EXPLANATORY NOTE

(This Note is not part of the Order.)

Section 2 of the National Coal Board (Finance) Act 1976 authorises the Secretary of State to reimburse to the National Coal Board certain expenditure which they have incurred towards reducing or eliminating deficiencies in the Mineworkers' Pension Scheme.

Section 2(3)(*b*) provides that the maximum aggregate of such payments shall not exceed, in respect of any financial year of the Board from 1976–77 to 1994–95, a specified sum, which may be increased by order of the Secretary of State. The current limit, fixed by the Mineworkers' Pension Scheme (Limit on Contributions) Order 1982, is £54,280,000. This Order substitutes an increased limit of £57,930,000 in respect of the Board's financial year 1982–83 and subsequent financial years.

Section 2(4) provides that no such order shall be made unless the Treasury consent, and a draft of the order has been laid before the House of Commons and approved by a resolution of that House; and that before laying a draft order the Secretary of State shall review the overall financial position of the National Coal Board and lay with the draft order a statement explaining the considerations which have led him to conclude that the order should be made. This review has been carried out and the statement required by the Act has been laid before the House of Commons.
