1966 No. 709

POISONS

The Poisons Rules 1966

Made - - - -	*11th June* 1966
Laid before Parliament	*22nd June* 1966
Coming into Operation	*6th July* 1966

ARRANGEMENT OF RULES

1. Citation and commencement.
2. Interpretation.
3. Metric system and imperial system.

Application and Relaxation of Part II of the Act

4. Restriction of sales by shopkeepers.
5. Exemption of animal medicines.
6. Extension of labelling provisions and relaxation with respect to poisons in Schedule 2 and in Part B of Schedule 4 and consignments to Northern Ireland.
7. Substances to which section 18(2) of the Act applies.
8. Extension of section 18(2) to sales wholesale, etc., and relaxation of the said subsection.
9. Relaxation of section 19(3) in the case of certain medicines.
10. General exemption of section 19 transactions.
11. Exemption from the provisions applying solely to Schedule 1.
12. Complete exemption for articles and substances in Schedule 3.

Additional Restrictions on the Sale of Poisons

13. Additional restriction of sale of poisons in Schedule 4.
14. Additional restriction of sales by authorised sellers of poisons.
15. Restriction of sales by listed sellers of Part II poisons.
16. Requirement as to colouring in certain cases.
17. Restriction of sale and supply of strychnine and certain other substances.

Supplementary Provisions with respect to Labelling and Containers

18. Manner of labelling containers.
19. Labelling of name of poison.
20. Labelling of particulars as to proportion of the poison.
21. Indication of character of the poison.
22. Special cautions in the case of certain articles.
23. Name of seller and address of premises.
24. Form of containers.

Storage and Transport

25. Storage of poisons.
26. Transport of poisons.
27. Special provisions with respect to the transport of poisons specified in Schedule 8.

Special Provisions with respect to Hospitals

28. Supply of medicines to out-patients from certain hospitals, etc.
29. Supply of medicines for use in institutions.
30. Storage of poisons in institutions.

Miscellaneous

31. Manufacture of pharmaceutical preparations.
32. Form of application to a local authority, fees to be paid by listed sellers of Part II poisons and form of local authority's list.
33. Certificates of persons to whom poisons may be sold.
34. Form of record of sales.
35. Preservation of records.
36. Revocation.

SCHEDULES

SCHEDULE 1: Substances included in the Poisons List to which special restrictions apply unless exempted by Rule 11.

SCHEDULE 2: Poisons exempted from labelling provisions when sold or supplied in certain circumstances.

SCHEDULE 3: Articles exempted from the provisions of the Act and of these Rules.

SCHEDULE 4: Substances required to be sold by retail only upon a prescription given by a duly qualified medical practitioner, registered dentist, registered veterinary surgeon or registered veterinary practitioner.

SCHEDULE 5: Part A—Form to which the substances specified are restricted when sold by listed sellers of Part II poisons.

Part B—Poisons which may be sold by listed sellers of Part II poisons only to persons engaged in the trade or business of agriculture or horticulture and for the purpose of that trade or business.

SCHEDULE 6: Statement of particulars permitted in certain cases as to proportion of poison.

SCHEDULE 7: Indication of character of article prescribed for the purposes of section 18(1)(*c*)(iii) of the Act.

SCHEDULE 8: Poisons required to be specially labelled for transport.

SCHEDULE 9: Form of application for entry in the list kept by a local authority under section 21 of the Act.

SCHEDULE 10: Form of the list to be kept by a local authority in pursuance of section 21(1) of the Act.

SCHEDULE 11: Certificate for the purchase of a poison.

SCHEDULE 12: Form of entry to be made in the book to be kept by sellers of poisons in accordance with section 18(2)(*b*) of the Act.

SCHEDULE 13: Forms of authority for purchasing strychnine for killing moles and seals.

SCHEDULE 14: Forms of certificate authorising the purchase of monofluoroacetic acid, a salt thereof, fluoroacetamide or fluoroacetanilide as a rodenticide.

SCHEDULE 15: Substances in which poison is exempted by Rule 7 from section 18(2) of the Act.

SCHEDULE 16: Poisons required to be coloured in certain cases.

SCHEDULE 17: Rules revoked.

In pursuance of section 23 of the Pharmacy and Poisons Act 1933(a), on the recommendation of the Poisons Board I hereby make the following Rules:—

Citation and commencement

1. These Rules may be cited as the Poisons Rules 1966 and shall come into operation on 6th July 1966.

Interpretation

2.—(1) In these Rules unless the context otherwise requires—

"the Act" means the Pharmacy and Poisons Act 1933;

"animal" includes poultry;

"antimonial poisons" means chlorides of antimony, oxides of antimony, sulphides of antimony, antimonates, antimonites and organic compounds of antimony;

"arsenical poisons" means halides of arsenic, oxides of arsenic, sulphides of arsenic, arsenates, arsenites, copper acetoarsenite, sodium thioarsenates and organic compounds of arsenic;

"food" includes a beverage;

"listed seller of Part II poisons" means a person entitled, subject to the provisions of the Act and of these Rules, to sell poisons included in Part II of the Poisons List(b) by virtue of the entry of his name in a local authority's list kept in pursuance of section 21 of the Act;

"medicine for the internal treatment of human ailments" includes any medicine to be administered by hypodermic injection, but does not include any mouth wash, eye drops, eye lotion, ear drops, douche or similar articles;

"sale exempted by section 20 of the Act" means a sale made in such circumstances as to be entitled, except as provided by these Rules, to exemption under section 20 of the Act from the foregoing provisions of Part II of the Act;

"transaction exempted by section 19 of the Act" means the supply of a medicine in such circumstances as to be entitled to exemption under section 19 of the Act from the provisions of section 18 of the Act.

(2) Any reference in the Schedules to these Rules to the percentage of a poison contained in any substance or preparation shall, unless otherwise expressly provided, be construed in the following manner, that is to say, a reference to a substance or preparation containing one per cent. of any poison means—

(*a*) in the case of a solid, that one gramme of the poison is contained in every hundred grammes of the substance or preparation;

(a) 1933 c. 25.

(b) S.I. 1966/708 (1966 II, p. 1583).

(*b*) in the case of a liquid, that one millilitre of the poison, or, if the poison itself is a solid, one gramme of the poison, is contained in every hundred millilitres of the substance or preparation;

and so in proportion for any greater or lesser percentage.

(3) The Interpretation Act 1889(a) shall apply to the interpretation of these Rules as it applies to the interpretation of an Act of Parliament, and as if these Rules and the Rules revoked by these Rules were Acts of Parliament.

Metric system and imperial system

3.—(1) For the purposes of these Rules a poison shall not be regarded as sold, issued or supplied otherwise than in accordance with a prescription or other order by reason only that the prescription or order specifies a quantity of the poison in terms of the imperial system and the quantity sold, issued or supplied is the equivalent of that amount in the metric system, or by reason only that the prescription or order specifies a quantity of the poison in terms of the metric system and the quantity sold, issued or supplied is the equivalent of that amount in the imperial system.

(2) For the purposes of these Rules the quantity of a poison in the imperial system which is the equivalent of a particular quantity in the metric system, and the quantity of a poison in the metric system which is the equivalent of a similar quantity in the imperial system shall be deemed to be that set out as such in the Tables of Equivalents contained in the British Pharmacopoeia, the British Pharmaceutical Codex or the British Veterinary Codex.

APPLICATION AND RELAXATION OF PART II OF THE ACT

Restriction of sales by shopkeepers

4. It shall not be lawful for any shopkeeper to sell poisons on any premises used for or in connection with his retail business, notwithstanding that the sale is exempted by section 20 of the Act, unless he complies with the provisions of paragraph (*a*) or paragraph (*b*), as the case may be, of section 18(1) of the Act.

Exemption of animal medicines

5. The provisions of section 18(1)(*a*) and (*b*) of the Act shall not apply with respect to any medicine for the treatment of animals sold by a person carrying on a business which comprises the manufacture of medicines for the treatment of animals, if the following requirements are complied with:—

(*a*) a statement in writing signed by the owner of the business, or, in the case of a corporate body, on behalf of that body, stating the name of the business, the principal place where it is carried on, the name of the person in charge of the sale of the medicines, and the premises on which the medicines are to be sold must be furnished prior to the sale to the registrar of the Pharmaceutical Society; and

(*b*) the sale must be effected on the premises specified in the statement; and

(*c*) an inspector appointed under section 25 of the Act must be permitted at all reasonable times to enter the premises and be given all reasonable facilities to make such examination and enquiry and to do such other things (including the taking, on payment therefor, of samples) as may be necessary for ascertaining whether the provisions of the Act and of these Rules are being complied with.

(a) 1889 c. 63.

Extension of labelling provisions and relaxation with respect to poisons in Schedule 2 and in Part B of Schedule 4 and consignments to Northern Ireland

6.—(1) Subject as hereinafter provided, the provisions of section 18(1)(*c*) of the Act and of Rules 18 to 23 of these Rules (which provisions relate to the labelling of poisons) shall apply to sales exempted by section 20 of the Act, other than sales of poisons to be exported to purchasers outside the United Kingdom; and shall also apply to the supply of poisons (otherwise than on sale) in like manner as if references in the said provisions to the sale and the seller of poisons included references to the supply and the supplier of poisons respectively.

(2) The said provisions, except the provisions of Rule 22 of these Rules and of section 18(1)(*c*)(iv) of the Act as modified by Rule 23 of these Rules, shall not apply to the sale or supply of any of the poisons included in Schedule 2 to these Rules to a person who—

(*a*) carries on a business in the course of which poisons are regularly sold by way of wholesale dealing or are regularly used in the manufacture of other articles, and

(*b*) requires the poison for the purpose of that business,

if the outside of the package in which the poison is sold or supplied is labelled conspicuously with words indicating the dangerous properties of the poison.

(3) The provisions of section 18(1)(*c*)(iii) of the Act and of Rule 21 of these Rules shall not apply to sales exempted by section 20 of the Act of any of the poisons included in Part B of Schedule 4 to these Rules.

(4) The said provisions shall not apply to the sale or supply of poisons to be consigned to purchasers in Northern Ireland if the poisons are labelled in accordance with the corresponding provisions of the law in force in Northern Ireland relating to the labelling of poisons.

Substances to which section 18(2) *of the Act applies*

7. The provisions of section 18(2) of the Act (which makes provision as to persons to whom poisons may be sold and to the keeping of records of sales) shall apply with respect to all substances included in Schedule 1 to these Rules, whether or not the poison sold is a poison included in Part I of the Poisons List, and shall not apply with respect to any other substance:

Provided that—

(i) paragraph (*a*) of the said section 18(2) shall, in its application to sales by listed sellers of Part II poisons, be deemed to be satisfied if the person to whom the poison is sold is known by the person in charge of the premises on which the poison is sold or of the department of the business in which the sale is effected to be a person to whom the poison may properly be sold, and

(ii) the provisions of the said section 18(2) shall not apply, so far as the poison specified in the first column of Schedule 15 to these Rules is concerned, to sales of substances specified in the second column of that Schedule.

Extension of section 18(2) *to sales wholesale, etc., and relaxation of the said subsection*

8.—(1) The provisions of section 18(2) of the Act as modified by the last foregoing Rule shall apply to sales exempted by section 20 of the Act, except sales of poisons to be exported to purchasers outside the United

Kingdom; and shall also apply to the supply in the form of commercial sample, otherwise than on sale, of any substance included in Schedule 1 to these Rules in like manner as if references in the said provisions to the sale and seller of poisons respectively included references to the supply and the supplier of poisons in the form of commercial samples:

Provided that the said provisions shall not apply to the sale or supply of any article by the manufacturer thereof or by a person carrying on a business in the course of which poisons are regularly sold by way of wholesale dealing, if—

(*a*) the article is sold or supplied to a person carrying on a business in the course of which poisons are regularly sold or are regularly used in the manufacture of other articles, and

(*b*) the seller or supplier is reasonably satisfied that the purchaser requires the article for the purpose of that business.

(2) Paragraph (*a*) of the said section 18(2) shall, in its application to sales exempted by section 20 of the Act and to the supply in the form of commercial samples of substances included in Schedule 1 to these Rules, be deemed to be satisfied if the person to whom the poison or sample is sold or supplied is known by the person in charge of the department of the business through which the sale or supply is effected to be a person to whom the poison or sample may properly be sold or supplied.

