EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order amends the principal Order relating to the price of plywood.

The principal Order exempted from price control plywood sold in small lots in accordance with the provisions of Article 8 of the Control of Timber (No. 32) (General Provisions) Order, 1944, as amended. The provisions of that Article have now been revoked by the Control of Timber (No. 54) Order, 1950 (S.I. 1950 No. 1035), which comes into operation at the same time as the present Order. The present Order sets out in express terms the conditions on which small lots of plywood may be sold free from price control. A licence is still required for the acquisition of "controlled plywood" as defined in the Control of Timber (No. 32) (General Provisions) Order, 1944, as amended (see S.I. 1950 No. 1035), whether it is sold in small lots or not.
