EXPLANATORY NOTE

(This Note is not part of the Regulations.)

These Regulations are made in consequence of the National Insurance Act 1966 and accordingly, by virtue of section 14 (6) of that Act, no reference of them has been made to the National Insurance Advisory Committee.

With a view to enabling the payment of earnings-related benefits during unemployment and incapacity the National Insurance Act 1966 introduced increases in the graduated contributions payable by employed persons and their employers and for the first time made such contributions payable in respect of non-participating employment. The Regulations secure that the contributions payable in the case of serving members of the forces are excluded from these changes.