(3) So much of paragraph (*b*) of the said section 18(2) as requires an entry in a book to be signed by the purchaser of a poison shall not, as respects the sale of a poison to a person for the purposes of his trade, business or profession, apply if the following requirements are satisfied:—

(*a*) the seller must obtain before the completion of the sale an order in writing signed by the purchaser stating his name and address, trade, business or profession, and the following particulars in regard to the article to be purchased, that is to say, the purpose for which it is required and the total quantity to be purchased, or, in the case of an article packed in ampoules, either the said total quantity or the total quantity intended to be administered or injected;

(*b*) the seller must be reasonably satisfied that the signature is that of the person purporting to have signed the order, and that that person carries on the trade, business or profession stated in the order, being one in which the poison to be purchased is used;

(*c*) the seller must insert in the entry prescribed by Rule 34 of these Rules the words "signed order" and a reference number by which the order can be identified:

Provided that where a person represents that he urgently requires a poison for the purpose of his trade, business or profession, the seller may, if he is reasonably satisfied that the person so requires the poison and is, by reason of some emergency, unable before delivery either to furnish to the seller an order in writing duly signed or to attend and sign the entry in the book, deliver the poison to the purchaser on an undertaking by the purchaser to furnish such an order within the twenty-four hours next following.

If any purchaser by whom any such undertaking has been given fails to deliver to the seller a signed order in accordance with the undertaking, or if any person for the purpose of obtaining delivery of any poison under the foregoing proviso makes a statement which is to his knowledge false, he shall be deemed to have contravened the provisions of this Rule.

(4) Where the seller of a poison is reasonably satisfied that the poison is required for the purpose of medical, dental or veterinary treatment, there shall not apply—

(*a*) in the case of a sale to a hospital, infirmary, health centre, dispensary or clinic, such of the provisions of this Rule as require the purchaser to state his trade, business or profession and the seller to be satisfied with respect thereto;

(*b*) in the case of a sale of the poison not being a poison to which any Part of the Dangerous Drugs Act 1965(a) applies to a duly qualified medical practitioner, registered dentist, registered veterinary surgeon or registered veterinary practitioner or to a hospital, infirmary, health centre, dispensary or clinic, such of the provisions of this Rule as require the purchaser to state the purpose for which the poison is required.

Relaxation of section 19(3) *in the case of certain medicines*

9. The requirements mentioned in section 19(3) of the Act (which requires particulars of medicines supplied or dispensed under that section to be entered in a book) need not be satisfied in the case of—

(*a*) any medicine, not being a substance included in Schedule 1 to these Rules, which is supplied by—

(i) a duly qualified medical practitioner for the purposes of medical treatment, or

(ii) an authorised seller of poisons on and in accordance with a prescription given by a duly qualified medical practitioner or a registered dentist; or

(*b*) any medicine, notwithstanding that it is a substance included in Schedule 1 to these Rules, which is supplied on and in accordance with a prescription given by a duly qualified medical practitioner or a registered dentist upon a form issued by a local authority (whether a local authority as defined in the Act or not) for use in connection with a health service of that authority, provided that the following requirements are complied with:—

(i) the prescription or a true copy thereof must be kept upon the premises upon which the medicine was dispensed for a period of at least two years in such a manner as to be readily available for inspection, and

(ii) the prescription or copy must bear on it particulars of the date of dispensing, the ingredients and quantity of the medicine supplied, and the name of the person by whom, the name and address of the person to whom, and the date on which the prescription was given; or

(*c*) any medicine, notwithstanding that it is a substance included in Schedule 1 to these Rules, which is supplied on and in accordance with a prescription given by a registered dentist under and in accordance with the National Health Service Act 1946(b) or the National Health Service (Scotland) Act 1947(c).

General exemption of section 19 *transactions*

10. Nothing in these Rules shall apply, except as is expressly provided therein, to transactions exempted by section 19 of the Act.

(a) 1965 c. 15. (b) 1946 c. 81. (c) 1947 c. 27.

Exemption from the provisions applying solely to Schedule 1

11. Such of the provisions of these Rules and of Part II of the Act as modified by these Rules, as apply solely with respect to the substances included in Schedule 1 to these Rules, shall not apply with respect to—

(*a*) machine-spread plasters ; or

(*b*) surgical dressings ; or

(*c*) articles containing barium carbonate or zinc phosphide and prepared for the destruction of rats or mice ; or

(*d*) corn paints in which the only poison is a poison included in the Poisons List under the heading of " Cannabis ".

Complete exemption for articles and substances in Schedule 3

12. Nothing in Part II of the Act or in these Rules shall apply—

(*a*) with respect to any article included in Group I of Schedule 3 to these Rules ; or

(*b*) so far as any poison specified in the first column of Group II of that Schedule is concerned, with respect to any of the articles or substances specified in the second column opposite the description of the poison.

Additional Restrictions on the Sale of Poisons

Additional restriction of sale of poisons in Schedule 4

13.—(1) It shall not be lawful to sell any poison included in Schedule 4 to these Rules, except on and in accordance with a prescription complying with the requirements of paragraph (3) of this Rule given by a duly qualified medical practitioner, registered dentist, registered veterinary surgeon or registered veterinary practitioner:

Provided that where an authorised seller of poisons is reasonably satisfied that a person ordering any such poison is a duly qualified medical practitioner who is by reason of some emergency unable to furnish such a prescription immediately, he may, notwithstanding that no such prescription has been given, if the said person undertakes to furnish him within the twenty-four hours next following with such a prescription, deliver the poison ordered in accordance with the directions of the said person, so, however, that, notwithstanding anything in any such directions, the supply shall not be repeated unless such a prescription has been given.

If any person by whom any such undertaking has been given fails to deliver to the seller a prescription in accordance with the undertaking, or if any person for the purpose of obtaining delivery of any poison under the foregoing proviso makes a statement which is to his knowledge false, he shall be deemed to have contravened the provisions of this Rule.

(2) This Rule shall apply to the sale of any such poison, notwithstanding that it is a transaction exempted by section 19 of the Act, but shall not apply to any sale exempted by section 20 of the Act.

(3) For the purposes of this Rule a prescription shall, in the case of any poison included in Schedule 4 to these Rules, be in writing and be signed by the person giving it with his usual signature and be dated by him and, in the case of any poison included in Part A of Schedule 4 to these Rules—

(*a*) except in the case of a health prescription, specify the address of the person giving it ;

(*b*) specify the name and address of the person for whose treatment it is given or, if the prescription is given by a veterinary surgeon or practitioner, of the person to whom the medicine is to be delivered;

(*c*) have written thereon, if given by a dentist, the words "For dental treatment only" or, if given by a veterinary surgeon or practitioner, the words "For animal treatment only";

(*d*) when the medicine is packed otherwise than in ampoules, indicate—

(i) except in the case of a preparation contained in the British National Formulary, the total amount to be supplied, and

(ii) except in the case of a preparation which is to be used for external treatment only, the dose to be taken;

(*e*) when the medicine is packed in ampoules, indicate—

(i) except in the case of a preparation contained in the British National Formulary, either the total amount to be supplied or the total amount intended to be administered or injected, and

(ii) in any case, the amount intended to be administered or injected in each dose.

(4) The person dispensing the prescription shall comply with the following requirements:—

(*a*) the prescription must not be dispensed more than once unless the prescriber has directed thereon either that it may be dispensed a stated number of times or that it may be dispensed at stated intervals;

(*b*) if the prescription contains a direction that it may be dispensed a stated number of times or at stated intervals it must not be dispensed otherwise than in accordance with the direction;

(*c*) a prescription which contains a direction that it may be dispensed a stated number of times but no direction as to the intervals at which it may be dispensed shall not be dispensed more often than once in three days, and a prescription which contains a direction that it is to be dispensed at stated intervals but no direction as to the number of times that it may be dispensed shall not be dispensed more often than three times;

(*d*) at the time of dispensing or, where a poison has been delivered under the proviso to paragraph (1) of this Rule, on the subsequent receipt of the prescription there must be noted on the prescription above the signature of the prescriber the name and address of the seller and the date on which the prescription is dispensed or, as the case may be, the poison was delivered;

(*e*) except in the case of a health prescription or a prescription which may be dispensed again, the prescription must, for a period of two years, be retained and kept on the premises on which it was dispensed in such manner as to be readily available for inspection.

(5) In this Rule "health prescription" means a prescription given by a duly qualified medical practitioner or registered dentist under and in accordance with the National Health Service Act 1946, or the National Health Service (Scotland) Act 1947, or given by a duly qualified medical practitioner or registered dentist upon a form issued by a local authority (whether a local authority as defined in the Act or not) for use in connection with a health service of that authority.

Additional restriction of sales by authorised sellers of poisons

14. It shall not be lawful for any authorised seller of poisons to sell any substance included in Schedule 1 to these Rules, notwithstanding that the

substance is a poison included in Part II of the Poisons List, unless the sale is effected by, or under the supervision of, a registered pharmacist.

Restriction of sales by listed sellers of Part II poisons

15.—(1) No shopkeeper shall be entitled by virtue of being a listed seller of Part II poisons to sell—

(*a*) any poison other than ammonia, hydrochloric acid, nitric acid, potassium quadroxalate and sulphuric acid, except in a closed container as closed by the manufacturer or other person from whom the poison was obtained;

(*b*) any substance included in Schedule 1 to these Rules unless the sale is effected by himself or by a responsible deputy.

In this paragraph the expression "responsible deputy" means a person nominated as a deputy on the seller's form of application, as hereinafter prescribed, for entry as a listed seller of Part II poisons, or any person substituted, by notice in writing to the local authority, for a person so nominated, and not more than two deputies shall be nominated at the same time in respect of one set of premises.

(2) No person shall be entitled by virtue of being a listed seller of Part II poisons to sell—

(*a*) any poison included in the first column of Part A of Schedule 5 to these Rules unless the article or substance sold is one of the articles or substances specified against the description of the poison in the second column of that Part, and the container of the substance is, in addition to any other direction of the Act or of these Rules with respect to labelling, labelled clearly with a notice of the special purpose for which the article or substance is intended, and a warning that it is only to be used for that purpose;

(*b*) any poison included in Part B of Schedule 5 to these Rules, unless the purchaser thereof is engaged in the trade or business of agriculture or horticulture and requires the poison for the purpose of that trade or business.

Requirement as to colouring in certain cases

16. It shall not be lawful to sell any poison included in Schedule 16 to these Rules which is intended for use as a weed killer or in the prevention or treatment of infestation by animals, plants or other living organisms unless there has been added to the poison a dye or other substance which renders it of a distinctive colour whether dry or wet or in solution:

Provided that this Rule shall not apply in the case of—

(*a*) poisons which are themselves of a distinctive colour,

(*b*) sheep dips which are already of a distinctive colour, or

(*c*) articles to be exported to purchasers outside the United Kingdom.

Restriction of sale and supply of strychnine and certain other substances

17.—(1) It shall not be lawful to sell or supply strychnine except as an ingredient in a medicine:

Provided that this paragraph shall not apply to the sale of strychnine—

(*a*) by way of wholesale dealing; or

(*b*) to be exported to purchasers outside the United Kingdom; or

(*c*) for the purpose of being compounded in medicines prescribed or administered by a duly qualified medical practitioner, registered veterinary surgeon or registered veterinary practitioner; or

(*d*) to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis; or

(*e*) to a person producing a written authority in form "A" of the forms set out in Schedule 13 to these Rules issued within the preceding three months in England or Wales by a person duly authorised by the Minister of Agriculture, Fisheries and Food, or in Scotland by the chairman or secretary of an Agricultural Executive Committee or by a person duly authorised by the Secretary of State, authorising the purchase of strychnine for the purpose of killing moles; or to a person producing a written authority in form "B" of the said forms issued within the preceding three months by a person duly authorised by the Secretary of State authorising the purchase of strychnine for the purpose of killing seals at the place or places mentioned in the authority; so, however, that in either case the quantity sold shall not exceed the quantity, not being more than four ounces, specified in the authority.

