EXPLANATORY NOTE

(This Note is not part of the Regulations.)

Regulation 4 of the National Insurance (Modification of the Superannuation Acts) Regulations 1960 provides for the reduction of the superannuation allowance payable during any period after age 65 (60 for women) to an established civil servant who is entitled to a graduated National Insurance pension, where any of the graduated pension is attributable to service in the civil service which is reckonable for determining the amount of his superannuation allowance.

These Regulations amend the Regulations of 1960 so as to provide that graduated pension which accrues by virtue of the additional contributions for earnings-related short-term benefits introduced by the National Insurance Act 1966 or by virtue of the new graduated contributions introduced by the National Insurance Act 1969 shall be disregarded when such reductions are calculated.

The Regulations revoke and replace the National Insurance (Modification of the Superannuation Acts) (Amendment) Regulations 1966, which contained similar provisions in relation only to those additional contributions which were introduced by the National Insurance Act 1966.
