## EXPLANATORY NOTE

*(This Note is not part of the Order, but is intended to indicate its general purport.)*

This Order replaces the Perambulators (Maximum Prices and Charges) Order, 1945 (S.R. & O. 1945 No. 97), as amended. The following are the principal changes:—

1. Manufacturers' and wholesalers' maximum prices for home-produced perambulators described in the First Schedule are now fixed at the amounts specified therein, reduced on a sale by a manufacturer to a wholesaler by 7½ per cent. thereof.

2. Manufacturers' and wholesalers' maximum prices and retailers' over-riding maximum prices have been reduced for pramettes, bed-folders and push chairs, and increased for other perambulators. Separate prices have been introduced for push-chairs with hood and apron and Victoria baby carriages.

3. The maximum prices prescribed by the Order include delivery charges, except in the case of a sale to a retail customer. In this case the costs necessarily and properly incurred in delivery may be added to the maximum price prescribed.

4. The Second Schedule contains a revised list of specified repairs to perambulators for which maximum charges are prescribed therein. For other repairs the maximum charge is reduced. It is fixed at the aggregate of the cost of direct labour and materials and 80 per cent. thereof.

5. A retailer is required to display a notice of maximum prices and to attach tickets showing the maximum price. A repairer (including a person who procures the carrying out of repairs) is required to display a notice of maximum charges.