(2) It shall not be lawful to sell or supply any substance to which this paragraph applies:

Provided that this paragraph shall not apply to the sale of a substance to which this paragraph applies—

(*a*) by way of wholesale dealing; or

(*b*) to be exported to purchasers outside the United Kingdom; or

(*c*) to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis; or

(*d*) to a person producing a certificate in form "A" of the forms set out in Schedule 14 to these Rules issued within the preceding three months by the medical officer of health of a local authority or port health authority certifying that a substance to which this paragraph applies named in the certificate is required for use by employees of that local authority or port health authority as a rodenticide in ships or sewers in such places as are identified in the certificate; so, however, that the quantity sold shall not exceed the quantity specified in the certificate; or

(*e*) to a person producing a certificate in form "B" of the forms set out as aforesaid issued within the said period by—

(i) the medical officer of health of a local authority or port health authority, or

(ii) in England or Wales, a person duly authorised by the Minister of Agriculture, Fisheries and Food, or, in Scotland, an officer of the Department of Agriculture for Scotland not below the rank of, according to the post in which he serves, senior executive officer or senior experimental officer,

certifying that a substance to which this paragraph applies named in the certificate is required for use by such person or by the employees of such body of persons carrying on a business of pest control as is named in the certificate as a rodenticide in ships or sewers in such places as are identified in the certificate; so, however, that the quantity sold shall not exceed the quantity specified in the certificate.

In this paragraph, the expression "local authority", in Greater London, means the common council of the City of London and the council of a London borough, elsewhere in England or Wales means the council of a county, county borough and county district, and, in Scotland, has the

same meaning as in the Public Health (Scotland) Act 1945(a), and the expression "port health authority" means, in England and Wales, the port health authority of the Port of London and a port health authority for the purposes of the Public Health Act 1936(b), and, in Scotland, a port local authority as constituted in terms of section 172 of the Public Health (Scotland) Act 1897(c).

This paragraph applies to monofluoroacetic acid, any salt thereof, fluoroacetamide and fluoroacetanilide.

(3) It shall not be lawful to sell or supply sodium arsenites or potassium arsenites except as an ingredient in—

(i) a medicine, or

(ii) a sheep dip or sheep wash in a container clearly labelled with, in addition to any other direction of the Act or of these Rules with respect to labelling, a notice of the special purpose for which the substance is intended, and a warning that it is only to be used for that purpose:

Provided that this paragraph shall not apply to the sale of sodium arsenites or potassium arsenites—

(*a*) by way of wholesale dealing; or

(*b*) to be exported to purchasers outside the United Kingdom; or

(*c*) for the purpose of being compounded in medicines prescribed or administered by a duly qualified medical practitioner, registered veterinary surgeon or registered veterinary practitioner; or

(*d*) to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis.

(4) It shall not be lawful to sell or supply lysergide or its salts or psilocybin:

Provided that this paragraph shall not apply to the sale of lysergide or its salts or psilocybin—

(*a*) by way of wholesale dealing; or

(*b*) to be exported to purchasers outside the United Kingdom; or

(*c*) to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis; or

(*d*) to a duly qualified medical practitioner for the purpose of his profession as such.

(5) It shall not be lawful to sell or supply embutramide or mebezonium iodide:

Provided that this paragraph shall not apply to the sale of embutramide or mebezonium iodide—

(*a*) by way of wholesale dealing; or

(*b*) to be exported to purchasers outside the United Kingdom; or

(*c*) to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis; or

(*d*) to a registered veterinary surgeon or registered veterinary practitioner for the purpose of killing animals or birds in the course of his profession as such.

(a) 1945 c. 15. (b) 1936 c. 49. (c) 1897 c. 38.

(6) Any authority or certificate issued under the provisions of this Rule shall be retained by the seller of the poison to which the authority or certificate relates.

SUPPLEMENTARY PROVISIONS WITH RESPECT TO LABELLING AND CONTAINERS

Manner of labelling containers

18.—(1) Subject to the provisions of these Rules, the particulars with which the container of a poison is required to be labelled under section 18(1)(*c*) of the Act and under these Rules, must appear in a conspicuous position on the container in which the poison is sold and on every box or other covering of whatever nature enclosing the container, and the particulars must be clearly and distinctly set out and not in any way obscured or obliterated.

(2) Where the poison is contained in an ampoule, cachet or similar article it shall not be necessary to label the article itself, if every box or other covering in which the article is enclosed is duly labelled.

(3) Nothing in section 18(1)(*c*) of the Act or in Rules 18 to 23 of these Rules shall require the labelling of any transparent cover or any wrapper, hamper, packing case, crate or other covering used solely for the purposes of transport or delivery.

Labelling of name of poison

19.—(1) Subject as hereinafter provided, for the purposes of section 18(1)(*c*)(i) of the Act and of Rule 28(3)(*a*) of these Rules the name of a poison shall be—

(*a*) where the term under which a poison is included in the Poisons List describes the poison specifically—

(i) the said term ; or

(ii) the name published by the General Medical Council as the approved name of the poison ; or

(iii) if the poison is the subject of a monograph in the British Pharmacopoeia, the British Pharmaceutical Codex or the British Veterinary Codex, one of the names or synonyms or abbreviated names set out at the head of the monograph ;

(*b*) where the said term describes a group of poisons and not the poison specifically—

(i) if the poison is the subject of a monograph in the British Pharmacopoeia, the British Pharmaceutical Codex or the British Veterinary Codex, one of the names or synonyms or abbreviated names set out at the head of the monograph ; and

(ii) in any other case, the accepted scientific name, the name descriptive of the true nature and origin of the poison or the name published by the General Medical Council as the approved name of the poison.

(2) For the purposes aforesaid it shall, in the case of—

(*a*) a substance which is the subject of a monograph in the British Pharmacopoeia, the British Pharmaceutical Codex or the British Veterinary Codex, or any dilution, concentration or admixture of such a substance ; or

(*b*) a preparation contained in the British Pharmacopoeia, the British Pharmaceutical Codex, the British National Formulary or the British Veterinary Codex, or any dilution, concentration or admixture of such a preparation ; or

(*c*) a surgical dressing for which a standard is prescribed in the British Pharmaceutical Codex,

be sufficient, notwithstanding anything in the foregoing paragraph of this Rule, to state the name, synonym or abbreviated name used to describe the substance, preparation or surgical dressing in the British Pharmacopoeia, the British Pharmaceutical Codex, the British National Formulary or the British Veterinary Codex with the addition of the letters " B.P.", or " B.P.C.", " B.N.F." or " B.Vet.C.", as the case may be.

(3) For the purposes aforesaid it shall, in the case of a preparation containing a poison specified in the first column of Schedule 6 to these Rules, be sufficient, notwithstanding anything in paragraph (1) of this Rule, to state the name of the poison or substance mentioned in the second column of the said Schedule in respect of which the proportion of the poison to the total ingredients of the preparation is in accordance with the provisions of Rule 20(2) of these Rules expressed.

(4) For the purposes aforesaid it shall, in the case of a preparation derived from nux vomica or from opium and containing one or more alkaloids of nux vomica or of opium named in the Poisons List, be sufficient, notwithstanding anything in paragraph (1) of this Rule, to state the name of strychnine or morphine, as the case may be, or one of the names or abbreviated names of strychnine or morphine, as the case may be, set out at the head of the monographs in the British Pharmacopoeia, the British Pharmaceutical Codex or the British Veterinary Codex.

Labelling of particulars as to proportion of the poison

20.—(1) For the purposes of section 18(1)(*c*)(ii) of the Act (which requires preparations containing poisons to be labelled with the prescribed particulars as to the proportion of poison therein) the label of the container of any preparation containing a poison as one of its ingredients shall, subject as hereinafter provided, include a statement of the proportion which the poison bears to the total ingredients of the preparation.

(2) In the case of a preparation containing a poison specified in the first column of Schedule 6 to these Rules, it shall be sufficient to state on the label the particulars specified in the second column of that Schedule against the description of the poison.

(3) In the case of a preparation derived from nux vomica or from opium and containing one or more alkaloids of nux vomica or of opium named in the Poisons List, it shall be sufficient, so far as those alkaloids are concerned, to state on the label the proportion of strychnine or of morphine, as the case may be, contained in the preparation.

(4) In the case of a substance, preparation or surgical dressing which is named in accordance with paragraph (2) of the last foregoing Rule, it shall not be necessary to state on the label the proportion of the poison contained in the substance, preparation or surgical dressing and, in the case of any dilution, concentration or admixture of such a substance or preparation, it shall be sufficient to state the proportion which the substance or preparation bears to the total ingredients of the dilution, concentration or admixture.

(5) Where the poison is in tablets, pills, cachets, capsules, lozenges or similar articles, or in ampoules, it shall be sufficient to state on the label of the box or other covering in which the articles are enclosed the number of the articles and the amount of the poison, or in the case of such a preparation as is mentioned in the last foregoing paragraph the amount of the preparation, contained in each article.

(6) Where any proportion is stated as a percentage, the statement shall indicate whether the percentage is calculated on the basis of weight in weight, weight in volume, or volume in volume.

Indication of character of the poison

21.—(1) In pursuance of section 18(1)(*c*)(iii) of the Act (which requires the containers of poisons to be labelled with the word "Poison" or other prescribed indication of character), the container of any article specified in Schedule 7 to these Rules shall, instead of being labelled with the word "Poison", be labelled with the words specified in the said Schedule as applicable to that article.

(2) The said words specified as aforesaid or the word "Poison", as the case may be, must not be modified in meaning by the addition of any other words or marks, and—

(*a*) in the case of a substance included in Schedule 1 to these Rules, must either be in red lettering or be set against a red background; and

(*b*) in all cases must either be on a separate label or be surrounded by a line within which there must be no other words except words with which the container of the poison is required to be labelled under the Act or these Rules.

Special cautions in the case of certain articles

22.—(1) It shall not be lawful to sell or supply any poison—

(*a*) in the case of a liquid other than a medicine, contained in a bottle of a capacity of not more than one hundred and twenty fluid ounces, unless the bottle is labelled with the words "Not to be taken";

(*b*) in the case of an embrocation, liniment, lotion, liquid antiseptic or other liquid medicine for external application, unless the container is labelled with the name of the article and the words "For external use only".

(2) It shall not be lawful to sell or supply any compressed hydrocyanic acid unless the container is labelled with the words "Warning. This container holds poisonous gas and should only be opened and used by persons having expert knowledge of the precautions to be taken in its use".

(3) This Rule shall be in addition to the other requirements of the Act and of these Rules with respect to labelling and shall apply to transactions exempted by section 19 of the Act, but shall not apply to the sale or supply of poisons to be exported to purchasers outside the United Kingdom.

Name of seller and address of premises

23.—(1) The provisions of section 18(1)(*c*)(iv) of the Act (which requires the container of a poison to be labelled with the name of the seller and the address of the premises on which it was sold) shall not apply in the case of an article sold for the purpose of being sold again in the same container.

(2) The requirements of section 18(1)(*c*)(iv) of the Act shall be deemed to be satisfied, in the case of a poison supplied from a warehouse or depot, if the container of the poison is labelled with the address of the supplier's principal place of business or, in the case of a limited company, of the registered office of the company.

(3) Where any poison is sold in a container and outer covering, being the container and covering in which it was obtained by the seller, it shall be sufficient if the name of the seller and the address of the premises on which it was sold appear only on the outer covering.

(4) Where the names of more than one person or more than one address appear on any label, there must also be words on the label indicating clearly which person is the seller and at which of the addresses the poison was sold.

Form of containers

24.—(1) It shall not be lawful to sell, whether wholesale or retail, or supply any poison unless—

(*a*) it is contained in a container impervious to the poison and sufficiently stout to prevent leakage arising from the ordinary risks of handling and transport; and

(*b*) in the case of a liquid contained in a bottle of a capacity of not more than one hundred and twenty fluid ounces, not being—

(i) a medicine made up ready for the internal treatment of human or animal ailments, or

(ii) a local anaesthetic for injection in the treatment of human or animal ailments, or

(iii) a sterile ophthalmic solution in a single dose sterile bottle enclosed in a sealed container,

the outer surface of the bottle is fluted vertically with ribs or grooves recognisable by touch.

