark, in the County of Surrey, in pursuance of the Artizans and Labourers Dwellings Improvement Acts, 1875 to 1882.

Preliminary.

WHEREAS an official representation under the provisions of the third section of the Artizans and Labourers Dwellings Improvement Act, 1875, was made to us, the Metropolitan Board of Works, by William Tiffin Iliff, M.D., London, medical officer of health for the vestry of St. Mary, Newington, in the county of Surrey, with respect to a certain area within the said parish, under our jurisdiction as the local authority within the meaning of the said Artizans and Labourers Dwellings Improvement Act, 1875, that certain houses, courts, or alleys in the said district of St. Mary, Newington, delineated on the plan annexed to the said representation, and thereon coloured red, were unfit for human habitation, or that diseases indicating a generally low condition of health amongst the population in the area, shown by the said plan, and thereon coloured red, have been from time to time prevalent, and that such prevalence might reasonably be attributed to the closeness, narrowness, and bad arrangement and the bad condition of the streets and houses and groups of houses within the said area, and to the want of light, air, ventilation, and proper conveniences, and other sanitary defects, and that the evils connected with the said houses, courts, or alleys and other sanitary defects of the said area could not be effectually remedied otherwise than by an improvement scheme for the re-arrangement and reconstruction of the streets and houses within the said area coloured red, or of some of them:

And whereas, we, the Metropolitan Board of Works, have taken such representation into our consideration, and being satisfied of the truth thereof, and of the sufficiency of our resources, have passed a resolution to the effect that the said area is unhealthy, and that an improvement scheme ought to be made in respect thereof:

Now therefore, we, the Metropolitan Board of Works, in furtherance of such resolution, and in pursuance of the provisions of the Artizans and Labourers Dwellings Improvement Acts, 1875 to 1882, and the powers by the said Acts conferred upon us, do make the scheme following, that is to say:

The lands constituting the said improvement area, or any of them, may for the purposes of this scheme be taken compulsorily.

Appropriation of Lands.

Upon the lands constituting the said improvement area dwellings for the working classes shall be so constructed as to afford the accommodation and to have the sanitary arrangements specified in the particulars set forth in the schedule to this scheme annexed, and the street and approaches shown on the said plan, marked No. 21, shall be formed, as nearly as may be to the extent shown by dark red lines on the said plan, and according to the particulars set forth in the schedule to this scheme annexed.

In the appropriation for the aforesaid purposes of the lands constituting the said improvement area any regulation made for the purposes and in the manner set forth in the schedule to this scheme annexed shall be duly observed.

Execution of Scheme.

The Metropolitan Board of Works shall carry this scheme into execution in accordance with and subject to the provisions of the Artizans and Labourers Dwellings Improvement Acts, 1875 to 1882, and subject to such conditions and modifications as may be prescribed and made under the authority of the said Acts, the Provisional Order authorising the execution of this scheme, or the Act confirming such Provisional Order.
