(2) A grant shall not be made under this part of this scheme in respect of any land unless before the commencement of any operations in respect of which such a grant may be made the Secretary of State has approved those operations in relation to that land and is satisfied that the carrying out thereof on that land, together with any necessary preliminary operations, is likely to involve expenditure which is substantially heavier than normal for operations such as are specified in sub-paragraph (1) of this paragraph.

(3) Where the Secretary of State has approved operations in relation to any land for the purposes of Part II of the Ploughing Grants (Scotland) Scheme 1965(a), and any part of the said land has not been ploughed up from grass before 1st June 1966, such operations shall be deemed to have been approved for the purposes of this part of this scheme also.

11. The Secretary of State may require an applicant for a grant under Part I, or, as the case may be, Part II, of this scheme to give to any person authorised by the Secretary of State in that behalf adequate facilities for the inspection of any land to which the application relates.

12. Where, in the opinion of the Secretary of State:—

14. A grant shall not be made under Part I of this scheme unless an application for the grant:—

(a) is made to the Secretary of State, by the occupier of the land ploughed up, in writing in such form as the Secretary of State may from time to time require, and

(b) is received by the Secretary of State not later than 30th June 1967 or before such later date as the Secretary of State may by reason of the special circumstances of any case allow:

Paragraph 3

SCHEDULE

FURTHER OPERATIONS

The following shall be further operations after ploughing for the purposes of Part I of this scheme:—

(a) Ploughing a second time, rotavating, discing, cultivating, rolling, harrowing or any similar operation carried out for the purpose of producing a tilth.

(b) Spreading lime or fertiliser.

(c) Sowing or planting.

EXPLANATORY NOTE

(This Note is not part of the scheme.)

This scheme, which is made under the Agriculture (Ploughing Grants) Act 1952, provides for the making of grants by the Secretary of State at two different rates in respect of land ploughed up from grass, where after ploughing the operations described in the scheme are carried out.

The rate of grant under Part I of this scheme is £2 10s. per acre, as against £5 under the 1965 scheme (S.I. 1965/1232). The rate of grant under Part II remains at £12 per acre.

Where the Secretary of State has approved operations for the purposes of Part II of the 1965 scheme, but any of the ploughing is carried out during the period to which this scheme applies, the approval is to be treated as though it were given for the purposes of Part II of this scheme. The Secretary of State may take into account any necessary preliminary operations when assessing eligibility for grant under Part II, and may withhold or reduce the grant where these operations are not carried out to his satisfaction.

All qualifying dates have been advanced by one year, but in other respects the scheme is materially the same as the 1965 scheme.