(2) Sub-paragraph (*a*) of the foregoing paragraph shall apply to transactions exempted by section 19 of the Act, and sub-paragraph (*b*) shall not apply to the sale or supply of poisons to be exported to purchasers outside the United Kingdom or the sale or supply of poisons to a person or institution concerned with scientific education or research or chemical analysis, for the purposes of that education or research or analysis.

STORAGE AND TRANSPORT

Storage of poisons

25.—(1) It shall not be lawful to store any poison except in a container impervious to the poison and sufficiently stout to prevent leakage from the container arising from the ordinary risks of handling.

(2) It shall not be lawful to store any substance included in Schedule 1 to these Rules in any retail shop or premises used in connection therewith unless the substance is stored—

(*a*) in a cupboard or drawer reserved solely for the storage of poisons; or

(*b*) in a part of the premises which is partitioned off or otherwise separated from the remainder of the premises and to which customers are not permitted to have access; or

(*c*) on a shelf reserved solely for the storage of poisons and—

(i) no food is kept directly under the shelf, and

(ii) the container of the substance is distinguishable by touch from the containers of articles and substances other than poisons stored upon the same premises:

Provided that, in the case of any such substance to be used in agriculture or horticulture, it shall not be lawful to store the substance on any shelf, or

in any such part of the premises as aforesaid if food is kept in that part, or in any cupboard or drawer unless the cupboard or drawer is reserved solely for the storage of poisons to be used as aforesaid.

Transport of poisons

26. It shall not be lawful to consign any poison for transport unless it is sufficiently stoutly packed to avoid leakage arising from the ordinary risks of handling and transport.

Special provisions with respect to the transport of poisons specified in Schedule 8

27.—(1) It shall not be lawful to consign for transport by carrier any poison included in Schedule 8 to these Rules unless the outside of the package containing the article is labelled conspicuously with the name or description of the poison as set forth in the said Schedule and a notice indicating that it is to be kept separate from food and from empty containers in which food has been contained.

(2) It shall not be lawful for any person knowingly to transport any such poison as aforesaid, either on his own behalf or for another person, in any vehicle in which food is being transported, unless the food is carried in a part of the vehicle effectively separated from that containing the poison, or is otherwise adequately protected from the risk of contamination.

(3) This Rule shall not apply with respect to medicines.

SPECIAL PROVISIONS WITH RESPECT TO HOSPITALS

Supply of medicines to out-patients from certain hospitals, etc.

28.—(1) The provisions of Part II of the Act and of these Rules, except the provisions of Rule 22, shall not apply with respect to—

(*a*) any medicine for the treatment of human ailments dispensed from a hospital, infirmary, health centre or dispensary maintained by any public authority, or out of public funds, or by a charity;

(*b*) any medicine for the treatment of animals supplied from a veterinary hospital which is under the superintendence of a registered veterinary surgeon or registered veterinary practitioner,

if the requirements contained in the following provisions of this Rule are satisfied in relation thereto.

(2) The medicine must not be supplied except by, or on and in accordance with a prescription of, a duly qualified medical practitioner for the purposes of medical treatment, or a registered dentist for the purposes of dental treatment, or a registered veterinary surgeon or registered veterinary practitioner for the purposes of animal treatment.

(3) In a case where a substance included in Schedule 1 to these Rules is supplied, a record must be kept on the premises in such a way that there can readily be traced at any time during a period of two years after the date on which the substance was supplied the following particulars:—

(*a*) the name and quantity of the poison supplied; and

(*b*) the date on which the poison was supplied; and

(*c*) the name and address of the person to whom the poison was supplied; and

(*d*) the name of the person who supplied the poison or who gave the prescription upon which it was supplied:

Provided that this paragraph shall not apply to a medicine supplied on and in accordance with a prescription given by a duly qualified medical

practitioner or registered dentist under and in accordance with the National Health Service Act 1946 or the National Health Service (Scotland) Act 1947.

(4) The container of the medicine must be labelled—

(*a*) with a designation and address sufficient to identify the hospital, infirmary, health centre or dispensary from which it was supplied;

(*b*) except in the case of a medicine made up ready for treatment, with the word "Poison";

(*c*) in the case of a poison supplied from a veterinary hospital, with the words "For animal treatment only",

and in the case of a medicine to which Rule 22 of these Rules applies the requirements of that Rule shall be satisfied in addition to the requirements aforesaid.

Supply of medicines for use in institutions

29.—(1) In any institution in which medicines are dispensed in a dispensing or pharmaceutical department in charge of a person appointed for that purpose, no medicine containing a poison shall be issued from that department for use in the wards, operating theatres or other sections of the institution, except in accordance with the requirements contained in the following provisions of this Rule.

(2) The medicines must not be issued except upon a written order signed by a duly qualified medical practitioner, registered dentist, or by a sister or nurse in charge of a ward, theatre or other section of the institution:

Provided that in a case of emergency a medicine containing a poison may be issued, notwithstanding that no such written order is produced, on an undertaking by the person ordering the medicine to furnish such a written order within the twenty-four hours next following.

(3) The container of the medicine must be labelled—

(*a*) with words describing its contents; and

(*b*) in the case of substances included in Schedule 1 to these Rules, with a distinguishing mark or other indication indicating that the poison is to be stored in a cupboard reserved solely for the storage of poisons and other dangerous substances.

(4) In this Rule "institution" means any hospital, infirmary, health centre, dispensary, clinic, nursing home or other institution at which human ailments are treated.

Storage of poisons in institutions

30.—(1) In any institution in which medicines are dispensed in a dispensing or pharmaceutical department in the charge of a person appointed for that purpose, all poisons other than those issued for use shall be stored in that department.

(2) In any institution to which the foregoing paragraph of this Rule does not apply, all poisons other than those issued for use shall be stored—

(*a*) in the charge of a person appointed for the purpose by the governing body or person in control of the institution;

(*b*) otherwise than on an open shelf, unless the container of the poison is distinguishable by touch from containers of substances other than poisons kept on the same premises; and

(*c*) in the case of substances included in Schedule 1 to these Rules, either in a cupboard or drawer or on a shelf reserved solely for the storage of poisons.

(3) In every institution every substance included in Schedule 1 to these Rules kept in a ward shall be stored in a cupboard reserved solely for the storage of poisons and other dangerous substances.

(4) All places in which poisons are kept in an institution shall be inspected at intervals of not more than three months by a pharmacist or other person appointed for the purpose by the governing body or person in control of the institution.

(5) In this Rule "institution" has the same meaning as in the last foregoing Rule.

MISCELLANEOUS

Manufacture of pharmaceutical preparations

31. In all establishments in which pharmaceutical preparations containing any poison are manufactured for the purpose of the internal treatment of human ailments, the preparation must be manufactured by, or under the supervision of, a registered pharmacist or a person having one of the following qualifications in chemistry:—

(*a*) the Fellowship of the Royal Institute of Chemistry,

(*b*) the Associateship of the Royal Institute of Chemistry:

Provided that this Rule shall not apply to—

(i) the manufacture by, or under the supervision of, a duly qualified medical practitioner of preparations containing insulin, the active principles or pituitary, suprarenal or thyroid glands or the salts of the active principles of thyroid gland;

(ii) the manufacture of any preparation by, or under the supervision of, a person who, for a period of at least three years before 1st May 1936, was continuously engaged in the manufacture of pharmaceutical preparations containing poisons and prepared for the internal treatment of human ailments, and has furnished to the registrar of the Pharmaceutical Society a statement in writing, verified by a statutory declaration, to that effect.

Form of application to a local authority, fees to be paid by listed sellers of Part II poisons and form of local authority's list

32.—(1) Every application made to a local authority for the entry of a name on the list kept by the authority in pursuance of section 21(1) of the Act, being a list of persons entitled, subject to the provisions of the Act and of these Rules, to sell poisons included in Part II of the Poisons List, shall be made in the form set out in Schedule 9 to these Rules and there shall be attached to the form of application a statement of the poisons included in Part II of the Poisons List, a summary of the requirements of section 18 of the Act and of these Rules so far as they relate to the storage, sale and consignment for transport of poisons by or on behalf of persons entitled as aforesaid and a statement of the fees payable under this Rule.

(2) The following fees shall be paid to a local authority by every person whose name is entered in the list kept by that authority—

(*a*) in respect of the entry of his name in the list, a fee of seven shillings and sixpence;

(*b*) in respect of the making of any alteration in the list in relation to the premises on which he is entitled to sell, a fee of one shilling;

(*c*) in respect of the retention of his name on the list in any year subsequent to the year in which his name is first entered therein, a fee of five shillings:

Provided that, in the case of a person whose name is entered in or retained on the list as a person entitled to sell on more than one set of premises, the fees payable shall be increased—

(i) in the case of the entry of his name, by the sum of seven shillings and sixpence for each additional set of premises on which he is entitled to sell;

(ii) in the case of the retention of his name, by the sum of five shillings for each such additional set of premises.

(3) The said list shall be kept in the form set out in Schedule 10 to these Rules.

Certificates of persons to whom poisons may be sold

33.—(1) A certificate given for the purposes of section 18(2)(*a*) of the Act, being a certificate certifying a person to be a person to whom a poison may properly be sold, shall be in the form, and shall contain the particulars, set out in Schedule 11 to these Rules.

(2) All householders are hereby authorised to give such certificates as aforesaid:

Provided that a certificate given by a householder who is not known to the seller of the poison to be a responsible person of good character shall not be a sufficient certificate for the said purposes unless it is endorsed in the manner specified in the said Schedule by a police officer in charge of a police station.

(3) On any sale of a poison upon such a certificate as aforesaid, the certificate shall be retained by the seller.

Form of record of sales

34. The particulars of sales of poisons which are required by section 18(2)(*b*) of the Act to be entered in a book shall be entered in the form set out in Schedule 12 to these Rules.

Preservation of records

35. All books kept for the purposes of Part II of the Act shall be preserved on the premises on which the sales recorded therein were made for a period of two years from the date on which the last entry was made therein.

Revocation

36.—(1) The Rules specified in Schedule 17 to these Rules are hereby revoked.

(2) Notwithstanding anything in paragraph (1) of this Rule—

(*a*) any authority or certificate issued or deemed to have been issued under Rule 17 of the Poisons Rules 1964(a) before the coming into operation of these Rules and still in force shall continue in force for the same time as if these Rules had not been made and shall be deemed to have been issued under the corresponding provision of Rule 17 of these Rules;

(a) S.I. 1964/582 (1964 I, p. 1037).

(*b*) any record required to be kept under Rule 28(3) or 36(2)(*b*) of the Poisons Rules 1964 and any book required under Rule 35 or 36(2)(*b*) of those Rules to be preserved in accordance therewith shall be kept or preserved in the same manner and for the same period as if these Rules had not been made.

Roy Jenkins,
One of Her Majesty's Principal Secretaries of State.

Home Office,
Whitehall.
11th June 1966.

