Made - - - -	19*th February* 1965
Laid before Parliament	1*st March* 1965
Coming into Operation	2*nd March* 1965

The Minister of Housing and Local Government, after consultation with the local authority and the associations of local authorities with whom consultation appeared to him to be desirable, in exercise of his powers under section 58 of the Rating and Valuation Act 1925(a) (which applies in Greater London by virtue of section 63(1) of the London Government Act 1963(b)) and of all other powers enabling him in that behalf, hereby makes the following rules:—

2. Rules 3 to 12 shall apply in relation to rates made by the councils of county boroughs, London boroughs and county districts in respect of any period beginning on or after 1st April 1965.

3.—(1) The Interpretation Act 1889(c) applies to the interpretation of these rules as it applies to the interpretation of an Act of Parliament.

(2) In these rules "the Act" means the Rating and Valuation Act 1925 and "rate" means a general rate, including any amount levied together with, and as an additional item of, a general rate.

(3) In these rules, unless the context otherwise requires, references to any enactment shall be construed as references to that enactment as amended, extended or applied by or under any other enactment.

4. Subject to the provisions of any enactment and of rules 5 to 12, a demand note for a rate shall be in the form set out in Part I, Part II, Part III, Part IV or Part V, as the case may be, of Schedule 1 hereto, or a form substantially to the like effect, and the rating authority shall enter therein the specified particulars and information.

5. Except in the cases described in rules 6(1) and 7 or any other case covered by a resolution under section 67(1) of the London Government Act 1963, separate entries shall be made in a demand note in respect of every authority from whom a precept has been received by the rating authority.

6.—(1) In the case of a county district partly within the Metropolitan Police District where the rating authority have resolved that the aggregate of the expenses of the metropolitan police and the police expenses (within the meaning of section 57 of the Police Act 1964(d)) chargeable on parts

and rule 4 shall have effect accordingly.

7. and rule 4 shall have effect accordingly.

8.—(1) As regards hereditaments in respect of which an allowance may be claimed under section 11(1)(*a*) or (2) of the Act, the rating authority shall—

(*a*) in any case where an amount is due from an owner in respect of a group of two or more hereditaments, in lieu of entering the particulars as specified in the form, enter those particulars in a schedule in respect of each such group (such schedule being in the form set out in Part I, Part II or Part III, as the case may be, of Schedule 2 hereto and being attached to the statement of rates due) and enter, in the statement of rates due, references to such schedule and the total amount of rates shown by the schedule to be due and information with respect to the allowance which may be claimed, and

(*b*) in any other case, in preparing the statement of rates due, insert in it information with respect to the allowance which may be claimed.

(2) The rating authority may, if they think fit, make use of a schedule in the manner provided by the last preceding paragraph in any case where a person undertakes to pay the rates in respect of two or more hereditaments but is not entitled to claim any allowance referred to in the said paragraph.

9. The particulars of items shall include, in addition to the services specified in the form—

(*a*) any service or group of services for which a separate fund account is kept by the rating authority;

(*b*) subject to the provisions of rules 6 and 7, any service separately set out in a precept received from any authority; and

(*c*) any service which the rating authority think it fit to include.

For the purposes of this paragraph the expression " separate fund account " includes—

(i) in relation to expenses chargeable on part only of a rating area, the separate account or accounts of such expenses;

(ii) in relation to any service for which by law separate accounts are required to be kept, the separate revenue account therefor.

10. In calculating the amount to be shown for the purposes of any service or group of services, there shall be included any sums required for repayment of, or for interest on, moneys borrowed for that service or group of services.

11. Where the aggregate amount in the pound which would otherwise have been levied by the rating authority has been varied in order to give effect to any differential rating requirements to which effect has to be given by the rating authority, a note shall be made in the statement showing the extent of, and the reason for, such variation.

12. A rating authority may include in a demand note for a general rate a demand for any other rate, rent or charge.

13. The Rate-demands Rules 1958(a) are hereby revoked, except in so far as they apply in relation to rates made in respect of any period beginning before 1st April 1965.

EXPLANATORY NOTE

(This Note is not part of the Rules, but is intended to indicate their general purport.)

These Rules, which supersede the Rate-demands Rules 1958, prescribe new forms of demand notes to be used by the councils of county boroughs, London boroughs and county districts. The forms for the London boroughs are new. The other forms have been revised—

(*a*) to take account, in the areas adjoining Greater London, of provisions of the London Government Act 1963;

(*b*) to enable rating authorities to take advantage of mechanisation.
