"motor cycle" means a motor cycle without a side car.

5. The rate for travel by a hired motor vehicle other than a taxi-cab or cab shall not exceed the rate which would have been applicable had the vehicle belonged to the member who hired it:

6. The rate for travel by air shall not exceed the rate applicable to travel by appropriate alternative means of transport together with an allowance equivalent to the amount of any saving in payments which would have been made in respect of loss of earnings and additional expenses including subsistence expenses consequent on travel by air:

Provided that, where, with the approval of the Minister, the authority responsible for making the payment decides that the saving in time is so substantial as to justify payment of the fare for travel by air, there may be paid an amount not exceeding—

(*a*) the ordinary, or any available cheap fare for travel by regular air service; or

(*b*) where no such service is available or in case of urgency, the fare actually paid by the member.

3. Provided that where the member orders lunch or dinner on a train or boat, the above rates shall respectively be 7s. 6d. and 13s., or where lunch and dinner are both so ordered during an absence exceeding eight hours, 15s.