SCHEDULE 1 Rules 7 and 14

Substances included in the Poisons List to which special restrictions apply unless exempted by Rule 11

Acetyldihydrocodeine; its salts

Alkaloids, the following; their salts, simple or complex; their quaternary compounds:—

Aconite, alkaloids of, except substances containing less than 0·02 per cent. of the alkaloids of aconite

Atropine except substances containing less than 0·15 per cent. of atropine or not more than one per cent. of atropine methonitrate

Belladonna, alkaloids of, except substances containing less than 0·15 per cent. of the alkaloids of belladonna calculated as hyoscyamine

Brucine except substances containing less than 0·2 per cent. of brucine

Calabar bean, alkaloids of

Coca, alkaloids of, except substances containing less than 0·1 per cent. of the alkaloids of coca

Cocaine except substitutes containing less than 0·1 per cent. of cocaine

Codeine except substances containing less than 1·5 per cent. of codeine

Colchicum, alkaloids of, except substances containing less than 0·5 per cent. of the alkaloids of colchicum calculated as colchicine

Coniine except substances containing less than 0·1 per cent. of coniine

Cotarnine except substances containing less than 0·2 per cent. of cotarnine

Curare, alkaloids of; curare bases

Ecgonine; its esters; except substances containing less than the equivalent of 0·1 per cent. of ecgonine

Emetine except substances containing less than one per cent. of emetine

Gelsemium, alkaloids of, except substances containing less than 0·1 per cent. of the alkaloids of gelsemium

Homatropine except substances containing less than 0·15 per cent. of homatropine

Hyoscine except substances containing less than 0·15 per cent. of hyoscine

Hyoscyamine except substances containing less than 0·15 per cent. of hyoscyamine

Jaborandi, alkaloids of, except substances containing less than 0·5 per cent. of the alkaloids of jaborandi

Lobelia, alkaloids of, except substances containing less than 0·5 per cent. of the alkaloids of lobelia
Morphine except substances containing less than 0·2 per cent. of morphine calculated as anhydrous morphine
Nicotine
Papaverine except substances containing less than one per cent. of papaverine
Pomegranate, alkaloids of, except substances containing less than 0·5 per cent. of the alkaloids of pomegranate
Quebracho, alkaloids of
Sabadilla, alkaloids of, except substances containing less than one per cent. of the alkaloids of sabadilla
Solanaceous alkaloids, not otherwise included in this Schedule, except substances containing less than 0·15 per cent. of solanaceous alkaloids calculated as hyoscyamine
Stavesacre, alkaloids of, except substances containing less than 0·2 per cent. of the alkaloids of stavesacre
Strychnine except substances containing less than 0·2 per cent. of strychnine
Thebaine except substances containing less than one per cent. of thebaine
Veratrum, alkaloids of, except substances containing less than one per cent. of the alkaloids of veratrum
Yohimba, alkaloids of

Allylisopropylacetylurea

Allylprodine; its salts

Alphameprodine; its salts

Alphaprodine; its salts

Amino-alcohols esterified with benzoic acid, phenylacetic acid, phenylpropionic acid, cinnamic acid or the derivatives of these acids, except substances containing less than ten per cent. of esterified amino-alcohols and except procaine when in a preparation containing any substance to which Part II of the Therapeutic Substances Act 1956(a) for the time being applies; their salts

Anileridine; its salts

Antimonial poisons except substances containing less than the equivalent of one per cent. of antimony trioxide

Apomorphine; its salts; except substances containing less than 0·2 per cent. of apomorphine

Arsenical poisons except substances containing less than the equivalent of 0·01 per cent. of arsenic trioxide and except dentrifices containing less than 0·5 per cent. of acetarsol

Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance

Barium, salts of

Benzethidine; its salts

Benzoylmorphine; its salts

Benzylmorphine; its salts

Betameprodine; its salts

Betaprodine; its salts

Busulphan; its salts

Cannabis; the resin of cannabis; extracts of cannabis; tinctures of cannabis; cannabin tannate

Cantharidin except substances containing less than 0·01 per cent. of cantharidin

Cantharidates except substances containing less than the equivalent of 0·01 per cent. of cantharidin

Carbachol

(a) 1956 c. 25.

Carperidine; its salts

Clonitazene; its salts

Dehydroemetine; its salts

Demecarium bromide

Desomorphine; its salts

Dextromethorphan; its salts; except substances containing less than 1·5 per cent. of dextromethorphan

Dextromoramide; its salts

Dextrorphan; its salts

Diacetylmorphine; its salts

Diacetylnalorphine; its salts

Diampromide; its salts

Digitalis, glycosides and other active principles of, except substances containing less than one unit of activity (as defined in the British Pharmacopoeia) in two grammes of the substance

Dihydrocodeine; its salts

Dihydrocodeinone; its salts; its esters; their salts

Dihydromorphine; its salts; its esters; their salts

Dimenoxadole; its salts

Dimepheptanol; its salts

Dinitrocresols (DNOC); their compounds with a metal or a base; except winter washes containing not more than the equivalent of five per cent. of dinitrocresols

Dinitronaphthols; dinitrophenols; dinitrothymols

Dinosam; its compounds with a metal or a base

Dinoseb; its compounds with a metal or a base

Dioxaphetyl butyrate; its salts

Diphenoxylate; its salts; except (*a*) pharmaceutical preparations in solid or liquid form containing not more than 2·5 milligrammes of diphenoxylate calculated as base and not less than 25 microgrammes of atropine calculated as atropine sulphate per dosage unit and containing no other substance to which any Part of the Dangerous Drugs Act 1965(a) applies and (*b*) liquid preparations containing 0·5 milligrammes diphenoxylate hydrochloride, 0·005 milligrammes atropine sulphate, 0·16 millilitres ethyl alcohol, 0·002 millilitres imitation cherry flavour, 0·45 millilitres glycerine, 0·4 millilitres sorbital solution (70 per cent.), 0·01 milligrammes red dye colour index No. 14700 (F.D. 4C. Red No. 4), 0·0008 millilitres water

Dipipanone; its salts

Disulfiram

Dithienylallylamines; dithienylalkylallylamines; their salts

Dyflos

Ecothiopate iodine

Embutramide

Endosulfan

Endothal; its salts

Endrin

Ethylmorphine; its salts; except substances containing less than 0·2 per cent. of ethylmorphine

Etonitazene; its salts

Etoxeridine; its salts

(a) 1965 c. 15.

Fentanyl; its salts

Fluoroacetamide; fluoroacetanilide

Furethidine; its salts

Gallamine; its salts; its quaternary compounds

Guanidines, the following:—
polymethylene diguanidines; di-p-anisyl-p-phenetylquanidine

Hydrocyanic acid except substances containing less than 0·15 per cent., weight in weight, of hydrocyanic acid (HCN); cyanides except substances containing less than the equivalent of 0·1 per cent., weight in weight, of hydrocyanic acid (HCN); double cyanides of mercury and zinc

Hydromorphinol; its salts

Hydromorphone; its salts; its esters; their salts

Hydroxypethidine; its salts

Isomethadone (isoamidone); its salts

Ketobemidone; its salts

Laudexium; its salts

Lead, compounds of, with acids from fixed oils

Levomethorphan; its salts

Levomoramide; its salts

Levophenacylmorphan; its salts

Levorphanol; its salts

Mannomustine; its salts

Mebezonium iodide

Mercaptopurine; its salts; derivatives of mercaptopurine; their salts

Mercuric chloride except substances containing less than one per cent. of mercuric chloride; mercuric iodide except substances containing less than two per cent. of mercuric iodide; nitrates of mercury except substances containing less than the equivalent of three per cent., weight in weight, of mercury (Hg); potassiomercuric iodides except substances containing less than the equivalent of one per cent. of mercuric iodide; organic compounds of mercury except substances, not being aerosols, containing less than the equivalent of 0·2 per cent., weight in weight, of mercury (Hg)

Metazocine; its salts

Methadone (amidone); its salts

Methadyl acetate; its salts

Methyldesorphine; its salts

Methyldihydromorphine; its salts

1-Methyl-4-phenylpiperidine-4-carboxylic acid, esters of; their salts

Metopon; its salts

Monofluoroacetic acid; its salts

Morpheridine; its salts

Mustine and any other N-substituted derivative of di-(2-chloroethyl)amine; their salts

Myrophine; its salts

Nalorphine; its salts

Nicocodine; its salts

Normethadone; its salts

m-Nitrophenol; *o*-nitrophenol; *p*-nitrophenol

Noracymethadol; its salts

Norcodeine; its salts

Norlevorphanol; its salts

Normorphine; its salts

Norpipanone

Nux Vomica except substances containing less than 0·2 per cent. of strychnine

Opium except substances containing less than 0·2 per cent. of morphine calculated as anhydrous morphine

Organo-tin compounds, the following:—

Compounds of fentin

Ouabain

Oxycinchoninic acid, derivatives of; their salts; their esters

Oxycodone; its salts; its esters; their salts

Oxymorphone; its salts

Phenacemide

Phenadoxone; its salts

Phenampromide; its salts

Phenazocine; its salts

Phencyclidine; its salts

Phenomorphan; its salts

Phenoperidine; its salts

Phenylcinchoninic acid; salicylcinchoninic acid; their salts; their esters

Pholcodine; its salts; except substances containing less than 1·5 per cent. of pholcodine

Phosphorus compounds, the following:—

Amiton
Azinphos-ethyl
Azinphos-methyl
Demeton-O
Demeton-S
Demeton-O-methyl
Demeton-S-methyl
Dichlorvos
Diethyl 4-methyl-7-coumarinyl phosphorothionate
Diethyl *p*-nitrophenyl phosphate
Dimefox
Disulfoton
Ethion
Ethyl-*p*-nitrophenyl phenylphosphonothionate
Mazidox
Mecarbam
Mevinphos
Mipafox
Oxydemeton-methyl
Parathion
Phenkapton
Phorate
Phosphamidon
Schradan
Sulfotep
TEPP (HETP)
Thionazin
Triphosphoric pentadimethylamide
Vamidothion

Picrotoxin

Piminodine; its salts

Polymethylenebistrimethylammonium salts
Proheptazine; its salts
Propoxyphene; its salts
Racemethorphan; its salts
Racemoramide; its salts
Racemorphan; its salts
Savin, oil of
Strophanthus, glycosides of
Thallium, salts of
Thebacon; its salts; its esters; their salts
Tretamine; its salts
Triaziquone
Trimeperidine; its salts
Zinc phosphide

Rule 6(2) SCHEDULE 2

Poisons exempted from labelling provisions when sold or supplied in certain circumstances

Alkali fluorides
Ammonia
Antimony, chlorides of; oxides of antimony; sulphides of antimony; antimonates; antimonites
Chloroform
Dinitrocresols (DNOC)
Dinitronaphthols; dinitrophenols
Formaldehyde
Formic acid
Glyceryl trinitrate
Hydrochloric acid
Hydrofluoric acid; sodium silicofluoride
Lead acetates; compounds of lead with acids from fixed oils
Mercuric chloride; mercuric iodide; organic compounds of mercury
Mercury, oxides of; nitrates of mercury
Nitric acid
Nitrobenzene
m-Nitrophenol; *o*-nitrophenol; *p*-nitrophenol
Oxalic acid; metallic oxalates
Phenols; compounds of phenol with a metal
Phosphorus, yellow
Picric acid
Potassium hydroxide
Sodium hydroxide
Sulphuric acid

SCHEDULE 3

Rule 12

Articles exempted from the provisions of the Act and of these Rules

GROUP I

GENERAL EXEMPTIONS

Adhesives; anti-fouling compositions; builders' materials; ceramics; distempers; electrical valves; enamels; explosives; fillers; fireworks; fluorescent lamps; glazes; glue; inks; lacquer solvents; loading materials; matches; motor fuels and lubricants; paints other than pharmaceutical paints; photographic paper; pigments; plastics; propellants; rubber; varnishes.

GROUP II

SPECIAL EXEMPTIONS

Poison	*Substance or article in which exempted*
Acetanilide; alkyl acetanilides	Substances not being preparations for the treatment of human ailments
Alkaloids, the following:—	
Brucine	Surgical spirit containing not more than 0·015 per cent. of brucine
Emetine	Ipecacuanha; extracts and tinctures of ipecacuanha; substances containing less than 0·05 per cent. of emetine
Ephedra, alkaloids of	Substances containing less than one per cent. of the alkaloids of ephedra
Jaborandi, alkaloids of	Substances containing less than 0·025 per cent. of the alkaloids of jaborandi
Lobelia, alkaloids of	Preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants; substances containing less than 0·1 per cent. of the alkaloids of lobelia
Nicotine	Tobacco; preparations with a soap base, containing not more than 7·5 per cent. of nicotine, weight in weight; aerosols containing not more than 0·2 per cent. of nicotine, weight in weight
Pomegranate, alkaloids of	Pomegranate bark
Solanaceous alkaloids	Stramonium contained in preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants
Stavesacre, alkaloids of	Soaps; ointments; lotions for external use
p-Aminobenzenesulphonamide; its salts; derivatives of *p*-aminobenzenesulphonamide having any of the hydrogen atoms of the *p*-amino group or of the sulphonamide group substituted by another radical; their salts	Feeding stuffs containing not more than 0·5 per cent. of total sulphonamides; sulphaquinoxaline when contained, to a concentration not exceeding 0·5 per cent., in preparations for the destruction of rats and mice

Poison	*Substance or article in which exempted*
Ammonia	Substances not being solutions of ammonia or preparations containing solutions of ammonia; substances containing less than five per cent., weight in weight, of ammonia (NH_3); refrigerators; smelling bottles
Androgenic, oestrogenic and progestational substances, the following:— Benzoestrol Derivatives of stilbene, dibenzyl or naphthalene with oestrogenic activity; their esters Steroid compounds with androgenic or oestrogenic or progestational activity; their esters	Preparations intended for external application only; feeding stuffs
Anti-histamine substances, the following; their salts; their molecular compounds:— Antazoline Bromodiphenhydramine Buclizine Carbinoxamine Chlorcyclizine Chlorpheniramine Cinnarizine Clemizole Cyclizine 3-Di-*n*-butylaminomethyl-4, 5, 6-trihydroxyphthalide Diphenhydramine Diphenylpyraline Doxylamine Isothipendyl Mebhydrolin Meclozine Phenindamine Pheniramine Phenyltoloxamine Promethazine Pyrrobutamine Thenalidine Tolpropamine Triprolidine Substances being tetra-substituted N derivatives of ethylenediamine or propylenediamine	Preparations intended for external application only and preparations containing not more than one per cent. of anti-histamine substances for application in the nose or eye
Antimony, chlorides of	Polishes
Arsenical poisons	Pyrites ores or sulphuric acid containing arsenical poisons as natural impurities
Barium, salts of	Witherite other than finely ground witherite; barium carbonate bonded to charcoal for case hardening; fire extinguishers containing barium chloride

Poison	*Substance or article in which exempted*
Carbarsone	Poultry feeding stuffs containing not more than 0·0375 per cent. of carbarsone
Chloroform	Substances containing less than ten per cent. of chloroform
Creosote obtained from wood	Substances containing less than fifty per cent. of creosote obtained from wood
Diamines, the following; their salts:—phenylene diamines; tolylene diamines; other alkylated-benzene diamines	Substances other than preparations for the dyeing of hair
Dinitrocresols (DNOC); their compounds with a metal or a base	Substances being neither preparations for the treatment of human ailments nor preparations for use in agriculture or horticulture
Dinitrophenols	Substances not being preparations for the treatment of human ailments
Dinosam; its compounds with a metal or a base	Substances not being preparations for use in agriculture or horticulture
Dinoseb; its compounds with a metal or a base	Substances not being preparations for use in agriculture or horticulture
Diperodon; its salts	Preparations intended for external application only, containing not more than one per cent. of diperodon, calculated as anhydrous base
Disulfiram	Substances not being preparations for the treatment of human ailments
Formaldehyde	Substances containing less than five per cent., weight in weight, of formaldehyde (H.CHO); photographic glazing or hardening solutions
Formic acid	Substances containing less than five per cent., weight in weight, of formic acid (H.COOH)
Hydrochloric acid	Substances containing less than nine per cent., weight in weight, of hydrochloric acid (HCl)
Hydrocyanic acid	Syrup of wild cherry B.P.C.
Lead acetate	Substances containing less than four per cent. of lead acetate
Lead, compounds of	Machine-spread plasters
Mercuric chloride	Batteries
Mercuric chloride; mercuric iodide; organic compounds of mercury	Dressings on seeds or bulbs
Mercury, nitrates of	Ointments containing less than the equivalent of three per cent., weight in weight, of mercury (Hg)

Poison	*Substance or article in which exempted*
Nitric acid	Substances containing less than nine per cent., weight in weight, of nitric acid (HNO_3)
Nitrobenzene	Substances containing less than 0·1 per cent. of nitrobenzene; soaps containing less than one per cent. of nitrobenzene; polishes
p-Nitrobenzyl cyanide	Photographic solutions containing less than the equivalent of 0·1 per cent., weight in weight, of hydrocyanic acid (HCN)
p-Nitrophenol	Preparations for use in agriculture or horticulture containing not more than 0·5 per cent. of *p*-nitrophenol as preservative
Organo-tin compounds, the following:—	
Compounds of fentin	Substances other than preparations for use in agriculture or horticulture
Oxalic acid; metallic oxalates	Laundry blue; polishes; cleaning powders containing the equivalent of not more than ten per cent. of oxalic acid dihydrate
Oxycinchoninic acid, derivatives of; their salts; their esters	Preparations for external application only, containing not more than the equivalent of three per cent. of oxycinchoninic acid
Phenols	Carvacrol; creosote obtained from coal tar; essential oils in which phenols occur naturally; medicines containing less than one per cent. of phenols; nasal sprays, mouth washes, pastilles, lozenges, capsules, pessaries, ointments or suppositories containing less than 2·5 per cent. of phenols; smelling bottles; soaps for washing; solid substances, other than pastilles, lozenges, capsules, pessaries, ointments and suppositories, containing less than sixty per cent. of phenols; tar (coal or wood), crude or refined; *p*-tertiary amyl phenol; tertiary butyl-cresol; *p*-tertiary butyl phenol; *p*-(1, 1, 3, 3-tetramethylbutyl) phenol; thymol
Phenyl mercuric salts	Toilet, cosmetic and therapeutic preparations containing not more than 0·01 per cent. of phenyl mercuric salts as a preservative; antiseptic dressings on toothbrushes; in textiles containing not more than 0·01 per cent. of phenyl mercuric salts as a bacteriostat and fungicide

Poison	*Substance or article in which exempted*
Phosphoric acid	Substances containing phosphoric acid, not being descaling preparations containing more than fifty per cent., weight in weight, of ortho-phosphoric acid
Phosphorus compounds, the following:—	
Amiton Azinphos-ethyl Azinphos-methyl Demeton-O Demeton-S	Substances other than preparations for use in agriculture or horticulture
Dichlorvos	Substances other than preparations for use in agriculture or horticulture, not being preparations in— (*a*) impregnated materials containing not more than twenty per cent., weight in weight, of dichlorvos in a resinous or plastic base, or (*b*) aerosols containing not more than 0·4 per cent., weight in weight, of dichlorvos
Diethyl 4-methyl-7-coumarinyl phosphorothionate Diethyl *p*-nitrophenyl phosphate Dimefox Disulfoton Ethion Ethyl *p*-nitrophenyl phenylphosphonothionate Mazidox Mecarbam Mevinphos Mipafox	Substances other than preparations for use in agriculture or horticulture
Oxydemeton-methyl	Substances other than preparations for use in agriculture or, except in aerosol canisters containing not more than 0·25 per cent., weight in weight, of oxydemeton-methyl, for use in horticulture
Parathion Phenkapton Phorate Phosphamidon Schradan Sulfotep TEPP (HETP) Thionazin Triphosphoric pentadimethylamide Vamidothion	Substances other than preparations for use in agriculture or horticulture

Poison	*Substance or article in which exempted*
Picric acid	Substances containing less than five per cent. of picric acid
Potassium hydroxide	Substances containing less than twelve per cent. of potassium hydroxide; accumulators; batteries
Procaine	Feeding stuffs containing any substance to which Part II of the Therapeutic Substances Act 1956 for the time being applies
Sodium ethyl mercurithiosalicylate	Therapeutic substances containing less than 0·1 per cent. of sodium ethyl mercurithiosalicylate as a preservative
Sodium fluoride	Substances containing less than three per cent. of sodium fluoride as a preservative; dentifrices containing not more than 0·3 per cent. of sodium fluoride; mouth wash tablets containing not more than 0·2 per cent. of sodium fluoride
Sodium hydroxide	Substances containing less than twelve per cent. of sodium hydroxide
Sodium nitrite	Substances other than preparations containing more than 0·1 per cent. of sodium nitrite for the destruction of rats or mice
Sodium silicofluoride	Substances containing less than three per cent. of sodium silicofluoride as a preservative
Sulphuric acid	Substances containing less than nine per cent., weight in weight, of sulphuric acid (H_2SO_4); accumulators; batteries and sealed containers in which sulphuric acid is packed together with car batteries for use in those batteries; fire extinguishers

Rules 6(3) and 13

SCHEDULE 4

Substances required to be sold by retail only upon a prescription given by a duly qualified medical practitioner, registered dentist, registered veterinary surgeon or registered veterinary practitioner.

PART A

Allylisopropylacetylurea

Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance

Busulphan; its salts

Demecarium bromide

Dinitrocresols (DNOC); their compounds with a metal or a base, except preparations for use in agriculture or horticulture

Dinitronaphthols; dinitrophenols; dinitrothymols

Disulfiram

Dithienylallylamines; dithienylalkylallylamines; their salts; except diethylthiambutene, dimethylthiambutene and ethylmethylthiambutene

Gallamine; its salts; its quaternary compounds

Mannomustine; its salts

Mercaptopurine; its salts; derivatives of mercaptopurine; their salts

Mustine and any other N-substituted derivatives of di-(2-chloroethyl)amine; their salts

Phenacemide

Phencyclidine; its salts

Phenylcinchoninic acid; salicylcinchoninic acid; their salts; their esters

Polymethylenebistrimethylammonium salts

Tretamine; its salts

Triaziquone

PART B

Acetanilide; alkyl acetanilides

Acetohexamide

Acetylcarbromal

Amidopyrine; its salts; amidopyrine sulphonates; their salts

p-Aminobenzenesulphonamide; its salts; derivatives of *p*-aminobenzenesulphonamide having any of the hydrogen atoms of the *p*-amino group or of the sulphonamide group substituted by another radical; their salts; except when contained in ointments or surgical dressings or in preparations for the prevention and treatment of diseases in poultry

β-Aminopropylbenzene and *β*-aminoisopropylbenzene and any compound structurally derived from either of those substances by substitution in the side chain or by ring closure therein (or by both such substitution and such closure), except ephedrine, N-methylephedrine, N-diethylaminoethylephedrine, phenylpropanolamine and prenylamine; any salt of any substance falling within this item

Amitriptyline; its salts

Androgenic, oestrogenic and progestational substances, the following:—

Benzoestrol

Derivatives of stilbene, dibenzyl or naphthalene with oestrogenic activity; their esters

Steroid compounds with androgenic or oestrogenic or progestational activity; their esters

Azacyclonol; its salts

Benactyzine; its salts

Benzhexol; its salts

Benztropine and its homologues; their salts

Bromvaletone

Captodiame; its salts

Caramiphen; its salts; except tablets containing not more than the equivalent of 7·5 milligrammes of caramiphen base, and liquid preparations containing not more than the equivalent of 0·1 per cent. of caramiphen base

Carbromal

Carisoprodol

Chloral; its addition and its condensation products; their molecular compounds; except when contained, in the form of chloral hydrate, in preparations intended for external application only

Chlordiazepoxide; its salts

Chlormethiazole; its salts

Chlorothiazide and other derivaties of benzo-1, 2, 4-thiadiazine-7-sulphonamide 1, 1-dioxide, whether hydrogenated or not

Chlorphenoxamine

Chlorphentermine; its salts

Chlorpropamide; its salts

Chlorprothixene and other derivatives of 9-methylenethiaxanthen; their salts

Chlorthalidone

Clorexolone

Cyclarbamate

Cycrimine; its salts

Desipramine; its salts

Diazepam and other compounds containing the chemical structure of dihydro-1, 4-benzodiazepine substituted to any degree; their salts

Diphenoxylate and its salts contained in (*a*) pharmaceutical preparations in solid or liquid form containing not more than 2·5 milligrammes of diphenoxylate calculated as base and not less than 25 microgrammes of atropine calculated as atropine sulphate per dosage unit and containing no other substance to which any Part of the Dangerous Drugs Act 1965 applies or (*b*) liquid preparations containing 0·5 milligrammes diphenoxylate hydrochloride, 0·005 milligrammes atropine sulphate, 0·16 millilitres ethyl alcohol, 0·002 millilitres imitation cherry flavour, 0·45 millilitres glycerine, 0·4 millilitres sorbital solution (70 per cent.), 0·01 milligrammes red dye colour index No. 14700 (F.D. 4C. Red No. 4), 0·0008 millilitres water

Ectylurea

Emylcamate

Ergot, alkaloids of, whether hydrogenated or not; their homologues; any salt of any substance falling within this item

Ethchlorvynol

Ethinamate

Ethionamide

Ethoheptazine; its salts

Fenfluramine; its salts

Glutethimide; its salts

Haloperidol and other 4-substituted derivatives of N-(3-*p*-fluoro-benzoylpropyl) piperidine

Hexapropymate

Hydrazines, benzyl phenethyl or phenoxyethyl; their α-methyl derivatives; acyl derivatives of any of the foregoing substances comprised in this item; salts of any compounds comprised in this item

Hydroxy-*N*, *N*-dimethyltryptamines; their esters or ethers; any salt of any substance falling within this item

Hydroxyzine; its salts

Imipramine; its salts

Indomethacin; its salts

Mephenesin; its esters

Meprobamate

Metaxalone

Metformin; its salts

Methaqualone; its salts

Methixene; its salts

Methocarbamol

Methoxsalen

Methylpentynol; its esters and other derivatives

Methyprylone

Nortryptyline; its salts

Orphenadrine; its salts

Oxethazaine

Oxyphenbutazone

Paramethadione

Pargyline; its salts

Pemoline; its salts

Phenaglycodol

Phenbutrazate

Phenetidylphenacetin

Phenformin; its salts

Phenothiazine, derivatives of; their salts; except dimethoxanate, its salts and promethazine, its salts and molecular compounds

Phenylbutazone; its salts

5-Phenylhydantoin; its alkyl and aryl derivatives; their salts

Pituitary gland, the active principles of; except when contained in preparations intended for external application only or, except in the case of lysinevasopressin or oxytocin, in inhalants

Procyclidine; its salts

Promoxolan

Propylhexedrine; its salts; except when contained in inhalers

Prothipendyl; its salts

Quinethazone

Rauwolfia, alkaloids of; their salts; derivatives of the alkaloids of rauwolfia; their salts

Styramate

Sulphinpyrazone

Sulphonal; alkyl sulphonals

Suprarenal gland medulla, the active principles of; their salts; except when contained in preparations intended for external application only or in inhalants, rectal preparations or preparations intended for use in the eye

Syrosingopine

Tetrabenazine; its salts

Thalidomide; its salts

Thyroid gland, the active principles of; their salts

Tolbutamide

Tribromethyl alcohol

2, 2, 2-Trichloroethyl alcohol, esters of; their salts

Trimipramine; its salts

Troxidone

Zoxazolamine; its salts.

Rule 15(2)

SCHEDULE 5

PART A

Form to which the substances specified are restricted when sold by listed sellers of Part II poisons

Poison	*Form to which sale is restricted*
Arsenical substances—	
Arsenious oxide	Sheep dips, sheep washes
Arsenic sulphides	Sheep dips, sheep washes
Calcium arsenates	Preparations for use in agriculture or horticulture
Calcium arsenites	Agricultural and horticultural insecticides or fungicides
Copper acetoarsenite	Agricultural and horticultural insecticides or fungicides
Copper arsenates	Agricultural and horticultural insecticides or fungicides
Copper arsenites	Agricultural and horticultural insecticides or fungicides
Lead arsenates	Agricultural and horticultural insecticides or fungicides
Sodium arsenates	Sheep dips, sheep washes
Sodium thioarsenates	Sheep dips, sheep washes
Barium carbonate	Preparations for the destruction of rats or mice
Dinitrocresols (DNOC); their compounds with a metal or a base	Preparations for use in agriculture or horticulture
Dinosam; its compounds with a metal or a base	Preparations for use in agriculture or horticulture
Dinoseb; its compounds with a metal or a base	Preparations for use in agriculture or horticulture
Endosulfan	Preparations for use in agriculture or horticulture
Endothal; its salts	Preparations for use in agriculture or horticulture
Endrin	Preparations for use in agriculture or horticulture
Mercurial substances—	
Mercuric chloride	Agricultural and horticultural fungicides, seed and bulb dressings, insecticides
Mercuric iodide	Agricultural and horticultural fungicides, seed and bulb dressings
Organic compounds of mercury	Agricultural and horticultural fungicides, seed and bulb dressings, solutions containing not more than five per cent., weight in volume, of phenyl mercuric acetate for use in swimming baths
Metallic oxalates other than potassium quadroxalate	Photographic solutions or materials
Nitrobenzene	Agricultural and horticultural insecticides; substances for the treatment of bee disease; ointments for the treatment of animals
Organo-tin compounds, the following:—	
Compounds of fentin	Preparations for use in agriculture or horticulture

Poison	*Form to which sale is restricted*
Phosphorus compounds, the following:—	
Amiton	Preparations for use in agriculture or horticulture
Azinphos-ethyl	
Azinphos-methyl	
Demeton-O	
Demeton-S	
Dichlorvos	
Diethyl 4-methyl-7-coumarinyl phosphorothionate	
Diethyl *p*-nitrophenyl phosphate	
Dimefox	
Disulfoton	
Ethion	
Ethyl *p*-nitrophenyl phenylphosphonothionate	
Mazidox	
Mecarbam	
Mevinphos	
Mipafox	
Oxydemeton-methyl	
Parathion	
Phenkapton	
Phorate	
Phosphamidon	
Schradan	
Sulfotep	
TEPP (HETP)	
Thionazin	
Triphosphoric pentadimethylamide	
Vamidothion	
Zinc phosphide	Preparations for the destruction of rats or mice

PART B

Poisons which may be sold by listed sellers of Part II poisons only to persons engaged in the trade or business of agriculture or horticulture and for the purpose of that trade or business

Arsenical poisons other than lead arsenates, calcium arsenates and copper acetoarsenite

Dinitrocresols (DNOC); their compounds with a metal or a base; except winter washes containing not more than the equivalent of five per cent. of dinitrocresols

Dinosam; its compounds with a metal or a base

Dinoseb; its compounds with a metal or a base

Mercuric chlorides; mercuric iodides; organic compounds of mercury; except solutions containing not more than five per cent., weight in volume, of phenyl mercuric acetate for use in swimming baths

Organo-tin compounds, the following:—
Compounds of fentin

Phosphorus compounds, the following:—
Amiton
Azinphos-ethyl
Azinphos-methyl
Demeton-O
Demeton-S
Dichlorvos

Diethyl 4-methyl-7-coumarinyl phosphorothionate
Diethyl *p*-nitrophenyl phosphate
Dimefox
Disulfoton
Ethion
Ethyl *p*-nitrophenyl phenylphosphonothionate
Mazidox
Mecarbam
Mevinphos
Mipafox, except in the form of a cap on a stick or wire
Oxydemeton-methyl
Parathion
Phenkapton
Phorate
Phosphamidon
Schradan
Sulfotep
Thionazin
Triphosphoric pentadimethylamide
Vamidothion

Rules 19(3) and 20(2)

SCHEDULE 6

Statement of particulars permitted in certain cases as to proportion of poison

Name of Poison	*Particulars*
Alkaloids	
Aconite, alkaloids of	The proportion of any one alkaloid of aconite that the preparation would be calculated to contain on the assumption that all the alkaloids of aconite in the preparation were that alkaloid.
Belladonna, alkaloids of Calabar bean, alkaloids of Coca, alkaloids of Colchicum, alkaloids of Ephedra, alkaloids of Ergot, alkaloids of Gelsemium, alkaloids of Jaborandi, alkaloids of Lobelia, alkaloids of Pomegranate, alkaloids of Quebracho, alkaloids of, other than the alkaloids of red quebracho Sabadilla, alkaloids of Solanaceous alkaloids not otherwise included in the Poisons List Stavesacre, alkaloids of Veratrum, alkaloids of Yohimba, alkaloids of	The same as above, with the substitution for the reference to aconite of a reference to belladonna, calabar bean or such other of the said poisons as the case may require.
Antimonial poisons	The proportion of antimony trioxide (Sb_2O_3) or antimony pentoxide (Sb_2O_5) that the preparation would be calculated to contain on the assumption that the antimony (Sb) in the poison had been wholly converted into antimony trioxide or antimony pentoxide as the case may be.

Name of Poison	*Particulars*
Arsenical poisons	The proportion of arsenic trioxide (As_2O_3) or arsenic pentoxide (As_2O_5) that the preparation would be calculated to contain on the assumption that the arsenic (As) in the poison had been wholly converted into arsenic trioxide or arsenic pentoxide as the case may be.
Barium, salts of	The proportion of one particular barium salt which the preparation would be calculated to contain on the assumption that the barium (Ba) in the poison had been wholly converted into that salt.
Digitalis, glycosides of; other active principles of digitalis	The number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation.
Hydrocyanic acid; cyanides; double cyanides of mercury and zinc	The proportion of hydrocyanic acid (HCN) that the preparation would be calculated to contain on the assumption that the cyanides in the poison had been wholly converted into hydrocyanic acid.
Insulin	The number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation.
Lead, compounds of, with acids from fixed oils	The proportion of lead oxide (PbO) that the preparation would be calculated to contain on the assumption that the lead in the poison had been wholly converted into lead oxide.
Mercury, organic compounds of	The proportion of organically-combined mercury (Hg) contained in the preparation.
Nux Vomica	The proportion of strychnine contained in the preparation.
Opium	The proportion of morphine contained in the preparation.
Phenols	The proportion of phenols (added together) contained in the preparation.
Compounds of a phenol with a metal	The proportion of phenols (added together) that the preparation would be calculated to contain on the assumption that the compounds of phenols with a metal had been wholly converted into the corresponding phenols.

Name of Poison	*Particulars*
Pituitary gland, the active principles of	Either— (*a*) the number of units of activity as defined in the British Pharmacopoeia contained in a specified quantity of the preparation; or (*b*) the proportion of pituitary gland, or of anterior or of posterior lobe of the gland, as the case may be, contained in the preparation; or (*c*) the amount of pituitary gland, or of anterior or of posterior lobe of the gland, as the case may be, from which a specified quantity of the preparation was obtained together with an indication whether the amount relates to fresh or to dried gland substance.
Potassium hydroxide	The proportion of potassium monoxide (K_2O) which the preparation would be calculated to contain on the assumption that the potassium hydroxide in the preparation had been wholly converted into potassium monoxide.
Sodium hydroxide	The proportion of sodium monoxide (Na_2O) which the preparation would be calculated to contain on the assumption that the sodium hydroxide in the preparation had been wholly converted into sodium monoxide.
Strophanthus, glycosides of	The amount of Standard Tincture of Strophanthus as defined in the British Pharmacopoeia 1948 which possesses the same activity as a specified quantity of the preparation when assayed by the method described in the said Pharmacopoeia.
Suprarenal gland medulla, the active principles of; their salts	Either— (*a*) the proportion of suprarenal gland or of the medulla of the gland, as the case may be, contained in the preparation; or (*b*) the amount of suprarenal gland or of the medulla of the gland, as the case may be, from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or to dried gland substance.

Name of Poison	*Particulars*
Thyroid gland, the active principles of; their salts	Either— (*a*) the proportion of thyroid gland contained in the preparation; or (*b*) the amount of thyroid gland from which a specified quantity of the preparation was obtained, together with an indication whether the amount relates to fresh or to dried gland.

SCHEDULE 7

Rule 21(1)

Indication of character of article prescribed for the purposes of section 18(1)(*c*)(iii) *of the Act*

1. To be labelled with the words " *Caution. It is dangerous to take this preparation except under medical supervision.*":—

Medicines made up ready for the internal treatment of human ailments and containing insulin.

2. To be labelled with the words " *Caution. It is dangerous to exceed the stated dose.*":—

Medicines (other than medicines containing insulin and medicines mentioned in paragraph 9 of this Schedule) made up ready for the internal treatment of human ailments except in the case of a substance included in Schedule 1.

3. To be labelled with the words " *Poison. For animal treatment only.*":—

Medicines made up ready for the treatment of animals.

4. To be labelled with the words " *Caution. This preparation may cause serious inflammation of the skin in certain persons and should be used only in accordance with expert advice.*":—

Preparations for the dyeing of hair containing phenylene diamines, tolylene diamines or other alkylated-benzene diamines or their salts.

5. To be labelled with the words " *Caution. This substance is caustic.*":—

Potassium hydroxide, sodium hydroxide, and articles containing either of those substances.

6. To be labelled with the words " *Caution. This substance is poisonous. The inhalation of its vapour, mist, spray or dust may have harmful consequences. It may also be dangerous to let it come into contact with the skin or clothing.*":—

Dinitrocresols (DNOC); their compounds with a metal or a base; except preparations for the treatment of human ailments and except winter washes containing not more than the equivalent of five per cent. of dinitrocresols.

Dinosam, its compounds with a metal or a base
Dinoseb, its compounds with a metal or a base
Endothal; its salts
Endrin
Endosulfan
Fluoroacetamide; fluoroacetanilide
Organic compounds of mercury in aerosols
Organo-tin compounds, the following:—
  Compounds of fentin
Phosphorus compounds, the following:—
  Amiton
  Azinphos-ethyl
  Azinphos-methyl
  Demeton-O
  Demeton-S
  Dichlorvos
  Diethyl 4-methyl-7-coumarinyl phosphorothionate
  Diethyl *p*-nitrophenyl phosphate

Dimefox
Disulfoton
Ethion
Ethyl-*p*-nitrophenyl phenylphosphonothionate
Mazidox
Mecarbam
Mevinphos
Mipafox
Oxydemeton-methyl
Parathion
Phenkapton
Phorate
Phosphamidon
Schradan
Sulfotep
TEPP (HETP)
Thionazin
Triphosphoric pentadimethylamide
Vamidothion

7. To be labelled with the words "*Caution. This preparation should be administered only under medical supervision. The vapour is dangerous.*":—

Medicines made up ready for the internal or external treatment of human ailments and containing dyflos.

8. To be labelled with the words "*Caution. This substance is poisonous. Inhalation of the powder is dangerous. It is also dangerous to let the substance come into contact with the skin or clothing.*":—

Monofluoroacetic acid; its salts.

9. To be labelled with the words "*Caution. This may cause drowsiness. If affected, do not drive or operate machinery.*":—

Medicines made up ready for the internal treatment of human ailments if the poison is one of the following:—

Anti-histamine substances, the following: their salts; their molecular compounds:—

Antazoline
Bromodiphenhydramine
Buclizine
Carbinoxamine
Chlorcyclizine
Chlorpheniramine
Cinnarizine
Clemizole
Cyclizine
Cyproheptadine
3-Di-*n*-butylaminomethyl-4, 5, 6-trihydroxyphthalide
Diphenhydramine
Diphenylpyraline
Doxylamine
Isothipendyl
Mebhydrolin
Meclozine
Phenindamine
Pheniramine
Phenyltoloxamine
Promethazine
Pyrrobutamine
Thenalidine
Tolpropamine
Triprolidine
Substances being tetra-substituted N derivatives of ethylenediamine or propylenediamine.

SCHEDULE 8

Rule 27

Poisons required to be specially labelled for transport

Arsenical poisons

Barium, salts of

Dinitrocresols (DNOC), their compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture, except winter washes containing not more than the equivalent of five per cent. of dinitrocresols.

Dinosam, its compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture.

Dinoseb, its compounds with a metal or a base, when contained in preparations for use in agriculture or horticulture.

Endosulfan

Endothal; its salts

Endrin

Fluoroacetamide; fluoroacetanilide

Hydrocyanic acid; cyanides

Monofluoroacetic acid; its salts

Nicotine, except in solid preparations containing less than four per cent. of nicotine

Organo-tin compounds, the following:—

Compounds of fentin

Phosphorus compounds, the following:—

Amiton
Azinphos-ethyl
Azinphos-methyl
Demeton-O
Demeton-S
Demeton-O-methyl
Demeton-S-methyl
Dichlorvos
Diethyl 4-methyl-7-coumarinyl phosphorothionate
Diethyl *p*-nitrophenyl phosphate
Dimefox
Disulfoton
Ethion
Ethyl *p*-nitrophenyl phenylphosphonothionate
Mazidox
Mecarbam
Mevinphos
Mipafox
Oxydemeton-methyl
Parathion
Phenkapton
Phorate
Phosphamidon
Schradan
Sulfotep
TEPP (HETP)
Thionazin
Triphosphoric pentadimethylamide
Vamidothion

Strychnine

Thallium, salts of

Rule 32(1)

SCHEDULE 9

Form of application for entry in the list kept by a local authority under section 21 of the Act

PHARMACY AND POISONS ACT 1933
(23 & 24 GEO. 5. c. 25)

Form of application by a person to have his name entered in a local authority's list of persons entitled to sell poisons included in Part II of the Poisons List

To the { Town Clerk / Clerk of the County Council } of .....

I, ...
being engaged in the business of.....
hereby apply to have my name entered in the list kept in pursuance of section 21 of the above Act in respect of the following premises, namely,.....
.....
.....
.....
.....
as a person entitled to sell from those premises poisons included in Part II of the Poisons List.

I hereby nominate.....
.....
to act as my deputy (deputies) for the sale of poisons in accordance with Rule 15(1) of the Poisons Rules 1966.

Signature of applicant.....

Date.....

This space is for the use of the local authority.
.....
.....

.....

Rule 32(3)

SCHEDULE 10

Form of the list to be kept by a local authority in pursuance of section 21(1) of the Act

PHARMACY AND POISONS ACT 1933
(23 & 24 Geo. 5. c. 25)

List of persons entitled to sell poisons in Part II of the Poisons List

Full Name	Address of premises	Description of business carried on at the premises	Name of deputy (or deputies) permitted to sell

SCHEDULE 11

Rule 33(1)

Certificate for the purchase of a poison

For the purposes of section 18(2)(*a*)(i) of the Pharmacy and Poisons Act 1933, I, the undersigned, a householder occupying (*a*).....
hereby certify from my knowledge of (*b*)..... of (*a*).....
that he is a person to whom (*c*)..... may properly be supplied.

I further certify that (*d*)..... is the signature of the said (*b*).....

.....
Signature of householder giving certificate.

Date.....

(*a*) Insert full postal address.
(*b*) Insert full name of intending purchaser.
(*c*) Insert name of poison.
(*d*) Intending purchaser to sign his name here.

Endorsement required by Rule 33 *of the Poisons Rules* 1966 *to be made by a police officer in charge of a police station when, but only when, the householder giving the certificate is not known to the seller of the poison to be a responsible person of good character.*

I hereby certify that in so far as is known to the police of the district in which *.....resides he is a responsible person of good character.

Signature of Police Officer.....
Rank.....
In charge of Police Station at.....
Date.....

Office Stamp of Police Station.

* Insert full name of householder giving the certificate.

Rule 34

SCHEDULE 12

Form of entry to be made in the book to be kept by sellers of poisons in accordance with section 18(2)(b) of the Act .

Date of Sale	Name and quantity of poison supplied	Purchaser's			Purpose for which stated to be required	Date of certificate (if any)	Name and address of person giving certificate (if any)	Signature of purchaser or, where a signed order is permitted by the Poisons Rules 1966, the date of the signed order
		Name	Address	Business, trade or occupation				

SCHEDULE 13

Rule 17

Forms of authority for purchasing strychnine for killing moles and seals

FORM A

Authority for the purchase of strychnine for killing moles

For the purposes of Rule 17 of the Poisons Rules 1966, I hereby authorise (*a*)..... to purchase within three months from the date hereof (*b*).....of strychnine for the purpose of killing moles.

.....

Signature of

Delete words which do not apply.

- A person authorised by the Minister of Agriculture, Fisheries and Food/Secretary of State for Scotland.
- Chairman / Secretary of the ..... Agricultural Executive Committee.

Date.....

(*a*) Insert full name of intending purchaser.
(*b*) Insert amount authorised to be purchased which must not exceed four ounces.

FORM B

Authority for the purchase of strychnine for killing seals

Authority No. .....

For the purposes of Rule 17 of the Poisons Rules 1966, I, being a person duly authorised by the Secretary of State, hereby authorise (*a*).....
..... to purchase within three months of the date hereof (*b*) ..... of strychnine for the purpose of killing seals at (*c*) .....

Signature .....

Department .....

Date .....

(*a*) Insert full name of intending purchaser.
(*b*) Insert amount authorised to be purchased which must not exceed four ounces.
(*c*) Insert name of place or places where the strychnine may be used.

Rule 17

SCHEDULE 14

Forms of certificate authorising the purchase of monofluoroacetic acid, a salt thereof, fluoroacetamide or fluoroacetanilide as a rodenticide

FORM A

Certificate authorising the purchase of monofluoroacetic acid, a salt thereof, fluoroacetamide or fluoroacetanilide as a rodenticide for use by employees of a local authority or a port health authority (in Scotland, port local authority).

For the purposes of Rule 17 of the Poisons Rules 1966, I hereby certify that (*a*)..... of (*b*) ..... is required for use by employees of (*c*)..... as a rodenticide in (*d*)..... situated at (*e*).....

.....

Signature of Medical Officer of Health of

(*c*) .....

Date.....

(*a*) Insert quantity required.

(*b*) Insert " monofluoroacetic acid " or the salt thereof, or fluoroacetamide or fluoroacetanilide as the case may require.

(*c*) Insert the name of the authority in question.

(*d*) State " ships " or " sewers " as the case may require.

(*e*) State the situation of the ships or sewers as the case may require.

FORM B

Certificate authorising the purchase of monofluoroacetic acid, a salt thereof, fluoroacetamide or fluoroacetanilide as a rodenticide by persons carrying on, or by the employees of a body of persons carrying on, a business of pest control.

For the purposes of Rule 17 of the Poisons Rules 1966, I hereby certify that (*a*)..... of (*b*)..... is required for use by (*c*) [employees of] ..... (*d*) as a rodenticide in (*e*)..... situated at (*f*).....

.....

Signature of
Medical Officer of Health of (*g*) .....
A person duly authorised by the Ministry of Agriculture, Fisheries and Food
(*h*).....Officer of the Department of Agriculture for Scotland

Date.....

(*a*) Insert quantity required.

(*b*) Insert " monofluoroacetic acid " or the salt thereof, or fluoroacetamide or fluoroacetanilide as the case may require.

(*c*) Delete where necessary.

(*d*) Insert name of person, or, as the case may be, body of persons, carrying on a business of pest control.

(*e*) State " ships " or " sewers " as the case may require.

(*f*) State the situation of the ships or sewers as the case may require.

(*g*) Insert the name of the authority in question.

(*h*) Insert rank held in the Department of Agriculture for Scotland.

SCHEDULE 15

Rule 7

Substances in which poison is exempted by Rule 7 from section 18(2) of the Act

Poison	*Substances in which exempted*
Nicotine	Agricultural and horticultural insecticides consisting of nicotine dusts containing not more than four per cent., weight in weight, of nicotine.

SCHEDULE 16

Rule 16

Poisons required to be coloured in certain cases

Arsenical poisons
Fluoroacetamide; fluoroacetanilide
Monofluoroacetic acid; its salts
Organo-tin compounds, the following:—
  Compounds of fentin
Phosphorus compounds, the following:—
  Azinphos-ethyl
  Azinphos-methyl
  Dichlorvos
  Ethion
  Mecarbam
  Mevinphos
  Oxydemeton-methyl
  Phenkapton
  Phosphamidon
  Thionazin
  Vamidothion

The Poisons (No. 2) Rules 1964 ...	S.I. 1964/1437 (1964 III, p. 3341).
The Poisons Rules 1965	S.I. 1965/1150 (1965 II, p. 3243).

EXPLANATORY NOTE

(*This Note is not part of the Rules.*)

These Rules consolidate with amendments the Rules specified in Schedule 17. The principal amendments are consequential upon the addition of various substances to the Poisons List now made by the Poisons List Order 1966 (S.I. 1966/708), appropriate insertions being made in Schedules 1, 3, 4, 5, 7, 8 and 16. In addition, provision is made for prohibiting the sale or supply by retail of lysergide and psilocybin except to medical practitioners, and of embutramide and mebezonium iodide except to registered veterinary surgeons and practitioners, and except in each case to certain other persons and institutions (Rule 17(4) and (5)). Bottles containing a single dose of ophthalmic solution are in certain circumstances not required to be fluted (Rule 24(1)(*b*)). The substances in which nicotine is exempted from the Pharmacy and Poisons Act 1933 and these Rules are extended to include soap based preparations and aerosols with a small nicotine content (Schedule 3).
